UBS INVESTMENT BANK

Under this Euro Note Programme (the "**Programme**"), UBS AG (the "**Issuer**") (acting through its head offices in Basel and Zurich ("**UBS Head Office**") or its London branch ("**UBS AG London Branch**"), Jersey branch ("**UBS AG Jersey Branch**"), Australian branch ("**UBS AG Australia Branch**"), Hong Kong branch ("**UBS AG Hong Kong Branch**"), or any of its other branches outside Switzerland as it may from time to time determine (each a "**Branch**")) may from time to time issue notes (the "**Notes**") denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below). The Issuer together with its subsidiaries is referred to herein as "**UBS AG (consolidated)**" or "**UBS AG Group**"; UBS Group AG, which is the holding company of the Issuer, the Issuer and the subsidiaries of both companies are referred to herein as "**UBS**", "**UBS Group**", "**UBS Group AG (consolidated)**" or the "**Group**".

This base prospectus (the "**Base Prospectus**") has been approved by the Central Bank of Ireland (the "**Central Bank**"), as competent authority under Regulation (EU) 2017/1129 (the "**Prospectus Regulation**"), as a base prospectus issued in compliance with the Prospectus Regulation for the purpose of giving information with regard to the Notes issued under the Programme described in this Base Prospectus during the period of 12 months after the date hereof (such approval, the "**Central Bank Approval**"). The Central Bank has only approved this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such an approval should not be considered as an endorsement of the Issuer nor as an endorsement of the quality of the Notes that are the subject of the Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes. Such approval relates only to Notes issued under the Programme within 12 months after the date hereof and which are to be admitted to trading on the regulated market (the "**Regulated Market**") of the Irish Stock Exchange plc trading as Euronext Dublin ("**Euronext Dublin**") or other regulated markets for the purposes of Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments (as amended, "**MiFID II**") or which are to be offered to the public in any member state of the European Economic Area (the "**EEA**"). There can be no assurance that any such admission to trading will be obtained. Application has been made to Euronext Dublin for Notes issued under the Programme during the 12 months from the date of this Base Prospectus to be admitted to the official list and trading on the Regulated Market.

Application will be made to list the Notes issued under the Programme on the official list of the Luxembourg Stock Exchange and for Notes to be admitted to trading on the regulated market of the Luxembourg Stock Exchange (*Bourse de Luxembourg*). The Central Bank has been requested to provide the Luxembourg *Commission de Surveillance du Secteur Financier* ("**CSSF**") (in its capacity as Luxembourg's competent authority for the purposes of the Prospectus Regulation) with a certificate of approval attesting that this Base Prospectus has been drawn up in accordance with the Prospectus Regulation.

Application has been made to Euronext Dublin for the approval of this document as Base Listing Particulars (the "**Base Listing Particulars**"). Application has been made to Euronext Dublin for Notes issued under the Programme during the 12 months from the date of this Base Listing Particulars to be admitted to the official list and to trading on the global exchange market (the "**Global Exchange Market**") which is the exchange regulated market of Euronext Dublin. The Global Exchange Market is not a regulated market for the purposes of MiFID II.

In addition, application will be made to list the Notes issued under the Programme on the Luxembourg Stock Exchange's Euro MTF Market. The Luxembourg Stock Exchange's Euro MTF Market is not a "regulated market" for the purposes of MiFID II.

It is expected that this Base Prospectus (together with any supplements hereto), together with evidence of the Central Bank Approval, will be filed with SIX Exchange Regulation Ltd as a review body within the meaning of article 52 of the Swiss Financial Services Act of 15 June 2018, as amended (the "**FinSA**", and SIX Exchange Regulation Ltd as a review body, the "**Swiss Review Body**"), for automatic recognition as an approved base prospectus (within the meaning of article 45 of the FinSA) in accordance with article 54(2) of the FinSA. In connection with any such filing, such Swiss Review Body will not review or approve this Base Prospectus (as so supplemented) or any subsequently published supplements hereto. Once this Base Prospectus (together with any supplements hereto) has been so filed and published in accordance with the FinSA, this Base Prospectus (together with any supplements hereto) published from time to time, which supplements, once approved by the Central Bank, will be filed with the Swiss Review Body and published in accordance with the FinSA) may be used, subject to any other applicable requirements under the FinSA or the Swiss Financial Services Ordinance of 6 November 2019, as amended (the "**FinSO**"), for any public offering of Notes in Switzerland and/or application for the admission to trading of Notes on the SIX Swiss

Exchange or any other trading venue (exchange or multilateral trading facility) in Switzerland. In such case, the relevant Final Terms (as defined below) will be filed with the Swiss Review Body and published in accordance with the FinSA. The Final Terms for any such Notes will not be reviewed or approved by such Swiss Review Body. The Central Bank is not the competent authority and will neither approve nor review the Final Terms in respect of such Notes.

For each issue of Notes under the Programme which will require a prospectus under the Prospectus Regulation, final terms which contain the information required to complete this Base Prospectus for the relevant issue (each a "**Final Terms**"), or a separate prospectus specific to such issue of Notes (each a "**Drawdown Prospectus**"), will be prepared.

For each issue of Notes which will not require a prospectus under the Prospectus Regulation, the relevant pricing supplement specific to such issue of Notes will be prepared using one of the two forms contained in this Base Prospectus (see "*Pro Forma Pricing Supplement*" and "*Pro Forma Alternative Pricing Supplement*" below), as elected by the Issuer (each a "**Pricing Supplement**"). In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus or a Pricing Supplement, each reference herein to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus or Pricing Supplement, unless the context requires otherwise.

Application has been made to the Central Bank for certificates of approval under Article 25 of the Prospectus Regulation as implemented in Ireland to be issued by the Central Bank to the competent authorities in Austria, France, Germany, Luxembourg, the Netherlands and Spain.

In addition to the applications already described above, the Issuer may, on or after the date of this Base Prospectus, make applications for one or more further certificates of approval under Article 25 of the Prospectus Regulation as implemented in Ireland to be issued by the Central Bank to the competent authority in any other Member State.

The Issuer has confirmed to the dealers (the "**Dealers**") named under "*Selling Restrictions*" that this Base Prospectus and/or Base Listing Particulars contains all necessary information with regard to it and its subsidiaries which is (in the context of the Programme or the issue, offering and sale of the Notes) material to an investor for making an informed assessment of the assets and liabilities, profits and losses, financial position and prospects of itself and its subsidiaries of the rights attached to such Notes and the reasons for the issuance of such Notes and the impact of such issuance on itself, as required by the Prospectus Regulation.

The Issuer has also confirmed to the Dealers that such information is true and accurate in all material respects and not misleading; (ii) there are no other facts in relation to the information contained or incorporated by reference in this Base Prospectus/Base Listing Particulars the omission of which would, in the context of the issue of the Notes, make any statement in this Base Prospectus/Base Listing Particulars (as applicable) misleading in any material respect; and (iii) all reasonable enquiries have been made to verify the foregoing.

The Issuer confirms that any information from third party sources has been accurately reproduced and that, so far as it is aware and is able to ascertain from information published by such third party source, no facts have been omitted which would render the reproduced information inaccurate or misleading.

The Issuer accepts responsibility for the information contained in this Base Prospectus/Base Listing Particulars. To the best of the knowledge of the Issuer the information contained in this Base Prospectus/Base Listing Particulars is in accordance with the facts and does not omit anything likely to affect the import of such information.

UBS AG is both acting as the Issuer and acting as Dealers (through UBS AG and UBS AG London Branch) under the Programme. UBS Europe SE and UBS Securities LLC are wholly owned subsidiaries of UBS AG and are acting as Dealers under the Programme. Consequently, UBS AG as the Issuer is a "related issuer" of UBS AG, UBS AG London Branch, UBS Europe SE and UBS Securities LLC within the meaning of the Canadian National Instrument 33-105 Underwriting Conflicts in connection with a distribution of the Notes in which such entity is acting as a Dealer. The determination of the terms of the distribution will be negotiated between the Issuer and the relevant Dealers at the time of an issuance of Notes under the Programme.

UBS AG Australia Branch is regulated as a foreign authorised deposit-taking institution ("**Foreign ADI**") for the purposes of the Banking Act of Australia 1959 ("**Australian Banking Act**"). The depositor protection provisions of Division 2 of Part II of the Australian Banking Act do not apply to the Issuer (including UBS AG Australia Branch). The Notes are neither "protected accounts" nor "deposit liabilities" within the meaning of the Australian Banking Act. However, under section 11F of the Australian Banking Act, if the Issuer (whether in or outside Australia) suspends payment or becomes unable to meet its obligations, the assets of the Issuer in Australia are to be available to meet its liabilities in Australia (including where those liabilities are in respect of the Notes) in priority to all other liabilities of the Issuer. Further, under section 86 of the Reserve Bank Act 1959 of Australia, debts due by the Issuer to the Reserve Bank of Australia shall in a winding-up of the Issuer have priority over all other debts of the Issuer.

On 5 March 2018, the Financial Sector Legislation Amendment (Crisis Resolution Powers and Other Measures) Act 2018 of Australia (the "**Crisis Management Act**") came into effect. The Crisis Management Act amends the Australian Banking Act (among other statutes applicable to financial institutions in Australia) and is intended to enhance the powers of the Australian Prudential Regulation Authority ("**APRA**"). Specifically, the Crisis Management Act enhances APRA's powers to facilitate the orderly resolution of the entities it regulates, including Foreign ADIs, in times of distress.

Under the Australian Banking Act as amended by the Crisis Management Act, APRA may appoint a Banking Act statutory manager (as defined in the Australian Banking Act) to a Foreign ADI (of which UBS AG Australia Branch is one) in certain circumstances, including where APRA considers that the Foreign ADI may become unable to meet its obligations or may suspend payment and where certain steps have been taken to appoint an external administrator (or similar) in respect of the Foreign ADI in a foreign country. APRA's powers to appoint a Banking Act statutory manager do not apply to the business of a Foreign ADI (other than the Australian business assets and liabilities) or the management of the Foreign ADI to the extent that the management relates to such business of the foreign ADI.

WARNING: The contents of this document have not been reviewed by any regulatory authority in Hong Kong. Investors are advised to exercise caution in relation to any offer of Notes. If an investor is in any doubt about any of the contents of this document, the investor should obtain independent professional advice.

BENCHMARK REGULATION

Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 (the "**Benchmark Regulation**"). If any such reference rate does constitute such a benchmark, the relevant Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("**ESMA**") pursuant to Article 36 (*Register of administrators and benchmarks*) of the Benchmark Regulation. Transitional provisions in the Benchmark Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the Final Terms. The registration status of any administrator under the Benchmark Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the relevant Final Terms to reflect any change in the registration status of the administrator.

IMPORTANT INFORMATION RELATING TO PUBLIC OFFERS OF NOTES

Certain Tranches of Notes with a denomination of less than EUR100,000 (or its equivalent in any other currency) may, subject as provided below, be offered in any Member State (as defined herein) in circumstances where there is no exemption from the obligation under the Prospectus Regulation to publish a prospectus. Any such offer is referred to in this Base Prospectus as a "**Public Offer**".

This Base Prospectus has been prepared on a basis that permits Public Offers of Notes in Ireland, Austria, France, Germany, Luxembourg, the Netherlands and Spain (each a "**Public Offer Jurisdiction**" and together, the "**Public Offer Jurisdictions**"). Any person making or intending to make a Public Offer of Notes on the basis of this Base Prospectus must do so only with the Issuer's consent - see "*Consent given in accordance with Article 5.1 of the Prospectus Regulation*" below.

If, after the date of this Base Prospectus the Issuer intends to add one or more Member States to the list of Public Offer Jurisdictions for any purpose, the Issuer will prepare a supplement to this Base Prospectus

specifying such Member State(s) and any relevant additional information required by the Prospectus Regulation. Such supplement will also set out provisions relating to the consent of the Issuer to the use of this Base Prospectus in connection with any Public Offer in any such additional Public Offer Jurisdiction.

Consent given in accordance with Article 5.1 of the Prospectus Regulation

In the context of any Public Offer of Notes in a Public Offer Jurisdiction, the Issuer accepts responsibility, in that Public Offer Jurisdiction, for the content of this Base Prospectus in relation to any person (an "Investor") who purchases any Notes in that Public Offer Jurisdiction made by a Dealer or an Authorised Offeror (as defined below), where that offer is made during the Offer Period (as defined below).

Except in the circumstances described below, the Issuer has not authorised the making of any offer by any offeror and the Issuer has not consented to the use of this Base Prospectus by any other person in connection with any offer of Notes in any jurisdiction. Any offer made without the consent of the Issuer is unauthorised and neither the Issuer nor, for the avoidance of doubt, any of the Dealers accepts any responsibility or liability in relation to such offer or for the actions of the persons making any such unauthorised offer.

If, in the context of a Public Offer, an Investor is offered Notes by a person which is not an Authorised Offeror, the Investor should check with such person whether anyone is responsible for this Base Prospectus for the purpose of the relevant Public Offer and, if so, who that person is. If an Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents, the Investor should take legal advice.

Consent

The Issuer consents and (in connection with subparagraph (b)(i) below) offers to grant its consent, to the use of this Base Prospectus (as supplemented at the relevant time, if applicable) in connection with any Public Offer of a Tranche of Notes in the Public Offer Jurisdictions specified in the relevant Final Terms during the Offer Period specified in the relevant Final Terms by:

(a) *Specific consent*

- (i) the Manager(s) specified in the relevant Final Terms;

- (iii) any other financial intermediary appointed after the date of the relevant Final Terms and whose name is published on the website of Euronext Dublin (<https://live.euronext.com/en/markets/dublin>) by way of announcement and identified as an Authorised Offeror in respect of the relevant Public Offer; and

(b) *General consent*

- (i) if General Consent is specified in the relevant Final Terms as applicable, any other financial intermediary which (a) is authorised to make such offers under MiFID II; and (b) accepts such offer by publishing on its website the following statement (with the information in square brackets duly completed with the relevant information) (the "Acceptance Statement"):

"We, [specify name of financial intermediary], refer to the offer of [specify title of the Notes] (the "Notes") described in the Final Terms dated [specify date] (the "Final Terms") published by [ISSUER] (the "Issuer"). In consideration of the Issuer offering to grant its consent to our use of the Base Prospectus (as defined in the Final Terms) in connection with the offer of the Notes in [specify Member State(s)] during the Offer Period in accordance with the Authorised Offeror Terms (as specified in the Base Prospectus), we accept the offer by the Issuer. We confirm that we are authorised under MiFID II to make, and are using the Base Prospectus in connection with, the Public Offer accordingly. Terms used herein and otherwise not defined shall have the same meaning as given to such terms in the Base Prospectus."

Any financial intermediary falling within subparagraph (b)(i) above who wishes to use this Base Prospectus in connection with a Public Offer as set out above is required, for the duration of the relevant Offer Period, to publish on its website the Acceptance Statement.

The consent referred to above relates to Offer Periods occurring within 12 months from the date of this Base Prospectus.

Common conditions to consent

The conditions to the consent of the Issuer are (in addition to the conditions described in either subparagraph (a) or subparagraph (b) under "Consent" above) that such consent:

- (a) is only valid in respect of the relevant Tranche of Notes;
- (b) is only valid during the Offer Period specified in the relevant Final Terms; and
- (c) only extends to the use of this Base Prospectus to make Public Offers of the relevant Tranche of Notes in such of the Public Offer Jurisdictions as are specified in the relevant Final Terms.

Authorised Offerors

The financial intermediaries referred to in subparagraphs (a)(ii) and (iii) and (b)(i) above are together referred to herein as the "Authorised Offerors".

Arrangements between an Investor and the Authorised Offeror who will distribute the Notes

Neither the Issuer nor, for the avoidance of doubt, any of the Managers has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to such Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between that Authorised Offeror and such Investor including as to price, allocations and settlement arrangements (the "Terms and Conditions of the Public Offer"). The Issuer will not be a party to any such arrangements with such Investor and, accordingly, this Base Prospectus does not, and any Final Terms will not, contain such information. The Terms and Conditions of the Public Offer shall be provided to such Investor by that Authorised Offeror at the time the offer is made. None of the Issuer or, for the avoidance of doubt, any of the Managers or other Authorised Offerors has any responsibility or liability for such information.

UNAUTHORISED INFORMATION

The Issuer has not authorised the making of any representation, or the provision of information, regarding the Issuer or the Notes other than as contained in this Base Prospectus/Base Listing Particulars or the relevant Final Terms or as approved for such purpose by the Issuer. Any such representation or information should not be relied upon as having been authorised by the Issuer, the Dealers or any of them.

Neither this Base Prospectus/Base Listing Particulars nor any other information supplied in connection with the Programme or any Notes (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation or constituting an invitation or offer by the Issuer or any of the Dealers, that any recipient of this Base Prospectus/Base Listing Particulars or any other information supplied in connection with the Programme or any Notes, should subscribe for or purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Base Prospectus/Base Listing Particulars nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer by or on behalf of the Issuer or any of the Dealers to any person to subscribe for or to purchase any Notes.

RESTRICTIONS ON DISTRIBUTION

The distribution of this Base Prospectus/Base Listing Particulars and any Final Terms and the offer, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus/Base Listing Particulars comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus/Base Listing Particulars or any Final Terms and other offering material relating to the Notes, see "*Selling Restrictions*" and the relevant Final Terms. Neither this Base Prospectus/Base Listing Particulars nor any Final Terms may be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such an offer or solicitation.

This Base Prospectus/Base Listing Particulars has not been, nor will be, lodged with the Australian Securities and Investments Commission and is not a 'prospectus' or other 'disclosure document' for the purposes of the Corporations Act.

NOTICE TO PROSPECTIVE INVESTORS IN THE UNITED STATES

The Notes have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), or with any securities regulatory authority of any state or other jurisdiction of the United States, and may include Notes in bearer or uncertificated form that are subject to United States tax law requirements. Accordingly, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

The Notes are being offered and sold (A) in registered form in the United States to "qualified institutional buyers" ("**QIBs**") only (as defined in Rule 144A under the Securities Act ("**Rule 144A**")) in reliance on Rule 144A and/or (B) in registered, bearer or uncertificated form outside the United States to non-U.S. persons only (as defined in Regulation S under the Securities Act ("**Regulation S**")) in reliance on Regulation S, **provided that** Notes eligible for sale in the United States to QIBs and to persons that are not U.S. persons in reliance on Regulation S will be in registered form and will initially be represented by a single unified global note (a "**Unified Global Note**"). Prospective purchasers are hereby notified that sellers of the Notes may be relying on the exemption from the provisions of section 5 of the Securities Act provided by Rule 144A. See "*Selling Restrictions*".

THE NOTES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION, ANY STATE SECURITIES COMMISSION IN THE UNITED STATES OR ANY OTHER UNITED STATES REGULATORY AUTHORITY, NOR HAVE ANY OF THE FOREGOING AUTHORITIES PASSED UPON OR ENDORSED THE MERITS OF THE OFFERING OF THE NOTES OR THE ACCURACY OR ADEQUACY OF THIS BASE PROSPECTUS/BASE LISTING PARTICULARS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES.

For as long as any of the Notes remain outstanding and are "restricted securities" within the meaning of Rule 144(a)(3) under the Securities Act, the Issuer has agreed that it will, during any period in which it is neither subject to the reporting requirements of Section 13 or 15(d) of the United States Securities Exchange Act of 1934, as amended (the "**Exchange Act**"), nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder, furnish, upon request, to any person in whose name such restricted securities are registered, to any owner of a beneficial interest in such restricted securities, and to any prospective purchaser of such restricted securities or beneficial interest therein designated by any such person or beneficial owner, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

IMPORTANT – EEA RETAIL INVESTORS

If the relevant Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation.

Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**EU PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS

If the relevant Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the "**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**EUWA**"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the "**FSMA**") and any rules or regulations made under the FSMA which were relied on immediately before exit day to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

The Final Terms, or elsewhere as deemed appropriate, in respect of any Notes may include a legend entitled "MiFID II product governance", which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

PRODUCT GOVERNANCE UNDER UK MIFIR / TARGET MARKET

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR product governance rules set out in the UK Financial Conduct Authority (the "**FCA**") Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MIFIR Product Governance Rules.

The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR Product Governance", which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the UK MiFIR Product Governance Rules is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

PRODUCT CLASSIFICATION PURSUANT TO SECTION 309B OF THE SECURITIES AND FUTURES ACT 2001 (2020 REVISED EDITION) OF SINGAPORE

The relevant Final Terms in respect of any Notes may include a legend entitled "Singapore Securities and Futures Act Product Classification" which will state the product classification of the Notes pursuant to

section 309B(1) of the Securities and Futures Act 2001 (2020 Revised Edition) of Singapore (as modified or amended from time to time, the "SFA"). The Issuer will make a determination and provide the appropriate written notification to "relevant persons" in relation to each issue about the classification of the Notes being offered for the purposes of section 309B(1)(a) and section 309B(1)(c) of the SFA.

IMPORTANT – NOTES ARE NOT BANK DEPOSITS

The Notes are not bank deposits: An investment in the Notes carries risks which are very different from the risk profile of a bank deposit placed with UBS or its affiliates. The Notes may have different yield, liquidity and risk profiles and would not benefit from any protection provided to deposits.

SUITABILITY OF INVESTMENT

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus/Base Listing Particulars or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the currency in which such investor's financial activities are principally denominated;
- (iv) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and
- (v) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets. For example:
 - a potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the assistance of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio;
 - an investment in Fixed Rate Notes involves the risk that, if market interest rates subsequently increase above the relevant rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes;
 - the market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities; and
 - if the interest or redemption amount of a Tranche of Notes is linked to an index, formula or other variable (each a "**Relevant Factor**") or may be paid in one or more currencies which may be different from the currency in which the Notes are denominated, potential investors in such Notes should be aware of the following and that there is a risk that any investor may lose the value of their entire investment or part of it:
 - (i) the market price of such Notes may be volatile;
 - (ii) they may receive no interest;
 - (iii) payment of principal or interest may occur at a different time or in a different currency than expected;

- (iv) the amount of principal payable at redemption may be less than the nominal amount of such Notes or even zero;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable is likely to be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

NOTES ISSUED AS GREEN BONDS

None of the Dealers accepts any responsibility for any social, environmental and sustainability assessment of any Notes issued as Green Bonds (as defined below in "*Use of Proceeds*") or makes any representation or warranty or assurance whether such Notes will meet any investor expectations or requirements regarding any "green", "sustainable", "social" or similar labels. None of the Dealers is responsible for the use of proceeds for any Notes issued as Green Bonds, or the impact or monitoring of such use of proceeds. No representation or assurance is given by the Dealers as to the suitability or reliability of any opinion or certification of any third party made available in connection with an issue of Notes issued as Green Bonds, nor is any such opinion or certification a recommendation by any Dealer to buy, sell or hold any such Notes. In the event any such Notes are, or are intended to be, listed, or admitted to trading on a dedicated "green", "sustainable", "social" or other equivalently-labelled segment of a stock exchange or securities market, no representation or assurance is given by the Dealers that such listing or admission will be obtained or maintained for the lifetime of the Notes.

STABILISATION

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) acting as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) may over allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules and, in particular, must not be conducted in Australia or on a market operated inside Australia. Any loss or profit sustained as a consequence of any such over-allotment or stabilisation shall, as against the Issuer, be for the account of the Stabilising Manager(s).

RISK FACTORS

The risk factors described in this section relate to issuances of Notes under both this Base Prospectus and this Base Listing Particulars.

Prospective investors should read the entire Base Prospectus/Base Listing Particulars (including any documents incorporated by reference herein). Words and expressions defined in the "Terms and Conditions of the Notes" and "General Terms and Conditions" below or elsewhere in this Base Prospectus/Base Listing Particulars have the same meanings in this section. Investing in the Notes involves certain risks. In addition, the purchase of certain Notes may involve substantial risks and be suitable only for investors who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the risks and the merits of an investment in the Notes. Prospective investors should make such inquiries as they deem necessary without relying on the Issuer or any Dealer and should consult with their financial, tax, legal, accounting and other advisers, prior to deciding to make an investment in the Notes.

Risks relating to UBS

Certain risks, including those described below, may affect UBS AG's ability to execute its strategy or its business activities, financial condition, results of operations and prospects. UBS AG is inherently exposed to multiple risks, many of which may become apparent only with the benefit of hindsight. As a result, risks that UBS AG does not consider to be material or of which UBS AG is not currently aware could also adversely affect UBS. Within each category, the risks that UBS AG considers to be most material are presented first.

The Issuer has assessed materiality on a qualitative basis considering potential magnitude of the negative effects on the Issuer from the occurrence of a risk and the probability of occurrence of that risk. The Issuer believes the risk factors described below represent the principal risks inherent in investing in securities issued by UBS AG as Issuer, but additional risks and uncertainties that are not presently known or that the Issuer currently believes are not material may also adversely affect its ability to execute its strategy or its business activities, financial condition, results of operations and prospects. If any of the risks actually occur, the business, results of operations, financial condition and prospects of the Issuer and the UBS Group could be materially adversely affected.

Market, credit and macroeconomic risks

Performance in the financial services industry is affected by market conditions and the macroeconomic climate

UBS AG's businesses are materially affected by market and macroeconomic conditions. A market downturn and weak macroeconomic conditions can be precipitated by a number of factors, including geopolitical events, such as international armed conflicts, the imposition of sanctions, global trade or global supply chain disruptions, changes in monetary or fiscal policy, changes in trade policies or international trade disputes, significant inflationary or deflationary price changes, disruptions in one or more concentrated economic sectors, natural disasters, pandemics, civil unrest, acts of violence, war or terrorism. Such developments can have unpredictable and destabilising effects.

For example, as a result of the Russian invasion of Ukraine, several jurisdictions, including the US, the EU, the UK, Switzerland and others, have imposed extensive sanctions on Russia and Belarus and certain Russian and Belarusian entities and nationals, as well as the Russian Central Bank. Among others, the financial sanctions include barring certain Russian banks from using the Society for Worldwide Interbank Financial Telecommunication (SWIFT) messaging system, asset freezes for sanctioned individuals and corporations and limits on financial transactions with sanctioned entities and individuals. In addition, the EU and Switzerland have prohibited acceptance of deposits in excess of EUR 100,000 from Russian persons not entitled to residency in the EEA or Switzerland. The war in Ukraine has led to the largest humanitarian crisis in Europe in decades with millions of people displaced, a mass exodus of businesses from Russia, and heightened volatility across global markets. The scale of the conflict and the speed and extent of sanctions may produce many of the effects described above, including in ways that cannot now be anticipated.

Adverse changes in interest rates, credit spreads, securities prices, market volatility and liquidity, foreign exchange rates, commodity prices, and other market fluctuations, as well as changes in investor sentiment,

can affect UBS AG's earnings and ultimately its financial and capital positions. As financial markets are global and highly interconnected, local and regional events can have widespread effects well beyond the countries in which they occur. Any of these developments may adversely affect UBS AG's business or financial results.

If individual countries impose restrictions on cross-border payments, trade, or other exchange or capital controls, or change their currency (for example, if one or more countries should leave the Eurozone or as result of the imposition of sanctions on individuals, entities or countries), UBS AG could suffer losses from enforced default by counterparties, be unable to access its own assets, or be unable to effectively manage its risks.

Should the market experience significant volatility, a decrease in business and client activity and market volumes could result, which would adversely affect UBS AG's ability to generate transaction fees, commissions and margins, particularly in Global Wealth Management and the Investment Bank, as UBS AG experienced in the fourth quarter of 2018. A market downturn would likely reduce the volume and valuation of assets that UBS AG manages on behalf of clients, which would reduce recurring fee income that is charged based on invested assets in Global Wealth Management and Asset Management and performance-based fees in Asset Management. Such a downturn could also cause a decline in the value of assets that UBS AG owns and account for as investments or trading positions. In addition, reduced market liquidity or volatility may limit trading opportunities and may therefore reduce transaction-based income and may also impede the ability of UBS AG to manage risks.

UBS AG could be materially affected if a crisis develops, regionally or globally, as a result of disruptions in markets due to macroeconomic or political developments, or as a result of the failure of a major market participant. Over time, UBS AG's strategic plans have become more heavily dependent on its ability to generate growth and revenue in emerging markets, including China, causing UBS AG to be more exposed to the risks associated with such markets.

Global Wealth Management derives revenues from all the principal regions, but has a greater concentration in Asia than many peers and a substantial presence in the US, unlike many European peers. The Investment Bank's business is more heavily weighted to Europe and Asia than its peers, while its derivatives business is more heavily weighted to structured products for wealth management clients, in particular with European and Asian underlyings. UBS AG's performance may therefore be more affected by political, economic and market developments in these regions and businesses than some other financial service providers.

UBS AG's credit risk exposure to clients, trading counterparties and other financial institutions would increase under adverse or other economic conditions

Credit risk is an integral part of many of UBS AG's activities, including lending, underwriting and derivatives activities. Adverse economic or market conditions, or the imposition of sanctions or other restrictions on clients, counterparties or financial institutions, may lead to impairments and defaults on these credit exposures. Losses may be exacerbated by declines in the value of collateral securing loans and other exposures. In UBS AG's prime brokerage, securities finance and Lombard lending businesses, UBS AG extends substantial amounts of credit against securities collateral, the value or liquidity of which may decline rapidly. Market closures, the imposition of exchange controls, sanctions or other measures may limit the ability of UBS AG to settle existing transactions or to realise on collateral, which may result in unexpected increases in exposures. UBS AG Group's Swiss mortgage and corporate lending portfolios are a large part of its overall lending. UBS AG is therefore exposed to the risk of adverse economic developments in Switzerland, including property valuations in the housing market, the strength of the Swiss franc and its effect on Swiss exports, prevailing negative interest rates applied by the Swiss National Bank, economic conditions within the Eurozone or the EU, and the evolution of agreements between Switzerland and the EU or European Economic Area, which represent Switzerland's largest export market. UBS AG Group has exposures related to real estate in various countries, including a substantial Swiss mortgage portfolio. Although UBS AG believes this portfolio is prudently managed, it could nevertheless be exposed to losses if a substantial deterioration in the Swiss real estate market were to occur.

As UBS experienced in 2020, under the IFRS 9 expected credit loss ("ECL") regime, credit loss expenses may increase rapidly at the onset of an economic downturn as a result of higher levels of credit impairments (stage 3), as well as higher ECL from stages 1 and 2. Substantial increases in ECL could exceed expected loss for regulatory capital purposes and adversely affect UBS's common equity tier 1 ("CET1") capital and regulatory capital ratios.

Interest rate trends and changes could negatively affect UBS AG's financial results

The low or negative interest rate environment, particularly in Switzerland and the Eurozone, may further erode interest margins and adversely affect the net interest income generated by the Personal & Corporate Banking and Global Wealth Management businesses. The Swiss National Bank permits Swiss banks to make deposits up to a threshold at zero interest. Any reduction in or limitation on the use of this exemption from the otherwise applicable negative interest rates would exacerbate the effect of negative interest rates in Switzerland on UBS AG's business.

Low and negative interest rates may also affect customer behaviour and hence UBS AG's overall balance sheet structure. Mitigating actions that UBS AG has taken, or may take in the future, such as the introduction of selective deposit fees or minimum lending rates, have resulted and may further result in the loss of customer deposits (a key source of funding for UBS AG), net new money outflows and a declining market share in UBS AG's Swiss lending business. Interest rates in the US and some other markets are expected to increase as central banks respond to higher inflation. As returns for alternatives to deposits, such as money market funds, increase with interest rates, UBS AG may experience outflows of customer deposits or a higher cost of deposit funding if customers shift from deposits to alternative products.

UBS's shareholders' equity and capital are also affected by changes in interest rates. In particular, the calculation of UBS's Swiss pension plan's net defined benefit assets and liabilities is sensitive to the applied discount rate and to fluctuations in the value of pension plan assets. Any further reduction in interest rates may lower the discount rates and result in pension plan deficits as a result of the long duration of corresponding liabilities. This could lead to a corresponding reduction in UBS's equity and CET1 capital.

UBS AG's results of operations and financial condition may be adversely affected by the COVID-19 pandemic and the response to it

The COVID-19 pandemic and the governmental measures taken to manage it, as well as labour market displacements, supply chain disruptions, and inflationary pressures, may continue to adversely affect global and regional economic conditions, resulting in contraction in the global economy, substantial volatility in the financial markets, crises in markets for goods and services, as well as significant disruptions in certain regional real estate markets, increased unemployment, increased credit and counterparty risk, and operational challenges. Governments and central banks around the world reacted to the economic crisis caused by the pandemic by implementing stimulus and liquidity programs and cutting interest rates, and have begun to phase out pandemic relief. In addition, while vaccination campaigns have had significant success in some regions and a number of economies are recovering, outbreaks in locations where vaccination rates are low or vaccines are unavailable on a large scale, as well as the spread of new variants of COVID-19, create uncertainty around a sustainable recovery. Resurgence of the pandemic, ineffectiveness of vaccines and continuance or imposition of new pandemic control measures may result in additional adverse effects on the global economy negatively affecting UBS's results of operations and financial condition.

The COVID-19 pandemic affected all of UBS's businesses, and these effects could be greater in the future if adverse conditions persist or worsen. These effects included declines in some asset prices, spikes in volatility, inflationary pressures, supply chain disruptions, lower or negative interest rates, widening of credit spreads and credit deterioration. These effects have resulted in decreases in the valuation of loans and commitments, an increase in the allowance for credit losses and lower valuations of certain classes of trading assets. While many of these effects have reversed as economies have reopened and economic stimulus has been maintained, or were offset by high levels of client activity and by improved asset prices in many sectors in 2021, these favourable conditions may not persist. In particular, real estate markets in some regions may be significantly disrupted as a result of repeated temporary closures of business, sheltering-in-place directives, and remote work protocols enacted to respond to seasonal increases in infection rates of COVID-19.

Should inflationary pressures or other adverse global market conditions persist, or should the pandemic lead to additional economic or market disruptions, UBS AG may experience reduced client activity and demand for its products and services, increased utilisation of lending commitments, significantly increased client defaults, continued and increasing credit and valuation losses in UBS AG's loan portfolios, loan commitments and other assets, and impairments of other financial assets.

A fall in equity markets and consequent decline in invested assets would also reduce recurring fee income in UBS's Global Wealth Management and Asset Management businesses. These factors and other consequences of the COVID-19 pandemic may negatively affect its financial condition, including possible constraints on capital and liquidity, as well as a higher cost of capital, and possible downgrades to UBS AG's credit ratings.

The extent to which the pandemic, and the related adverse economic conditions, affect UBS AG's businesses, results of operations and financial condition, as well as its regulatory capital and liquidity ratios, will depend on future developments, including the scope and duration of the pandemic and any recovery period, the adequacy of vaccine distribution plans and execution of those plans, as well as the efficacy of vaccines against potential virus variants, future actions taken by governmental authorities, central banks and other third parties in response to the pandemic, and the effects on UBS's customers, counterparties, employees and third-party service providers.

Currency fluctuation may have an adverse effect on UBS AG's profits, balance sheet and regulatory capital

UBS AG is subject to currency fluctuation risks. Although the change from the Swiss franc to the US dollar as its functional and presentation currency in 2018 reduces UBS AG's exposure to currency fluctuation risks with respect to the Swiss franc, a substantial portion of its assets and liabilities are denominated in currencies other than the US dollar. Additionally, in order to hedge UBS AG's CET1 capital ratio, its CET1 capital must have foreign currency exposure, which leads to currency sensitivity. As a consequence, it is not possible to simultaneously fully hedge both the amount of capital and the capital ratio. Accordingly, changes in foreign exchange rates may adversely affect UBS AG's profits, balance sheet and capital, leverage and liquidity coverage ratios.

Regulatory and legal risks

Material legal and regulatory risks arise in the conduct of UBS AG's business

As a global financial services firm operating in more than 50 countries, UBS AG is subject to many different legal, tax and regulatory regimes, including extensive regulatory oversight, and is exposed to significant liability risk. UBS AG is subject to a large number of claims, disputes, legal proceedings and government investigations, and UBS AG expects that its ongoing business activities will continue to give rise to such matters in the future. The extent of UBS AG's financial exposure to these and other matters is material and could substantially exceed the level of provisions that UBS AG has established. UBS AG is unable to predict the financial and non-financial consequences these matters may have when resolved.

UBS AG may be subject to adverse preliminary determinations or court decisions that may negatively affect public perception and its reputation, result in prudential actions from regulators, and cause it to record additional provisions for such matters even when it believes it has substantial defences and expects to ultimately achieve a more favourable outcome. This risk is illustrated by the award of aggregate penalties and damages of EUR 4.5 billion by the court of first instance in France. This award was reduced to an aggregate of EUR 1.8 billion by the Court of Appeal, and UBS has further appealed this judgment.

Resolution of regulatory proceedings may require UBS AG to obtain waivers of regulatory disqualifications to maintain certain operations; may entitle regulatory authorities to limit, suspend or terminate licenses and regulatory authorisations; and may permit financial market utilities to limit, suspend or terminate UBS AG's participation in them. Failure to obtain such waivers, or any limitation, suspension or termination of licenses, authorisations or participations, could have material adverse consequences for UBS AG.

UBS AG's settlements with governmental authorities in connection with foreign exchange, London Interbank Offered Rate ("LIBOR") and other benchmark interest rates starkly illustrate the significantly increased level of financial and reputational risk now associated with regulatory matters in major jurisdictions. In connection with investigations related to LIBOR and other benchmark rates and to foreign exchange and precious metals, very large fines and disgorgement amounts were assessed against UBS, and it was required to enter guilty pleas despite its full cooperation with the authorities in the investigations, and despite its receipt of conditional leniency or conditional immunity from anti-trust authorities in a number of jurisdictions, including the US and Switzerland.

For a number of years UBS AG has been, and continues to be, subject to a very high level of regulatory scrutiny and to certain regulatory measures that constrain its strategic flexibility. UBS AG believes it has

remediated the deficiencies that led to significant losses in the past and made substantial changes in its controls and conduct risk frameworks to address the issues highlighted by the LIBOR-related, foreign exchange and precious metals regulatory resolutions. UBS AG has also undertaken extensive efforts to implement new regulatory requirements and meet heightened expectations.

UBS AG continues to be in active dialogue with regulators concerning the actions it is taking to improve its operational risk management, risk control, anti-money laundering, data management and other frameworks, and otherwise seek to meet supervisory expectations, but there can be no assurance that its efforts will have the desired effects. As a result of this history, UBS AG's level of risk with respect to regulatory enforcement may be greater than that of some of its peers.

Substantial changes in regulation may adversely affect UBS AG's businesses and its ability to execute its strategic plans

Since the financial crisis of 2008, UBS AG has been subject to significant regulatory requirements, including recovery and resolution planning, changes in capital and prudential standards, changes in taxation regimes as a result of changes in governmental administrations, as well as new and revised market standards and fiduciary duties. Notwithstanding attempts by regulators to align their efforts, the measures adopted or proposed for banking regulation differ significantly across the major jurisdictions, making it increasingly difficult to manage a global institution. In addition, Swiss regulatory changes with regard to such matters as capital and liquidity have often proceeded more quickly than those in other major jurisdictions, and Switzerland's requirements for major international banks are among the strictest of the major financial centres. This could put Swiss banks, such as UBS AG, at a disadvantage when competing with peer financial institutions subject to more lenient regulation or with unregulated non-bank competitors.

UBS AG's implementation of additional regulatory requirements and changes in supervisory standards, as well as its compliance with existing laws and regulations, continues to receive heightened scrutiny from supervisors. If UBS AG does not meet supervisory expectations in relation to these or other matters, or if additional supervisory or regulatory issues arise, it would likely be subject to further regulatory scrutiny as well as measures that may further constrain its strategic flexibility.

Resolvability and resolution and recovery planning: UBS AG has moved significant operations into subsidiaries to improve resolvability and meet other regulatory requirements, and this has resulted in substantial implementation costs, increased its capital and funding costs and reduced operational flexibility. For example, UBS AG has transferred all of its US subsidiaries under a US intermediate holding company to meet US regulatory requirements, and has transferred substantially all the operations of Personal & Corporate Banking and Global Wealth Management booked in Switzerland to UBS Switzerland AG to improve resolvability.

These changes create operational, capital, liquidity, funding and tax inefficiencies. UBS AG's operations in subsidiaries are subject to local capital, liquidity, stable funding, capital planning and stress testing requirements. These requirements have resulted in increased capital and liquidity requirements in affected subsidiaries, which limit UBS AG's operational flexibility and negatively affect its ability to benefit from synergies between business units and to distribute earnings to the UBS AG Group.

Under the Swiss too-big-to-fail ("TBTF") framework, UBS is required to put in place viable emergency plans to preserve the operation of systemically important functions in the event of a failure. Moreover, under this framework and similar regulations in the US, the UK, the EU and other jurisdictions in which UBS operates, it is required to prepare credible recovery and resolution plans detailing the measures that would be taken to recover in a significant adverse event or in the event of winding down the Group or the operations in a host country through resolution or insolvency proceedings. If a recovery or resolution plan that UBS produces is determined by the relevant authority to be inadequate or not credible, relevant regulation may permit the authority to place limitations on the scope or size of its business in that jurisdiction, or oblige it to hold higher amounts of capital or liquidity or to change its legal structure or business in order to remove the relevant impediments to resolution.

Capital and prudential standards: As an internationally active Swiss systemically relevant bank (an "SRB"), UBS AG is subject to capital and total loss-absorbing capacity ("TLAC") requirements that are among the most stringent in the world. Moreover, many of UBS AG's subsidiaries must comply with minimum capital, liquidity and similar requirements and, as a result, UBS AG has contributed a significant portion of its capital and provides substantial liquidity to these subsidiaries. These funds are available to

meet funding and collateral needs in the relevant entities, but are generally not readily available for use by the UBS AG Group as a whole.

UBS AG expects its risk-weighted assets ("**RWA**") to further increase as the effective date for additional capital standards promulgated by the Basel Committee on Banking Supervision (the "**BCBS**") draws nearer.

Increases in capital and liquidity standards could significantly curtail UBS's ability to pursue strategic opportunities or to return capital to shareholders.

Market regulation and fiduciary standards: UBS AG's wealth and asset management businesses operate in an environment of increasing regulatory scrutiny and changing standards with respect to fiduciary and other standards of care and the focus on mitigating or eliminating conflicts of interest between a manager or advisor and the client, which require effective implementation across the global systems and processes of investment managers and other industry participants. For example, UBS AG has made material changes to its business processes, policies and the terms on which it interacts with these clients in order to comply with the U.S. Securities and Exchange Commission's (the "**SEC**") Regulation Best Interest, which is intended to enhance and clarify the duties of brokers and investment advisers to retail customers, the Volcker Rule, which limits UBS AG's ability to engage in proprietary trading, as well as changes in European and Swiss market conduct regulation. Future changes in the regulation of its duties to customers may require UBS AG to make further changes to its businesses, which would result in additional expense and may adversely affect UBS AG's business. UBS AG may also become subject to other similar regulations substantively limiting the types of activities in which it may engage or the way it conducts its operations.

In many instances, UBS AG provides services on a cross-border basis, and is therefore sensitive to barriers restricting market access for third-country firms. In particular, efforts in the EU to harmonise the regime for third-country firms to access the European market may have the effect of creating new barriers that adversely affect its ability to conduct business in these jurisdictions from Switzerland. In addition, a number of jurisdictions are increasingly regulating cross-border activities based on determinations of equivalence of home country regulations, substituted compliance or similar principles of comity. A negative determination with respect to Swiss equivalence could limit UBS AG's access to the market in those jurisdictions and may negatively influence its ability to act as a global firm. For example, the EU declined to extend its equivalence determination for Swiss exchanges, which lapsed as of 30 June 2019.

UBS AG experienced cross-border outflows over a number of years as a result of heightened focus by fiscal authorities on cross-border investment and fiscal amnesty programs, in anticipation of the implementation in Switzerland of the global automatic exchange of tax information, and as a result of the measures UBS AG has implemented in response to these changes. Further changes in local tax laws or regulations and their enforcement, additional cross-border tax information exchange regimes, national tax amnesty or enforcement programs or similar actions may affect UBS AG's clients' ability or willingness to do business with it and could result in additional cross-border outflows.

If UBS experiences financial difficulties, FINMA has the power to open restructuring or liquidation proceedings or impose protective measures in relation to UBS Group AG, UBS AG or UBS Switzerland AG, and such proceedings or measures may have a material adverse effect on UBS's shareholders and creditors

Under the Swiss Federal Act on Banks and Savings Banks of 8 November 1934, as amended (the "**Swiss Banking Act**"), the Swiss Financial Market Supervisory Authority FINMA ("**FINMA**") is able to exercise broad statutory powers with respect to Swiss banks and Swiss parent companies of financial groups, such as UBS Group AG, UBS AG and UBS Switzerland AG, if there is justified concern that the entity is over-indebted, has serious liquidity problems or, after the expiration of any relevant deadline, no longer fulfils capital adequacy requirements. Such powers include ordering protective measures, instituting restructuring proceedings (and exercising any Swiss resolution powers in connection therewith), and instituting liquidation proceedings, all of which may have a material adverse effect on shareholders and creditors or may prevent UBS Group AG, UBS AG or UBS Switzerland AG from paying dividends or making payments on debt obligations.

UBS would have limited ability to challenge any such protective measures, and creditors and shareholders would also have limited ability under Swiss law or in Swiss courts to reject them, seek their suspension, or challenge their imposition, including measures that require or result in the deferment of payments.

If restructuring proceedings are opened with respect to UBS Group AG, UBS AG or UBS Switzerland AG, the resolution powers that FINMA may exercise include the power to: (i) transfer all or some of the assets, debt and other liabilities, and contracts of the entity subject to proceedings to another entity; (ii) stay for a maximum of two business days (a) the termination of, or the exercise of rights to terminate, netting rights, (b) rights to enforce or dispose of certain types of collateral or (c) rights to transfer claims, liabilities or certain collateral, under contracts to which the entity subject to proceedings is a party; and / or (iii) partially or fully write down the equity capital and regulatory capital instruments and, if such regulatory capital is fully written down, write down or convert into equity the other debt instruments of the entity subject to proceedings. Shareholders and creditors would have no right to reject, or to seek the suspension of, any restructuring plan pursuant to which such resolution powers are exercised. They would have only limited rights to challenge any decision to exercise resolution powers or to have that decision reviewed by a judicial or administrative process or otherwise.

Upon full or partial write-down of the equity and regulatory capital instruments of the entity subject to restructuring proceedings, the relevant shareholders and creditors would receive no payment in respect of the equity and debt that is written down, the write-down would be permanent, and the investors would likely not, at such time or at any time thereafter, receive any shares or other participation rights, or be entitled to any write-up or any other compensation in the event of a potential subsequent recovery of the debtor. If FINMA orders the conversion of debt of the entity subject to restructuring proceedings into equity, the securities received by the investors may be worth significantly less than the original debt and may have a significantly different risk profile. In addition, creditors receiving equity would be effectively subordinated to all creditors of the restructured entity in the event of a subsequent winding up, liquidation or dissolution of the restructured entity, which would increase the risk that investors would lose all or some of their investment.

FINMA has significant discretion in the exercise of its powers in connection with restructuring proceedings. Furthermore, certain categories of debt obligations, such as certain types of deposits, are subject to preferential treatment. As a result, holders of obligations of an entity subject to a Swiss restructuring proceeding may have their obligations written down or converted into equity even though obligations ranking on par with such obligations are not written down or converted.

UBS AG may be unable to fully realise its sustainability, climate, environmental and social goals which could damage its business prospects, reputation and lead to increased regulatory scrutiny and increased risk of litigation

UBS AG has set ambitious goals for environmental, social and governance matters. These goals include UBS AG's ambitions for environmental sustainability in its operations, including carbon emissions, in the business UBS does with clients and in products that it offers. They also include goals or ambitions for diversity in UBS AG's workforce and supply chain, and support for the United Nations Sustainable Development Goals. There is substantial uncertainty as to the scope of actions that may be required of UBS AG, governments and others to achieve the goals UBS AG has set, and many of its goals and objectives are only achievable with a combination of government and private action. National and international standards, industry and scientific practices, and regulatory taxonomies and disclosure obligations addressing these matters are in a state of rapid development. Although UBS AG has defined and disclosed its goals based on the standards existing at the time, there can be no assurance that the various ESG regulatory and disclosure regimes under which UBS AG operates will not come into conflict with one another or that the current standards will not be interpreted differently than its understanding or change in a manner that substantially increases the cost or effort for UBS AG to achieve such goals or that such goals may prove to be considerably more difficult or even impossible to achieve. If UBS AG is not able to achieve the goals it has set, or can only do so at significant expense to its business, UBS AG may fail to meet regulatory expectations, incur damage to its reputation or be exposed to risk of litigation or other adverse action.

UBS AG's financial results may be negatively affected by changes to assumptions and valuations, as well as changes to accounting standards

UBS AG prepares its consolidated financial statements in accordance with International Financial Reporting Standards ("IFRS"). The application of these accounting standards requires the use of judgment based on estimates and assumptions that may involve significant uncertainty at the time they are made. This is the case, for example, with respect to the measurement of fair value of financial instruments, the recognition of deferred tax assets, the assessment of the impairment of goodwill, expected credit losses and estimation of provisions for litigation, regulatory and similar matters. Such judgments, including the

underlying estimates and assumptions, which encompass historical experience, expectations of the future and other factors, are regularly evaluated to determine their continuing relevance based on current conditions. Using different assumptions could cause the reported results to differ. Changes in assumptions, or failure to make the changes necessary to reflect evolving market conditions, may have a significant effect on the financial statements in the periods when changes occur. Estimates of provisions may be subject to a wide range of potential outcomes and significant uncertainty. For example, the broad range of potential outcomes in UBS AG's proceeding in France increases the uncertainty associated with assessing the appropriate provision. If the estimates and assumptions in future periods deviate from the current outlook, UBS AG's financial results may also be negatively affected.

Changes to IFRS or interpretations thereof may cause future reported results and financial position to differ from current expectations, or historical results to differ from those previously reported due to the adoption of accounting standards on a retrospective basis. Such changes may also affect UBS AG's regulatory capital and ratios. For example, the introduction of the expected ECL framework under IFRS 9 in 2018 fundamentally changed how credit risk arising from loans, loan commitments, guarantees and certain revocable facilities is accounted for. Under the regime, credit loss expenses may increase rapidly at the onset of an economic downturn as a result of higher levels of credit impairments (stage 3), as well as higher ECL from stages 1 and 2, only gradually diminishing once the economic outlook improves. As UBS AG observed in 2020, this effect may be more pronounced in a deteriorating economic environment. Substantial increases in ECL could exceed expected loss for regulatory capital purposes and adversely affect UBS's CET1 capital and regulatory capital ratios.

UBS AG may be unable to maintain its capital strength

Capital strength enables UBS AG to grow its businesses and absorb increases in regulatory and capital requirements. It reassures its clients and stakeholders, allows UBS AG to maintain its capital return policy and contributes to its credit ratings. UBS AG's capital ratios are driven primarily by RWA, the leverage ratio denominator and eligible capital, all of which may fluctuate based on a number of factors, some of which are outside UBS AG's control. UBS AG's ability to maintain its capital ratios is subject to numerous risks, including the financial results of its businesses, the effect of changes to capital standards, methodologies and interpretations that may adversely affect the calculation of its CET1 ratios, the imposition of risk add-ons or capital buffers, and the application of additional capital, liquidity and similar requirements to subsidiaries. The results of UBS AG's businesses may be adversely affected by events arising from other risk factors described herein. In some cases, such as litigation and regulatory risk and operational risk events, losses may be sudden and large. These risks could reduce the amount of capital available for return to shareholders and hinder UBS AG's ability to achieve its capital returns target of a progressive cash dividend coupled with a share repurchase program.

UBS AG's eligible capital may be reduced by losses recognised within net profit or other comprehensive income. Eligible capital may also be reduced for other reasons, including acquisitions which change the level of goodwill, changes in temporary differences related to deferred tax assets included in capital, adverse currency movements affecting the value of equity, prudential adjustments that may be required due to the valuation uncertainty associated with certain types of positions, changes in regulatory interpretations on the inclusion or exclusion of items contributing to UBS's shareholders equity in regulatory capital, and changes in the value of certain pension fund assets and liabilities or in the interest rate and other assumptions used to calculate the changes in UBS's net defined benefit obligation recognised in other comprehensive income.

RWA are driven by UBS AG's business activities, by changes in the risk profile of its exposures, by changes in its foreign currency exposures and foreign exchange rates, and by regulation. For instance, substantial market volatility, a widening of credit spreads, adverse currency movements, increased counterparty risk, deterioration in the economic environment or increased operational risk could result in an increase in RWA. UBS AG has significantly reduced its market risk and credit risk RWA in recent years. However, increases in operational risk RWA, particularly those arising from litigation, regulatory and similar matters, and regulatory changes in the calculation of RWA, as well as regulatory add-ons to RWA, have offset a substantial portion of this reduction. Changes in the calculation of RWA, the imposition of additional supplemental RWA charges or multipliers applied to certain exposures and other methodology changes, as well as the implementation of the capital standards promulgated by the Basel Committee on Banking Supervision, which are proposed to take effect in 2023, are expected to increase UBS AG's RWA.

The leverage ratio is a balance sheet-driven measure and therefore limits balance sheet-intensive activities, such as lending, more than activities that are less balance sheet intensive, and it may constrain UBS AG's

business even if it satisfies other risk-based capital requirements. UBS AG's leverage ratio denominator is driven by, among other things, the level of client activity, including deposits and loans, foreign exchange rates, interest rates and other market factors. Many of these factors are wholly or partly outside of UBS AG's control.

The effect of taxes on UBS AG's financial results is significantly influenced by tax law changes and reassessments of its deferred tax assets

UBS AG's effective tax rate is highly sensitive to its performance, its expectation of future profitability and any potential increases or decreases in statutory tax rates, such as any potential increase in the US federal corporate tax rate. Further, based on prior years' tax losses, UBS AG has recognised deferred tax assets ("DTAs") reflecting the probable recoverable level based on future taxable profit as informed by UBS AG's business plans. If UBS AG's performance is expected to produce diminished taxable profit in future years, particularly in the US, UBS AG may be required to write down all or a portion of the currently recognised DTAs through the income statement in excess of anticipated amortisation. This would have the effect of increasing UBS AG's effective tax rate in the year in which any write-downs are taken. Conversely, if UBS AG expects the performance of entities in which it has unrecognised tax losses to improve, particularly in the US or the UK, UBS AG could potentially recognise additional DTAs. The effect of doing so would be to reduce UBS AG's effective tax rate in years in which additional DTAs are recognised and to increase its effective tax rate in future years. UBS AG's effective tax rate is also sensitive to any future reductions in statutory tax rates, particularly in the US, which would cause the expected future tax benefit from items such as tax loss carry-forwards in the affected locations to diminish in value. This, in turn, would cause a write-down of the associated DTAs. For example, the reduction in the US federal corporate tax rate to 21 per cent. from 35 per cent. introduced by the US Tax Cuts and Jobs Act ("TCJA") resulted in a USD 2.9 billion net write-down in the Group's DTAs in the fourth quarter of 2017. Conversely, an increase in US corporate tax rates would result in an increase in the Group's DTAs.

UBS AG generally revalues its DTAs in the fourth quarter of the financial year based on a reassessment of future profitability taking into account its updated business plans. UBS AG considers the performance of its businesses and the accuracy of historical forecasts, tax rates and other factors in evaluating the recoverability of its DTAs, including the remaining tax loss carry-forward period and its assessment of expected future taxable profits over the life of DTAs. Estimating future profitability is inherently subjective and is particularly sensitive to future economic, market and other conditions, which are difficult to predict.

UBS AG's results in past years have demonstrated that changes in the recognition of DTAs can have a very significant effect on its reported results. Any future change in the manner in which UBS AG remeasures DTAs could affect UBS AG's effective tax rate, particularly in the year in which the change is made.

UBS AG's full-year effective tax rate could change if aggregate tax expenses in respect of profits from branches and subsidiaries without loss coverage differ from what is expected, or if branches and subsidiaries generate tax losses that UBS AG cannot benefit from through the income statement. In particular, losses at entities or branches that cannot offset for tax purposes taxable profits in other group entities, and which do not result in additional DTA recognition, may increase UBS AG's effective tax rate. In addition, tax laws or the tax authorities in countries where UBS AG has undertaken legal structure changes may cause entities to be subject to taxation as permanent establishments or may prevent the transfer of tax losses incurred in one legal entity to newly organised or reorganised subsidiaries or affiliates or may impose limitations on the utilisation of tax losses that relate to businesses formerly conducted by the transferor. Were this to occur in situations where there were also limited planning opportunities to utilise the tax losses in the originating entity, the DTAs associated with such tax losses may be required to be written down through the income statement.

Changes in tax law may materially affect UBS AG's effective tax rate, and, in some cases, may substantially affect the profitability of certain activities. In addition, statutory and regulatory changes, as well as changes to the way in which courts and tax authorities interpret tax laws, including assertions that UBS AG is required to pay taxes in a jurisdiction as a result of activities connected to that jurisdiction constituting a permanent establishment or similar theory, and changes in its assessment of uncertain tax positions, could cause the amount of taxes it ultimately pays to materially differ from the amount accrued.

Strategy, management and operational risks

Operational risks affect UBS AG's business

UBS AG's businesses depend on its ability to process a large number of transactions, many of which are complex, across multiple and diverse markets in different currencies, to comply with requirements of many different legal and regulatory regimes to which UBS AG is subject and to prevent, or promptly detect and stop, unauthorised, fictitious or fraudulent transactions. UBS AG also relies on access to, and on the functioning of, systems maintained by third parties, including clearing systems, exchanges, information processors and central counterparties. Any failure of UBS AG's or third-party systems could have an adverse effect on UBS AG. These risks may be greater as UBS AG deploys newer technologies, such as blockchain, or products that rely on these technologies. UBS AG's operational risk management and control systems and processes are designed to help ensure that the risks associated with its activities – including those arising from process error, failed execution, misconduct, unauthorised trading, fraud, system failures, financial crime, cyberattacks, breaches of information security, inadequate or ineffective access controls and failure of security and physical protection – are appropriately controlled. If UBS AG's internal controls fail or prove ineffective in identifying and remedying these risks, it could suffer operational failures that might result in material losses, such as the substantial loss it incurred from the unauthorised trading incident announced in September 2011.

As a significant proportion of UBS's staff has been and will continue working from outside the office as a consequence of the COVID-19 pandemic, UBS AG has faced, and will continue to face, new challenges and operational risks, including maintenance of supervisory and surveillance controls, as well as increased fraud and data security risks. While UBS AG has taken measures to manage these risks, such measures have never been tested on the scale or duration that UBS AG is currently experiencing, and there is a risk that these measures will prove not to have been effective in the current unprecedented operating environment.

UBS AG uses automation as part of its efforts to improve efficiency, reduce the risk of error and improve its client experience. UBS AG intends to expand the use of robotic processing, machine learning and artificial intelligence to further these goals. Use of these tools presents its own risks, including the need for effective design and testing; the quality of the data used for development and operation of machine learning and artificial intelligence tools may adversely affect their functioning and result in errors and other operational risks.

For financial institutions, cybersecurity risks have increased due to the widespread use of digital technologies, cloud computing and mobile devices to conduct financial business and transactions. In addition, cyberattacks by hackers, terrorists, criminal organisations, nation states and extremists have also increased in frequency and sophistication. Current geopolitical tensions also may lead to increased risk of cyberattack from foreign state actors. In particular, the Russian invasion of Ukraine and the imposition of significant sanctions on Russia by Switzerland, the US, the EU, the UK and others may result in an increase in the risk of cyberattacks.

UBS AG and other financial services firms have been subject to breaches of security and to cyber- and other forms of attack, some of which are sophisticated and targeted attacks intended to gain access to confidential information or systems, disrupt service or destroy data. These attacks may be attempted through the introduction of viruses or malware, phishing and other forms of social engineering, distributed denial of service attacks and other means. These attempts may occur directly, or using equipment or security passwords of UBS AG's employees, third-party service providers or other users. In addition to external attacks, UBS AG has experienced loss of client data from failure by employees and others to follow internal policies and procedures and from misappropriation of its data by employees and others. UBS AG may not be able to anticipate, detect or recognise threats to its systems or data and its preventative measures may not be effective to prevent an attack or a security breach. In the event of a security breach, notwithstanding its preventative measures, UBS AG may not immediately detect a particular breach or attack. Once a particular attack is detected, time may be required to investigate and assess the nature and extent of the attack. A successful breach or circumvention of security of UBS's systems or data could have significant negative consequences for UBS AG, including disruption of UBS AG's operations, misappropriation of confidential information concerning UBS AG or its customers, damage to its systems, financial losses for UBS AG or its customers, violations of data privacy and similar laws, litigation exposure and damage to UBS AG's reputation. UBS AG may be subject to enforcement actions as regulatory focus on cybersecurity

increases and regulators have announced new rules, guidance and initiatives on ransomware and other cybersecurity-related issues.

UBS AG is subject to complex and frequently changing laws and regulations governing the protection of client and personal data, such as the EU General Data Protection Regulation. Ensuring that UBS AG complies with applicable laws and regulations when it collects, uses and transfers personal information requires substantial resources and may affect the ways in which it conducts its business. In the event that UBS AG fails to comply with applicable laws, it may be exposed to regulatory fines and penalties and other sanctions. UBS AG may also incur such penalties if its vendors or other service providers or clients or counterparties fail to comply with these laws or to maintain appropriate controls over protected data. In addition, any loss or exposure of client or other data may adversely damage UBS AG's reputation and adversely affect its business.

A major focus of US and other countries' governmental policies relating to financial institutions in recent years has been on fighting money laundering and terrorist financing. UBS AG is required to maintain effective policies, procedures and controls to detect, prevent and report money laundering and terrorist financing, and to verify the identity of its clients under the laws of many of the countries in which it operates. UBS AG is also subject to laws and regulations related to corrupt and illegal payments to government officials by others, such as the US Foreign Corrupt Practices Act and the UK Bribery Act. UBS AG has implemented policies, procedures and internal controls that are designed to comply with such laws and regulations. Notwithstanding this, US regulators have found deficiencies in the design and operation of anti-money laundering programs in UBS AG Group's US operations. UBS AG Group has undertaken a significant program to address these regulatory findings with the objective of fully meeting regulatory expectations for its programs. Failure to maintain and implement adequate programs to combat money laundering, terrorist financing or corruption, or any failure of UBS AG Group's programs in these areas, could have serious consequences both from legal enforcement action and from damage to its reputation. Frequent changes in sanctions imposed and increasingly complex sanctions imposed on countries, entities and individuals, as exemplified by the breadth and scope of the sanctions imposed in relation the Russian invasion of Ukraine, increase UBS AG Group's cost of monitoring and complying with sanctions requirements and increase the risk that UBS AG will not identify in a timely manner client activity that is subject to a sanction.

As a result of new and changed regulatory requirements and the changes UBS AG has made in its legal structure, the volume, frequency and complexity of its regulatory and other reporting has remained elevated. Regulators have also significantly increased expectations regarding UBS AG's internal reporting and data aggregation, as well as management reporting. UBS AG has incurred and continues to incur significant costs to implement infrastructure to meet these requirements. Failure to meet external reporting requirements accurately and in a timely manner or failure to meet regulatory expectations of internal reporting, data aggregation and management reporting could result in enforcement action or other adverse consequences for UBS AG.

In addition, despite the contingency plans that UBS AG has in place, its ability to conduct business may be adversely affected by a disruption in the infrastructure that supports its businesses and the communities in which it operates. This may include a disruption due to natural disasters, pandemics, civil unrest, war or terrorism and involve electrical, communications, transportation or other services that UBS AG uses or that are used by third parties with whom UBS AG conducts business.

UBS AG may not be successful in the ongoing execution of its strategic plans

UBS AG has been transformed to focus on its Global Wealth Management business and its universal bank in Switzerland, complemented by Asset Management and a significantly smaller and more capital-efficient Investment Bank; it has substantially reduced the RWA and leverage ratio denominator usage in Group Functions; and made significant cost reductions. Risk remains that going forward UBS AG may not succeed in executing its strategy or achieving its performance targets, or may be delayed in doing so. Macroeconomic conditions, geopolitical uncertainty, changes to regulatory requirements and the continuing costs of meeting these requirements have prompted UBS AG to adapt its targets and ambitions in the past and it may need to do so again in the future.

To achieve its strategic plans, UBS AG expects to continue to make significant expenditures on technology and infrastructure to improve client experience, improve and further enable digital offerings and increase efficiency. UBS AG also may seek to implement its strategy through acquisitions or strategic partnerships

to expand or improve its product offerings or target additional client segments. UBS AG's investments in new technology and its acquisitions and strategic partnerships may not fully achieve its objectives or improve its ability to attract and retain customers. In addition, UBS AG faces competition in providing digitally enabled offerings from both existing competitors and new financial service providers in various portions of the value chain. For example, technological advances and the growth of e-commerce have made it possible for e-commerce firms and other companies to offer products and services that were traditionally offered only by banks. These advances have also allowed financial institutions and other companies to provide digitally based financial solutions, including electronic securities trading, payments processing and online automated algorithmic-based investment advice at a low cost to their customers. UBS AG may have to lower its prices, or risk losing customers as a result. UBS AG's ability to develop and implement competitive digitally enabled offerings and processes will be an important factor in its ability to compete.

As part of its strategy, UBS AG seeks to improve its operating efficiency, in part by controlling costs. UBS AG may not be able to identify feasible cost reduction opportunities that are consistent with its business goals and cost reductions may be realised later or may be smaller than anticipated. Higher temporary and permanent regulatory costs and higher business demand than anticipated have partly offset cost reductions and delayed the achievement of UBS AG's past cost reduction targets, and it could continue to be challenged in the execution of its ongoing efforts to improve operating efficiency.

Changes in UBS AG's workforce as a result of outsourcing, nearshoring, offshoring, insourcing or staff reductions, or changes which arise from the introduction of work from home or other flexible ways of working or agile work methodologies may introduce new operational risks that, if not effectively addressed, could affect its ability to achieve cost and other benefits from such changes, or could result in operational losses.

As UBS AG implements effectiveness and efficiency programs, it may also experience unintended consequences, such as the unintended loss or degradation of capabilities that it needs in order to maintain its competitive position, achieve its targeted returns or meet existing or new regulatory requirements and expectations.

UBS AG depends on its risk management and control processes to avoid or limit potential losses in its businesses

Controlled risk-taking is a major part of the business of a financial services firm. Some losses from risk-taking activities are inevitable, but to be successful over time, UBS AG must balance the risks it takes against the returns generated. Therefore, UBS AG must diligently identify, assess, manage and control its risks, not only in normal market conditions but also as they might develop under more extreme, stressed conditions, when concentrations of exposures can lead to severe losses.

UBS AG has not always been able to prevent serious losses arising from risk management failures and extreme or sudden market events. It recorded substantial losses on fixed-income trading positions in the 2008 financial crisis, in the unauthorised trading incident in 2011 and, more recently, positions resulting from the default of a US prime brokerage client. UBS AG revises and strengthens its risk management and control frameworks to seek to address identified shortcomings. Nonetheless, it could suffer further losses in the future if, for example:

- (a) UBS does not fully identify the risks in its portfolio, in particular risk concentrations and correlated risks;
- (b) UBS AG's assessment of the risks identified, or its response to negative trends, proves to be untimely, inadequate, insufficient or incorrect;
- (c) UBS AG's risk models prove insufficient to predict the scale of financial risks the bank faces;
- (d) markets move in ways that UBS AG does not expect – in terms of their speed, direction, severity or correlation – and its ability to manage risks in the resulting environment is, therefore, affected;
- (e) third parties to whom UBS AG has credit exposure or whose securities it holds are severely affected by events and it suffers defaults and impairments beyond the level implied by its risk assessment; or

- (f) collateral or other security provided by UBS AG's counterparties and clients proves inadequate to cover their obligations at the time of default.

UBS AG also holds legacy risk positions, primarily in Group Functions, that, in many cases, are illiquid and may again deteriorate in value.

UBS AG also manages risk on behalf of its clients. The performance of assets UBS AG holds for its clients may be adversely affected by the same factors mentioned above. If clients suffer losses or the performance of their assets held with UBS AG is not in line with relevant benchmarks against which clients assess investment performance, UBS AG may suffer reduced fee income and a decline in assets under management, or withdrawal of mandates.

Investment positions, such as equity investments made as part of strategic initiatives and seed investments made at the inception of funds that UBS AG manages, may also be affected by market risk factors. These investments are often not liquid and generally are intended or required to be held beyond a normal trading horizon. Deteriorations in the fair value of these positions would have a negative effect on UBS AG's earnings.

UBS AG may not be successful in implementing changes in its wealth management businesses to meet changing market, regulatory and other conditions

In recent years, inflows from lower-margin segments and markets have been replacing outflows from higher-margin segments and markets, in particular for cross-border clients. This dynamic, combined with changes in client product preferences as a result of which low-margin products account for a larger share of UBS AG's revenues than in the past, has put downward pressure on Global Wealth Management's margins.

UBS AG is exposed to possible outflows of client assets in its asset-gathering businesses and to changes affecting the profitability of Global Wealth Management, in particular. Initiatives that UBS may implement to overcome the effects of changes in the business environment on its profitability, balance sheet and capital positions may not succeed in counteracting those effects and may cause net new money outflows and reductions in client deposits, as happened with its balance sheet and capital optimisation program in 2015. There is no assurance that UBS AG will be successful in its efforts to offset the adverse effect of these or similar trends and developments.

UBS AG may be unable to identify or capture revenue or competitive opportunities, or retain and attract qualified employees

The financial services industry is characterised by intense competition, continuous innovation, restrictive, detailed, and sometimes fragmented regulation and ongoing consolidation. UBS AG faces competition at the level of local markets and individual business lines, and from global financial institutions that are comparable to it in their size and breadth, as well as competition from new technology-based market entrants, which may not be subject to the same level of regulation. Barriers to entry in individual markets and pricing levels are being eroded by new technology. UBS AG expects these trends to continue and competition to increase. UBS AG's competitive strength and market position could be eroded if it is unable to identify market trends and developments, does not respond to such trends and developments by devising and implementing adequate business strategies, does not adequately develop or update its technology including its digital channels and tools, or is unable to attract or retain the qualified people needed.

The amount and structure of UBS AG's employee compensation is affected not only by its business results, but also by competitive factors and regulatory considerations.

In response to the demands of various stakeholders, including regulatory authorities and shareholders, and in order to better align the interests of its staff with other stakeholders, UBS has increased average deferral periods for stock awards, expanded forfeiture provisions and, to a more limited extent, introduced clawback provisions for certain awards linked to business performance. UBS has also introduced individual caps on the proportion of fixed to variable pay for the Group Executive Board ("**GEB**") members, as well as certain other employees.

Constraints on the amount or structure of employee compensation, higher levels of deferral, performance conditions and other circumstances triggering the forfeiture of unvested awards may adversely affect UBS's ability to retain and attract key employees, particularly where it competes with companies that are not

subject to these constraints. The loss of key staff and the inability to attract qualified replacements could seriously compromise UBS AG's ability to execute its strategy and to successfully improve its operating and control environment, and could affect its business performance. Swiss law requires that shareholders approve the compensation of the Board of Directors of UBS Group AG (the "**Group Board**") and the GEB each year. If UBS Group AG's shareholders fail to approve the compensation for the GEB or the Group Board, this could have an adverse effect on UBS's ability to retain experienced directors and senior management.

UBS AG's reputation is critical to its success

UBS AG's reputation is critical to the success of its strategic plans, business and prospects. Reputational damage is difficult to reverse, and improvements tend to be slow and difficult to measure. In the past, UBS AG's reputation has been adversely affected by its losses during the financial crisis, investigations into its cross-border private banking services, criminal resolutions of LIBOR-related and foreign exchange matters, as well as other matters. UBS AG believes that reputational damage as a result of these events was an important factor in its loss of clients and client assets across its asset-gathering businesses. New events that cause reputational damage could have a material adverse effect on UBS AG's results of operation and financial condition, as well as its ability to achieve its strategic goals and financial targets.

UBS AG's operating results, financial condition and ability to pay its obligations in the future may be affected by funding, dividends and other distributions received from UBS Switzerland AG, UBS Americas Holding LLC, UBS Europe SE and other subsidiaries, which may be subject to restrictions

UBS AG's ability to pay its obligations in the future may be affected by the level of funding, dividends and other distributions, if any, received from UBS Switzerland AG and other subsidiaries. The ability of such subsidiaries to make loans or distributions, directly or indirectly, to UBS AG may be restricted as a result of several factors, including restrictions in financing agreements and the requirements of applicable law and regulatory, fiscal or other restrictions. In particular, UBS AG's direct and indirect subsidiaries, including UBS Switzerland AG, UBS Americas Holding LLC and UBS Europe SE, are subject to laws and regulations that restrict dividend payments, authorise regulatory bodies to block or reduce the flow of funds from those subsidiaries to UBS AG, or could affect their ability to repay any loans made to, or other investments in, such subsidiary by UBS AG or another member of the UBS AG Group. For example, in the early stages of the COVID-19 pandemic, the European Central Bank ordered all banks under its supervision to cease dividend distributions and the Board of Governors of the Federal Reserve System has limited capital distributions by bank holding companies and intermediate holding companies. Restrictions and regulatory actions of this kind could impede access to funds that UBS AG may need to meet its obligations. In addition, UBS AG's right to participate in a distribution of assets upon a subsidiary's liquidation or reorganisation is subject to all prior claims of the subsidiary's creditors.

Furthermore, UBS AG may guarantee some of the payment obligations of certain of its subsidiaries from time to time. These guarantees may require UBS AG to provide substantial funds or assets to subsidiaries or their creditors or counterparties at a time when UBS AG is in need of liquidity to fund its own obligations.

Liquidity and funding risk

Liquidity and funding management are critical to UBS AG's ongoing performance

The viability of UBS AG's business depends on the availability of funding sources, and its success depends on its ability to obtain funding at times, in amounts, for tenors and at rates that enable it to efficiently support its asset base in all market conditions. UBS AG's funding sources have generally been stable, but could change in the future because of, among other things, general market disruptions or widening credit spreads, which could also influence the cost of funding. A substantial part of UBS AG's liquidity and funding requirements are met using short-term unsecured funding sources, including retail and wholesale deposits and the regular issuance of money market securities. A change in the availability of short-term funding could occur quickly.

The addition of loss-absorbing debt as a component of capital requirements, the regulatory requirements to maintain minimum TLAC at UBS AG's holding company and at subsidiaries, as well as the power of resolution authorities to bail in TLAC and other debt obligations, and uncertainty as to how such powers will be exercised, will increase UBS AG's cost of funding and could potentially increase the total amount of funding required, in the absence of other changes in its business.

Reductions in UBS AG's credit ratings may adversely affect the market value of the securities and other obligations and increase its funding costs, in particular with regard to funding from wholesale unsecured sources, and could affect the availability of certain kinds of funding. In addition, as experienced in connection with Moody's downgrade of UBS AG's long-term debt rating in June 2012, rating downgrades can require UBS AG to post additional collateral or make additional cash payments under trading agreements. UBS AG's credit ratings, together with its capital strength and reputation, also contribute to maintaining client and counterparty confidence, and it is possible that rating changes could influence the performance of some of its businesses.

The requirement to maintain a liquidity coverage ratio of high-quality liquid assets to estimated stressed short-term net cash outflows, and other similar liquidity and funding requirements, oblige UBS AG to maintain high levels of overall liquidity, limit its ability to optimise interest income and expense, make certain lines of business less attractive and reduce its overall ability to generate profits. In particular, UBS AG is subjected to increased liquidity coverage requirements under the direction of FINMA. The liquidity coverage ratio and net stable funding ratio requirements are intended to ensure that UBS AG is not overly reliant on short-term funding and that it has sufficient long-term funding for illiquid assets. The relevant calculations make assumptions about the relative likelihood and amount of outflows of funding and available sources of additional funding in market-wide and firm-specific stress situations. There can be no assurance that in an actual stress situation UBS AG's funding outflows would not exceed the assumed amounts.

RISKS RELATING TO THE NOTES

Risks Relating to the Market Generally

There is no active trading market for the Notes

The Notes issued under the Programme will be a new issue of Notes which may not be widely distributed and for which there is currently no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although applications have been made for the Notes issued under the Programme to be admitted to the Luxembourg Stock Exchange's regulated market, the Euro MTF Market of the Luxembourg Stock Exchange, the regulated market of Euronext Dublin and the Global Exchange Market of Euronext Dublin (as specified in the relevant Final Terms), there is no assurance that such applications will be accepted, that any particular Tranche of Notes will be so admitted, or that an active trading market will develop. Even if an active trading market does develop, it may not be liquid and may not continue for the term of the Notes. In addition, liquidity may be limited if large allocations of a particular Tranche of Notes are made to a limited number of investors. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

In addition, Noteholders should be aware that, in view of the prevailing and widely reported global credit market conditions (which continue at the date hereof), the secondary market for Notes and instruments of this kind may be illiquid. The Issuer cannot predict when these circumstances will change.

Risks Relating to the Notes Generally

If the Issuer experiences financial difficulties, FINMA has the power to open restructuring or liquidation proceedings in respect of, and/or impose protective measures in relation to, the Issuer, which proceedings or measures may have a material adverse effect on the terms and market value of Notes and/or the ability of the Issuer to make payments thereunder

FINMA has broad statutory powers to take measures and actions in relation to the Issuer if (i) it concludes that there is justified concern that the Issuer is over-indebted or has serious liquidity problems or (ii) the Issuer fails to fulfil the applicable capital adequacy requirements (whether on a standalone or consolidated basis) after expiry of a deadline set by FINMA. If one of these pre-requisites is met, FINMA is authorised to open restructuring proceedings or liquidation (bankruptcy) proceedings in respect of, and/or impose protective measures in relation to, the Issuer. The Swiss Banking Act grants significant discretion to FINMA in connection with the aforementioned proceedings and measures. In particular, a broad variety of protective measures may be imposed by FINMA, including a bank moratorium or a maturity postponement,

which measures may be ordered by FINMA either on a stand-alone basis or in connection with restructuring or liquidation proceedings. The resolution regime of the Swiss Banking Act is further detailed in the Ordinance of FINMA on the Insolvency of Banks and Securities Firms of 30 August 2012, as amended (the "Swiss Banking Insolvency Ordinance").

In restructuring proceedings, FINMA, as resolution authority, is competent to approve the restructuring plan. The restructuring plan may, among other things, provide for (a) the transfer of all or a portion of the Issuer's assets, debts, other liabilities and contracts (which may or may not include the contractual relationship between the Issuer and the Noteholders) to another entity, (b) a stay (for a maximum of two business days) on the termination of contracts to which the Issuer is a party, and/or the exercise of (w) rights to terminate, (x) netting rights, (y) rights to enforce or dispose of collateral or (z) rights to transfer claims, liabilities or collateral under contracts to which the Issuer is a party, (c) the conversion of the Issuer's debt and/or other obligations, including its obligations under the Notes, into equity (a "debt-to-equity" swap), and/or (d) the partial or full write-off of obligations owed by the Issuer (a "write-off"), including its obligations under the Notes. The Swiss Banking Insolvency Ordinance provides that a debt-to-equity swap and/or a write-off of debt and other obligations (including the Notes) may take place only after (i) all debt instruments issued by the Issuer qualifying as additional tier 1 capital or tier 2 capital have been converted into equity or written-off, as applicable, and (ii) the existing equity of the Issuer has been fully cancelled. While the Swiss Banking Insolvency Ordinance does not expressly address the order in which a write-off of debt instruments other than debt instruments qualifying as additional tier 1 capital or tier 2 capital should occur, it states that debt-to-equity swaps should occur in the following order: first, all subordinated claims not qualifying as regulatory capital, second, all other claims not excluded by law from a debt-to-equity swap (other than deposits), and third, deposits (in excess of the amount privileged by law). However, given the broad discretion granted to FINMA as the resolution authority, any restructuring plan in respect of the Issuer could provide that the claims under or in connection with the Notes will be partially or fully converted into equity or written-off, while preserving other obligations of the Issuer that rank *pari passu* with, or even junior to, the Issuer's obligations under the Notes. Consequently, the exercise of any such powers by FINMA or any suggestion of any such exercise could materially adversely affect the rights of the Noteholders, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes and could lead to Noteholders losing some or all of the value of their investment in such Notes.

If the Issuer were to be subject to restructuring proceedings, the creditors whose claims are affected by the restructuring plan would not have a right to vote on, reject, or seek the suspension of the restructuring plan. In addition, if a restructuring plan with respect to the Issuer has been approved by FINMA, the rights of a creditor to challenge the restructuring plan or have the restructuring plan reviewed by a judicial or administrative process or otherwise (e.g., on the grounds that the plan would unduly prejudice the Noteholder's rights or otherwise be in violation of the Swiss Banking Act) are very limited. Even if any of the Issuer's creditors were to successfully challenge the restructuring plan in court, the court could only require the relevant creditors to be compensated *ex post* and there is currently no guidance as to on what basis such compensation would be calculated and how it would be funded. Any such challenge (even if successful) would not suspend, or result in the suspension of, the implementation of the restructuring plan.

UBS has made certain structural changes in light of regulatory trends and requirements and the General Terms and Conditions do not contain any restrictions on change of control events or on the Issuer's or UBS's ability to restructure its business

In 2014, UBS began adapting its legal entity structure in response to too-big-to-fail requirements and other regulatory initiatives. First, UBS Group AG was established as the ultimate parent holding company for the Group. In 2015, UBS AG transferred its personal & corporate banking and Swiss-booked wealth management businesses to the newly established UBS Switzerland AG, a banking subsidiary of UBS AG in Switzerland. That same year, UBS Business Solutions AG, a wholly owned subsidiary of UBS Group AG, was established and acts as the Group service company. In 2016, UBS Americas Holding LLC became the intermediate holding company for UBS's US subsidiaries and UBS's wealth management subsidiaries across Europe were merged into UBS Europe SE, UBS's German-headquartered European subsidiary. In 2019, UBS Limited, UBS's UK headquarterd subsidiary, was merged into UBS Europe SE.

The General Terms and Conditions contain no restrictions on change of control events or structural changes, such as consolidations or mergers or demergers of the Issuer or the sale, assignment, spin-off, contribution, distribution, transfer or other disposal of all or any portion of the Issuer's or its subsidiaries' properties or assets in connection with changes to its legal structure or otherwise and no event of default, requirement to

repurchase the Notes or other event will be triggered under the Terms and Conditions of the Notes as a result of such changes. There can be no assurance that such changes, should they occur, would not adversely affect the credit rating of the Issuer and/or increase the likelihood of the occurrence of an event of default. Such changes, should they occur, may adversely affect the Issuer's ability to redeem or pay interest on the Notes (or otherwise fulfil its obligations with respect to the Notes) and/or lead to circumstances in which the Issuer may elect to cancel such interest (if applicable).

Modification and Waiver

The General Terms and Conditions and the Agency Agreement contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally, including (subject to Condition 14(c)) for the passing of resolutions by way of an Extraordinary Resolution, Written Resolution or Electronic Consent (each as defined in the Agency Agreement). These provisions permit defined majorities to bind all Noteholders including such Noteholders who did not attend and vote at the relevant meeting (or did not participate in the process for obtaining the Written Resolution or Electronic Consent) and the Noteholders who voted in a manner contrary to the majority.

Furthermore, pursuant to the Agency Agreement, unless Condition 14(c) applies, regulations may be prescribed by the Issuer without the consent of Noteholders to facilitate the holding of meetings of Noteholders and attendance and voting at them. Such regulations may, with the consent of the Agent, provide for the holding of "virtual meetings", being any meeting held by any form of telephony or electronic platform or facility and which includes, without limitation, telephone and video conference call and application technology systems.

If the relevant Final Terms specifies that Condition 14(c) applies, the Swiss statutory rules on bondholder meetings set forth in article 1157 et seq. of the Swiss Code of Obligations will apply instead of the provisions on bondholder meetings described in paragraphs (a) and (b) of Condition 14 (*Meetings of Noteholders and Modifications of Terms and Conditions; Substitution*). In such case, in particular and based on Swiss law currently in effect, no virtual bondholder meetings will be allowed and any amendments to the Terms and Conditions of the Notes may only be done without the consent of the Noteholders if such consent is not required by mandatory provisions of Swiss law.

No consent or approval of Noteholders is required for a variation or amendment of the Terms and Conditions of the Notes in order to give effect to the provisions of paragraph (C) of Condition 6(b)(iv) (*Interest – Floating Rate – SOFR Notes*), paragraph (D) of Condition 6(b)(vi) (*Interest – Floating Rate – SARON Notes*) and of Condition 6(f) (*Interest – Benchmark Replacement for Floating Rate Notes and Fixed Rate/Floating Rate Notes (other than SOFR Notes)*).

Ratings

Details of the solicited credit ratings assigned by S&P, Moody's and Fitch Ratings to UBS AG can be found in the section of this Base Prospectus headed "*Description of UBS AG*".

Where a rating has been solicited for a particular Tranche of Notes, the applicable rating(s) will be specified in the relevant Final Terms. Where a Tranche of Notes is rated by S&P, Moody's and/or Fitch Ratings, such rating(s) will not necessarily be the same as the rating(s) assigned to UBS AG described in this Base Prospectus or the rating(s) assigned by such credit rating agencies to Notes already issued.

As a result of the CRA Regulation, if the status of the rating agency rating the Notes changes, European regulated investors may no longer be able to use the rating for regulatory purposes and the Notes may have a different regulatory treatment. This may result in European regulated investors selling the Notes which may impact the value of the Notes and any secondary market.

Unsolicited ratings, which may differ from the ratings expected to be assigned by S&P, Moody's and Fitch Ratings, may also be assigned to any Tranche of Notes by other credit rating agencies. Issuance of an unsolicited credit rating which is lower than the ratings assigned by S&P, Moody's and Fitch Ratings may adversely affect the market value and/or liquidity of Notes issued under the Programme.

Any rating assigned to the Notes may not reflect the potential impact of all risks related to structure, market, additional factors discussed in these risk factors, and other factors that may affect the liquidity or market value of the Notes. A credit rating and/or a corporate rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal by the rating agency at any time. Any

adverse change in an applicable credit rating could adversely affect the trading price of, and market for, Notes issued under the Programme.

Payments contingent upon or determined by reference to U.S. source assets or payments may be subject to U.S. withholding

If payments on Notes are linked to one or more securities, or a basket containing one or more securities, issued by a U.S. issuer or to payments on such securities, it is possible that payments of principal, interest or disposition proceeds on the Note may be characterised, in whole or in part, as U.S. source income and may be subject to U.S. income or withholding tax.

In particular, under Section 871(m) of the Code, a 30 per cent. withholding tax is imposed on certain "dividend equivalents" paid or deemed paid to a Non-U.S. Holder with respect to a Tranche of Notes if such Notes are "specified equity-linked instruments" that reference one or more dividend-paying U.S. equity securities. The withholding tax can apply even if such Notes do not provide for payments that reference dividends. The withholding tax applies currently to all dividend equivalents paid or deemed paid on specified equity-linked instruments that have a delta of one ("delta one specified equity-linked instruments") and is scheduled to apply to all dividend equivalents paid or deemed paid on all other specified equity-linked instruments issued after 2022.

The Issuer will determine whether dividend equivalents on the Notes are subject to withholding as of the close of the relevant market(s) on the pricing date and the relevant Final Terms will indicate whether the Notes are specified equity-linked instruments that are subject to withholding on dividend equivalents. If withholding is required, the Issuer (or the applicable paying agent) will withhold 30 per cent. in respect of dividend equivalents paid or deemed paid on the Notes and will not pay any additional amounts with respect to any such taxes withheld. The Issuer will withhold this amount regardless of whether an investor is a United States person (as defined in the U.S. Internal Revenue Code of 1986, as amended) for U.S. federal income tax purposes or a non-United States person that may otherwise be entitled to an exemption of reduction of tax on U.S. source dividend payments pursuant to an income tax treaty.

Even if the Issuer determines that Notes are not specified equity-linked instruments that are subject to withholding on dividend equivalents, it is possible that such Notes could be deemed to be reissued for tax purposes upon the occurrence of certain events affecting the underlying shares or Notes (including, but not limited to, a substitution of the obligor under the Notes), and following such occurrence the Notes could be treated as specified equity-linked instruments that are subject to withholding on dividend equivalent payments. It is also possible that withholding tax or other Section 871(m) tax could apply to the Notes under these rules if a Non-U.S. Holder enters, or has entered, into certain other transactions in respect of the underlying shares. As described above, if withholding is required, the Issuer will withhold 30 per cent. in respect of dividend equivalents paid or deemed paid on the Notes and will not pay any additional amounts with respect to any such taxes withheld.

Additionally, in the event that withholding is required, the Issuer hereby notifies each holder that for the purposes of Section 871(m), the Issuer will withhold in respect of dividend equivalents paid or deemed paid on the Notes on the dividend payment date as described in Treasury regulations section 1.1441-2(e)(4) and section 3.03(B) of the form of Qualified Intermediary Agreement contained in Revenue Procedure 2017-15, as applicable, regardless of whether such investor would otherwise be entitled to an exemption from or reduction of withholding on such payments (e.g., a United States person for U.S. federal income tax purposes or a non-United States person eligible for an exemption from or reduction in withholding pursuant to an income tax treaty). **No assurance can be given that an investor will be able to successfully claim a refund of the tax withheld in excess of the tax rate that would otherwise apply to such payments.**

In the event of any withholding or deductions described above, the Issuer will have no obligation to pay additional amounts or otherwise indemnify a Noteholder for any such withholding or deduction and, therefore, such Noteholder will receive an amount less than it would have otherwise received had no such withholding or deduction of taxes been required.

Holders should consult with their tax advisors regarding their acquisition and ownership of Notes the payments on which are contingent upon or determined by reference to U.S. source assets, in particular, the application of Section 871(m) and the regulations thereunder in respect of such Notes.

Risks Relating to the Structure of the Notes

Risks Relating to Floating Rate Notes and Fixed Rate/Floating Rate Notes

The method pursuant to which the Rate of Interest for any Floating Rate Note and any Fixed Rate/Floating Rate Note is determined may adversely affect the value of and return on such Notes

Certain Reference Rates are deemed to be, or are based on, "benchmarks" that are the subject of ongoing national and international regulatory scrutiny and reforms. Some of these reforms are already effective, while others are still to be formulated or implemented.

As a result, if such a "benchmark" is specified as (or is a component of) the Reference Rate for the purposes of determining the Rate of Interest for a Series of Floating Rate Notes or Fixed Rate/Floating Rate Notes, there can be no guarantee that such Reference Rate will be determined, in the future, on the same basis as at the relevant Issue Date (if at all).

More generally, any of the above mentioned changes or any other consequential changes to any "benchmark" on which interest payments under any Floating Rate Notes or Fixed Rate/Floating Rate Notes are based as a result of international, national, or other proposals for reform or other initiatives or investigations, or any further uncertainty in relation to the timing and manner of implementation of such changes, could have a material adverse effect on the value of and return on such Notes.

Floating Rate Notes and Fixed Rate/Floating Rate Notes (other than SARON Notes and SOFR Notes) – Fallbacks

The Terms and Conditions of the Notes applicable to any Floating Rate Notes or Fixed Rate/Floating Rate Notes (in each case, other than SARON Notes and SOFR Notes) specify an alternative method for determining the Reference Rate if such rate (or any component of such rate) is not available at any relevant time on any relevant date (such alternative method, the **"Fallback Mechanism"**)

The application of the Fallback Mechanism to any such Floating Rate Notes or Fixed Rate/Floating Rate Notes may result in interest payments that are substantially lower than the payments of interest that would have been made if the Reference Rate or any component of such rate (as the case may be) had been available at the relevant time on the relevant date. See also *"Floating Rate Notes and Fixed Rate/Floating Rate Notes (other than SARON Notes and SOFR Notes) – Benchmark Replacement"* below.

Floating Rate Notes and Fixed Rate/Floating Rate Notes (other than SARON Notes and SOFR Notes) – Benchmark Replacement

In the case of any Floating Rate Notes or Fixed Rate/Floating Rate Notes (other than any Series of SARON Notes or SOFR Notes), if the relevant Final Terms specify that Condition 6(f) (*Interest – Benchmark Replacement for Floating Rate Notes and Fixed Rate/Floating Rate Notes (other than SOFR Notes)*) is applicable, and the Issuer (in consultation with the Calculation Agent) determines that a Benchmark Event has occurred in respect of the applicable Reference Rate (the **"Existing Reference Rate"**), then the Issuer shall use reasonable endeavours to appoint an Independent Adviser to determine, in the Independent Adviser's reasonable discretion, a Successor Rate or, alternatively, if the Independent Adviser determines that there is no Successor Rate, an Alternative Reference Rate to the Existing Reference Rate in accordance with the terms of Condition 6(f)(i). If the Issuer is unable to appoint an Independent Adviser or the Independent Adviser appointed by the Issuer fails to determine a Successor Rate or, failing which an Alternative Reference Rate, then the Issuer (in consultation with the Calculation Agent) may make these determinations itself. Any such determination may also result in changes to, amongst other things, the definitions of Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date, Interest Payment Date, and/or Interest Period and/or certain conditions in the Terms and Conditions of the Notes necessary in order to implement the Successor Rate or Alternative Reference Rate (as applicable). See *"Risks Relating to the Notes Generally – Modification and Waiver"*.

Furthermore, if a Successor Rate or Alternative Reference Rate is determined in accordance with the terms of Condition 6(f) (*Interest – Benchmark Replacement for Floating Rate Notes and Fixed Rate/Floating*

Rate Notes (other than SOFR Notes)), the Independent Adviser (in consultation with the Issuer) or the Issuer (following consultation with the Calculation Agent), as the case may be, may also determine whether to apply an Adjustment Spread, which is a spread (which may be positive or negative) or a formula or methodology for calculating any such spread in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders and Couponholders as a result of the replacement of the Existing Reference Rate with the Successor Rate or Alternative Reference Rate.

If it has been determined that a Benchmark Event has occurred in respect of the Existing Reference Rate, but (i) the Issuer is unable to appoint an Independent Adviser or if the Independent Adviser appointed by the Issuer fails to determine a Successor Rate or, failing which, an Alternative Rate, and (ii) the Issuer is unable or unwilling to determine a Successor Rate or, failing which, an Alternative Reference Rate, then the Rate of Interest for the Affected Interest Period will be determined by reference to the Rate of Interest determined as at the last preceding Interest Determination Date (or, in the case of the first Interest Period for Fixed Rate/Floating Rate Notes, will be equal to the Fixed Rate of Interest).

The use of a Successor Rate or Alternative Reference Rate (including the determination to use (or not use) an Adjustment Spread) may result in interest payments that are substantially lower than, or that do not otherwise correlate over time with, the payments that could have been made on such Notes if the Existing Reference Rate remained available in the form it is in on the relevant Issue Date. Furthermore, if the Issuer is unable to appoint an Independent Adviser or if the Independent Adviser appointed by the Issuer fails to determine a Successor Rate or an Alternative Reference Rate, the Issuer may have to exercise its discretion to determine (or to elect not to determine) a Successor Rate or an Alternative Reference Rate in a situation in which it is presented with a conflict of interest.

Any such consequences could have an adverse effect on the value and marketability of, and return on, such Notes.

SOFR Notes – Benchmark Replacement

Pursuant to the General Terms and Conditions, for any Floating Rate Notes and Fixed Rate/Floating Rate Notes that are SOFR Notes, if at any time at which the SOFR Reference Rate is required to be determined, the Issuer or the SOFR Benchmark Replacement Agent (if any) determines that a SOFR Benchmark Transition Event and its related SOFR Benchmark Replacement Date have occurred in respect of SOFR, then the Rate of Interest will no longer be determined by reference to SOFR, but instead will be determined by reference to a different rate, which will be a different benchmark than SOFR (a "**SOFR Benchmark Replacement**"), and will reflect a spread adjustment (a "**SOFR Benchmark Replacement Adjustment**"), as further described in Condition 6(b)(iv) (*Interest – Floating Rate – SOFR Notes*).

In such case, the SOFR Benchmark Replacement will be the rate and spread adjustment that is the first alternative in the rates and spread adjustments described in the definition thereof that can be determined by the Issuer or the SOFR Benchmark Replacement Agent, if any. These rates and spread adjustments may be selected, recommended or formulated by (i) the Relevant Governmental Body (such as the Alternative Reference Rates Committee of the Federal Reserve Bank of New York), (ii) the International Swaps and Derivatives Association, Inc. or (iii) in certain circumstances, the Issuer or the SOFR Benchmark Replacement Agent (if any). In addition, if the Issuer or the SOFR Benchmark Replacement Agent (if any) determine that (A) changes to the definitions of Business Day, Compounded Daily SOFR, Day Count Fraction, Interest Determination Date, Interest Payment Date, Interest Period, Observation Look-Back Period, SOFR Observation Period, SOFR Reference Rate or U.S. Government Securities Business Day or (B) any other technical changes to any other provision of the Terms and Conditions of the Notes that are necessary in order to implement the SOFR Benchmark Replacement, the Terms and Conditions of the Notes expressly authorise the Issuer to amend such definitions and other provisions without the consent or approval of the holders of the Notes. See "*Risks Relating to the Notes Generally – Modification and Waiver*". The determination of a SOFR Benchmark Replacement (including any applicable SOFR Benchmark Replacement Adjustment), the calculation of the Rate of Interest by reference to a SOFR Benchmark Replacement (including the application of a SOFR Benchmark Replacement Adjustment), any amendments to the Terms and Conditions of the Notes as described in Condition 6(b)(iv) determined by the Issuer or the SOFR Benchmark Replacement Agent, as the case may be, to be necessary in order to implement the SOFR Benchmark Replacement and any other determinations, decisions or elections that may be made under the Terms and Conditions of the Notes in connection with a SOFR Benchmark

Transition Event could adversely affect the value of the relevant SOFR Notes, the return on such Notes and the price at which investors can sell such Notes.

Any determination, decision or election described above will be made in the sole discretion of the Issuer or the SOFR Benchmark Replacement Agent (if any). Any exercise of such discretion by the Issuer may present the Issuer with a conflict of interest. In addition, if an affiliate of the Issuer is appointed as the SOFR Benchmark Replacement Agent, any exercise of such discretion by the SOFR Benchmark Replacement Agent may present the Issuer or such affiliate with a conflict of interest.

In addition, (i) the composition and characteristics of the SOFR Benchmark Replacement will not be the same as those of SOFR, the SOFR Benchmark Replacement will not be the economic equivalent of SOFR, there can be no assurance that the SOFR Benchmark Replacement will perform in the same way as SOFR would have at any time and there is no guarantee that the SOFR Benchmark Replacement will be a comparable substitute for SOFR (each of which means that a SOFR Benchmark Transition Event could adversely affect the value of the relevant SOFR Notes, the return on such Notes and the price at which investors can sell the Notes), (ii) any failure of the SOFR Benchmark Replacement to gain market acceptance could adversely affect such Notes, (iii) the SOFR Benchmark Replacement may have a very limited history and the future performance of the SOFR Benchmark Replacement cannot be predicted based on historical performance, (iv) the secondary trading market for notes linked to the SOFR Benchmark Replacement may be limited and (v) the administrator of the SOFR Benchmark Replacement may make changes that could change the value of the SOFR Benchmark Replacement and has no obligation to consider the interests of holders of the Notes in doing so.

Any such consequences could have an adverse effect on the value and marketability of, and return on, such SOFR Notes.

SARON Notes – Benchmark Replacement

Pursuant to the General Terms and Conditions, for any Floating Rate Notes and Fixed Rate/Floating Rate Notes that are SARON Notes, if for any Zurich Banking Day in any SARON Observation Period, the Swiss Average Rate Overnight is no longer representative or may no longer be used or is no longer provided by the SIX Swiss Exchange, the Calculation Agent will use the fallback provisions set out in paragraph (3) of the definition of the term "SARON" of the General Terms and Conditions, which include using the rate, if any, that has been recommended as the replacement for the Swiss Average Rate Overnight by any working group or committee in Switzerland organised in the same or a similar manner as the National Working Group on Swiss Franc Reference Rates that was founded in 2013 for purposes of, among other things, considering proposals to reform reference interest rates in Switzerland. If no such rate has been recommended within one Zurich Banking Day, the Calculation Agent will use the SNB Policy Rate for such Zurich Banking Day in place of the Swiss Average Rate Overnight for purposes of determining SARON Compounded for the relevant Interest Period. These provisions may result in the use of a reference rate that is not the same as the Swiss Average Rate Overnight as at the relevant Issue Date for the calculation of the Rate of Interest for the remainder of the term of the Notes, and such rate may have different characteristics from the Swiss Average Rate Overnight as at the relevant Issue Date, including being based on different periods of time.

The use of a reference rate other than the Swiss Average Rate Overnight in the form it is in on the relevant Issue Date may result in interest payments that are substantially lower than, or that do not otherwise correlate over time with, the payments of interest that would have been made if the Swiss Average Rate Overnight remained available in the same form as it was in as at the relevant Issue Date.

Pursuant to the General Terms and Conditions, in respect of any Floating Rate Notes or Fixed Rate/Floating Rate Notes that are SARON Notes, if the conditions set out in the last paragraph of the definition of the term "SARON" have been satisfied and the relevant Final Terms specify that Condition 6(f) (*Interest – Benchmark Replacement for Floating Rate Notes and Fixed Rate/Floating Rate Notes (other than SOFR Notes)*) is applicable, then the Issuer shall use reasonable endeavours to appoint an Independent Adviser to determine, in the Independent Adviser's reasonable discretion, an alternative reference rate to SARON, which rate shall be such rate as it determines has replaced SARON in customary market usage or, if it determines that no such rate has replaced SARON in customary market usage, such other rate that it reasonably determines is most comparable to SARON in accordance with the terms of Condition 6(f) (*Benchmark Replacement for Floating Rate Notes and Fixed Rate/Floating Rate Notes (other than SOFR Notes)*) (the "**Alternative SARON Reference Rate**"). If the Issuer is not

able to appoint an Independent Adviser or the Independent Adviser appointed by the Issuer fails to determine an Alternative Saron Reference Rate, then the Issuer (in consultation with the Calculation Agent) may make these determinations itself. Any such determination may also result in changes to Condition 6(b)(vi) (*Interest – Floating Rate – Saron Notes*) and/or the definitions of Saron, Saron Observation Period or Zurich Banking Day in order to implement the Alternative Saron Reference Rate. See "*Risks Relating to the Notes Generally – Modification and Waiver*".

Furthermore, if an Alternative Saron Reference Rate is determined by an Independent Adviser or the Issuer in accordance with the terms of Condition 6(f) (*Interest – Benchmark Replacement for Floating Rate Notes and Fixed Rate/Floating Rate Notes (other than SOFR Notes)*), the Independent Adviser (in consultation with the Issuer) or the Issuer (following consultation with the Calculation Agent), as the case may be, may also determine whether to apply an Adjustment Spread, which is a spread (which may be positive or negative) or a formula or methodology for calculating any such spread in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders and Couponholders as a result of the replacement of Saron with the Alternative Saron Reference Rate.

If the conditions set out in the last paragraph of the definition of the term "Saron" have been satisfied and the relevant Final Terms specify that Condition 6(f) (*Interest – Benchmark Replacement for Floating Rate Notes and Fixed Rate/Floating Rate Notes (other than SOFR Notes)*) is applicable, but (i) the Issuer is unable to appoint an Independent Adviser or if the Independent Adviser appointed by the Issuer fails to determine an Alternative Saron Reference Rate, and (ii) the Issuer is unable or unwilling to determine the Alternative Saron Reference Rate, Saron for the Affected Zurich Banking Day, for all succeeding Zurich Banking Days in the Affected Saron Observation Period and for all Zurich Banking Days in the Saron Observation Periods thereafter will be Saron determined as at the last Zurich Banking Day preceding the Affected Zurich Banking Day.

The use of an Alternative Saron Reference Rate (including the determination to use (or not use) an Adjustment Spread) may result in interest payments that are substantially lower than, or that do not otherwise correlate over time with, the payments that could have been made on such Notes if the Swiss Average Rate Overnight remained available in the form it is in on the relevant Issue Date. Furthermore, if the Issuer is unable to appoint an Independent Adviser or if the Independent Adviser appointed by the Issuer fails to determine an Alternative Saron Reference Rate, the Issuer may have to exercise its discretion to determine (or to elect not to determine) an Alternative Saron Reference Rate in a situation in which it is presented with a conflict of interest.

Any such consequences could have an adverse effect on the value and marketability of, and return on, such Saron Notes.

The market continues to develop in relation to the use of the Secured Overnight Financing Rate, Sterling Overnight Index Average and Swiss Average Rate Overnight as reference rates

The Rate of Interest for a Series of SOFR Notes will be determined by reference to SOFR, which is published by the Federal Reserve Bank of New York and is intended to be a broad measure of the cost of borrowing cash overnight collateralised by Treasury securities and a current preferred replacement rate to USD LIBOR. In addition to the daily SOFR, the Federal Reserve Bank of New York currently publishes compounded averages of the SOFR over rolling 30-, 90-, and 180-calendar day periods and the SOFR Index, which allows for the calculation of compounded average rates over custom time periods. The Federal Reserve Bank of New York notes on its publication page for SOFR that the Federal Reserve Bank of New York may alter the methods of calculation, publication schedule, rate revision practices or availability of SOFR or the SOFR Index at any time without notice.

The Rate of Interest for a Series of SONIA Notes will be determined by reference to SONIA, which is published by the Bank of England and is intended to be a broad measure of the cost of financial institutions in borrowing sterling overnight and a current preferred replacement rate to GBP LIBOR. In addition to daily SONIA, the Bank of England currently publishes compounded averages over SONIA over monthly, quarterly and annual periods and the SONIA Compounded Index, which allows for the calculation of compounded average rates over custom time periods. The Bank of England notes on its website that the Bank of England may alter the methodology of SONIA or the SONIA Compounded Index at any time without further notice.

The Rate of Interest for a Series of SARON Notes will be determined by reference to the Swiss Average Rate Overnight (for the purposes of this risk factor, "**SARON**"), which is published by SIX Index Ltd on the SIX Group's website and is intended to be a broad measure of the cost of financial institutions in borrowing Swiss francs overnight by reference to transactions and quotes posted in the Swiss repo market and a current preferred replacement rate to CHF LIBOR. In addition to daily SARON, SIX Index Ltd currently publishes SARON compound rates and SARON compound indices over several pre-defined time periods and a calculator for compounded daily SARON that allows for the calculation thereof over custom time periods on the SIX Group's website. The SIX Group's website notes that SIX Index Ltd may alter the methodology of SARON at any time without further notice.

Investors in any such Notes should be aware that the market continues to develop in relation to SOFR, SONIA and SARON as reference rates in the debt capital markets and their adoption as alternatives to USD LIBOR, GBP LIBOR and CHF LIBOR, respectively. In particular, market participants and relevant working groups are exploring alternative reference rates based on SOFR and SONIA, including term SOFR and SONIA reference rates (which seek to measure the market's forward expectation of average SOFR and SONIA rates over a designated term). The nascent development of SOFR, SONIA and SARON rates as interest reference rates for use in the debt capital markets, as well as the continued development of SOFR, SONIA and SARON based rates for such market and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of SOFR Notes, SONIA Notes and SARON Notes issued under the Programme.

In the case of any SOFR Notes, the Rate of Interest will be determined on the basis of Compounded Daily SOFR (as defined in the General Terms and Conditions). Additionally, if the relevant Final Terms specify that Index Determination is applicable, then the formula which will be used to determine Compounded Daily SOFR for each Interest Period will reference the SOFR Index as set forth in the definition of Compounded Daily SOFR in Condition 6(b)(iv)(E), unless the SOFR Index for any relevant U.S. Government Securities Business Day that is required to determine Compounded Daily SOFR for the relevant Interest Period does not appear on the New York Federal Reserve's Website at the Relevant Time on such U.S. Government Securities Business Day. If such SOFR Index does not so appear or if the relevant Final Terms specify that Index Determination is not applicable, then Compounded Daily SOFR will be determined for each Interest Period in accordance with the formula set forth in the definition of Compounded Daily SOFR in Condition 6(b)(iv)(B). Compounded Daily SOFR differs from USD LIBOR in a number of material respects. Investors in SOFR Notes should be aware that USD LIBOR and Compounded Daily SOFR may behave materially differently and that returns on investments in SOFR Notes may differ depending on which methodology is applicable for the purpose of calculation of Compounded Daily SOFR and the related fallbacks provided for in the General Terms and Conditions.

In the case of any SONIA Notes, the Rate of Interest will be determined on the basis of Compounded Daily SONIA (as defined in the General Terms and Conditions). Additionally, if the relevant Final Terms specify that Index Determination is applicable, then the formula which will be used to determine Compounded Daily SONIA for each Interest Period will reference the SONIA Compounded Index as set forth in the definition of Compounded Daily SONIA in Condition 6(b)(v)(C), unless the SONIA Compounded Index for any relevant London Banking Day does not appear on the Bank of England's Interactive Statistical Database (or any successor source on which the Compounded Daily SONIA rate is published by the Bank of England (or such successor administrator)) at the Relevant Time on such London Banking Day. If such SONIA Compounded Index does not so appear or if the relevant Pricing Supplement specifies that Index Determination is not applicable, then Compounded Daily SONIA will be determined for each Interest Period in accordance with the formula set forth in the definition of Compounded Daily SONIA in Condition 6(b)(v)(A). Compounded Daily SONIA differs from GBP LIBOR in a number of material respects including (without limitation) that Compounded Daily SONIA is a backwards-looking, compounded, risk-free overnight rate, whereas Sterling LIBOR is expressed on the basis of a forward-looking term and includes a credit risk-element based on inter-bank lending. As such, investors in SONIA Notes should be aware that GBP LIBOR and Compounded Daily SONIA may behave materially differently, including, without limitation, as a result of changes in interest and yield rates in the market, market volatility or global or regional economic, financial, political, regulatory, judicial or other events, and that returns on investments in SONIA Notes may differ depending on which methodology is applicable for the purpose of calculation of interest and the related fallbacks provided for in the General Terms and Conditions.

In the case of any SARON Notes, the Rate of Interest will be determined on the basis of SARON Compounded (as defined in the General Terms and Conditions). SARON Compounded differs from, the now discontinued, CHF LIBOR in a number of material respects. Investors in SARON Notes should be

aware that SARON Compounded may behave materially differently than CHF LIBOR historically behaved and that returns on investments in SONIA Notes may differ depending on which methodology is applicable for the purpose of calculation of interest and the related fallbacks provided for in the General Terms and Conditions.

The use of SOFR, SONIA and SARON as reference rates continue to develop both in terms of the substance of the calculation and in the development and adoption of market infrastructure for the issuance and trading of bonds referencing SOFR, SONIA and SARON. In particular, investors should be aware that several different SOFR, SONIA and SARON methodologies have been used in SOFR, SONIA and SARON linked notes issued to date and no assurance can be given that any particular methodology, including the compounded daily approach in the General Terms and Conditions, will gain widespread market acceptance.

The market or a significant part thereof may adopt an application of SOFR, SONIA or SARON that differs significantly from that set out in the General Terms and Conditions and used in relation to SOFR Notes, SONIA Notes or SARON Notes issued under the Programme or other debt instruments that reference SOFR, SONIA or SARON. The Issuer may in the future also issue floating rate notes or fixed rate/floating rate notes referencing SOFR, SONIA or SARON that differ materially in terms of interest determination when compared with any previous SOFR Notes, SONIA Notes or SARON Notes issued by it under the Programme. The development of SOFR, SONIA and SARON as reference rates, as well as the continued development of SOFR-based rates, SONIA-based rates and SARON-based rates for such markets, the market infrastructure for adopting such rates and the extension of the publication of most USD LIBOR settings until end-June 2023, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any SONIA Notes, SOFR Notes and SARON Notes issued under the Programme from time to time.

Furthermore, the Rate of Interest on SOFR Notes, SONIA Notes and SARON Notes is only capable of being determined at the end of the relevant Interest Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in SOFR Notes, SONIA Notes and SARON Notes to estimate reliably the amount of interest which will be payable on such Notes, and some investors may be unable or unwilling to trade such Notes without changes to their information technology systems, both of which could adversely impact the liquidity of such Notes. Further, if any such Notes become due and payable (in the case of Fixed Rate/Floating Rate Notes, after the Floating Rate Commencement Date) on a date other than an Interest Payment Date (whether as a result of an event of default under Condition 11 (*Events of Default*) or early redemption or otherwise), either (i) the relevant observation period during which SOFR (if applicable), SONIA (if applicable) or SARON, as the case may be, is observed for the purposes of determining Compounded Daily SOFR, Compounded Daily SONIA or SARON Compounded, respectively, and, thereby, the Rate of Interest applicable to the final Interest Period will be shortened, or (ii) the final Interest Period during which SONIA is observed will be shortened (in the case of SONIA Notes where in the relevant Final Terms "Lag" is specified as the Observation Method), or (iii) the final Interest Period for which the SOFR Index or the SONIA Compounded Index is observed on the first and last day thereof, will be shortened (in the case of SOFR Notes or SONIA Notes where in the relevant Final Terms Index Determination is specified as applicable), in each case so that it ends on (and includes) the date on which such Notes become due and payable.

In addition, the manner of adoption or application of SOFR, SONIA and SARON reference rates in the debt capital markets may differ materially when compared with the application and adoption of SOFR, SONIA and SARON in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SOFR, SONIA and SARON reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of SOFR Notes, SONIA Notes and SARON Notes.

Since SOFR, SONIA and SARON (in their current forms) are relatively new market indices, SOFR Notes, SONIA Notes and SARON Notes may have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities indexed to or referencing SOFR, SONIA and SARON, such as the spread over the index reflected in interest rate provisions, may evolve over time, and trading prices of such Notes may be lower than those of later-issued indexed debt securities as a result. Further, if SOFR, SONIA or SARON do not prove to be widely used in securities like the SOFR Notes, SONIA Notes and SARON Notes, the trading price of such SOFR Notes, SONIA Notes and SARON Notes may be lower than those of Notes linked to indices that are more widely used. Investors in SOFR Notes, SONIA Notes and SARON Notes may not be able to sell such Notes at all or may not be able to sell such Notes at prices that will provide them with a yield comparable to similar

investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk. There can also be no guarantee that SOFR, SONIA or SARON will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in SOFR Notes, SONIA Notes and/or SARON Notes. If the manner in which SOFR, SONIA or SARON is calculated is changed, that change may result in a reduction of the amount of interest payable on SOFR Notes, SONIA Notes or SARON Notes and the trading prices of such Notes.

The Federal Reserve Bank of New York (or a successor), as administrator of SOFR and/or the SOFR Index, the Bank of England (or a successor), as administrator of SONIA and/or the SONIA Compounded Index and SIX Index Ltd (or a successor), as administrator of SARON may make methodological or other changes that could change the value of SOFR, the SOFR Index, SONIA, the SONIA Compounded Index and/or SARON (as applicable), including changes related to the method by which SOFR, the SOFR Index, SONIA, the SONIA Compounded Index and/or SARON are calculated, eligibility criteria applicable to the transactions used to calculate SOFR, the SOFR Index, SONIA, the SONIA Compounded Index and/or SARON, or timing related to the publication of SOFR, the SOFR Index, SONIA, the SONIA Compounded Index and/or SARON. In addition, the relevant administrator may alter, discontinue or suspend the calculation or dissemination of SOFR, the SOFR Index, SONIA, the SONIA Compounded Index and/or SARON (in which case a fallback method of determining the interest rate on the Notes will apply). The relevant administrator has no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising, suspending or discontinuing SOFR, the SOFR Index, SONIA, the SONIA Compounded Index and/or SARON.

The interest rate on Fixed Rate/Floating Rate Notes will convert from a fixed rate to a floating rate, which can be expected to affect interest payments on such Notes and could affect the secondary market in and the market value of such Notes

Fixed Rate/Floating Rate Notes will initially bear interest at the fixed rate specified in the relevant Final Terms until but excluding the Floating Rate Commencement Date (as specified in the relevant Final Terms). Thereafter, the interest rate applicable to the Fixed Rate/Floating Rate Notes will convert to a floating rate, which rate will be determined for each interest period on the applicable interest determination date by reference to the reference rate specified in the relevant Final Terms as adjusted for any applicable margin, and may be subject to a maximum interest rate, a minimum interest rate or both. Upon such conversion, the floating rate of interest for the first (and any subsequent) interest period could be less than the initial interest rate and/or the spread on the Fixed Rate/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate and, therefore, adversely affect the secondary market in and the market value of such Fixed Rate/Floating Rate Notes.

The Notes may be redeemed prior to maturity

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed by or on behalf of the jurisdiction of establishment of the relevant Branch through which the Issuer is acting (if applicable), Switzerland, or any other jurisdiction in which the Issuer is or becomes subject to tax, or any political subdivision thereof or any authority therein or thereof having power to tax as a result of any change in laws or regulations of the relevant jurisdiction, the Issuer may redeem all outstanding Notes in accordance with the Terms and Conditions of the Notes.

Additionally, the General Terms and Conditions provide for early redemption of Notes in certain other circumstances, if specified as being applicable in the relevant Final Terms. Such circumstances include it becoming illegal or impossible to hold, acquire, or dispose of the Notes by the Issuer or its affiliates or the Issuer or its affiliates will incur materially increased costs in performing its obligations under such Notes due to the adoption of or any change in any applicable law or regulations or due to the promulgation of or any change in interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulations.

If the relevant Notes are redeemed pursuant to Condition 7(c), the Fair Market Value Amount will be equal to the fair market value of the Notes prior to redemption, less allowances for costs associated with the unwinding of any related underlying hedging arrangements which were put in place to provide the returns on the Notes. **Consequently, the early redemption amount an investor in such Notes receives may be less than their original investment and an investor could lose some or all of their money.** Also, if the

Calculation Agent determines that the redemption of the Fair Market Value Amount in the Specified Currency is impossible, impracticable or illegal, the Issuer may redeem the Notes at the Fair Market Value Amount in another currency converted at the spot rate between the Specified Currency and such other currency.

If in the case of any particular Tranche of Notes the Final Terms specify that the Notes are redeemable at the Issuer's option, the Issuer may choose to redeem the relevant Notes at times when its cost of alternative borrowing is lower than the interest rate on the relevant Notes. In such an event, an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the Notes and may only be able to do so at a significantly lower rate. Potential investors should consider whether and how to reinvest the proceeds of such redemption in light of other investments available at that time. There can be no assurance that holders will be able to reinvest the redemption proceeds at a rate that will provide the same rate of return as their investment in the relevant Notes. An optional redemption feature is likely to limit the market value of the Notes. During any period when the Issuer may elect to redeem the Notes, the market value of the Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. There is no requirement to redeem the relevant Notes or any other debt instruments of the Issuer which rank *pari passu* with the relevant Notes being redeemed on a *pro rata* basis or otherwise should the Issuer exercise its right to redeem the relevant Notes.

Because the Global Notes are held by or on behalf of Euroclear, Clearstream Luxembourg, Clearstream Frankfurt, SIS and/or DTC and the Uncertificated Swiss SIS Notes are registered with SIS, investors will have to rely on their procedures for transfer, payment and communication with the Issuer

Certain Series of Notes issued under the Programme may be represented by one or more Global Notes or issued as Uncertificated Swiss SIS Notes:

- In the case of Global Notes, if the relevant Final Terms specify that the New Global Note form is not applicable or the Global Registered Notes are not to be held under the New Safekeeping Structure, such Global Notes will be deposited with a common depositary for Euroclear Bank SA/NV ("**Euroclear**"), Clearstream Banking, S.A. ("**Clearstream Luxembourg**"), Clearstream Banking AG ("**Clearstream Frankfurt**") or with or on behalf of DTC or, in the case of Bearer SIS Notes, with SIX SIS Ltd ("**SIS**") or such other intermediary (*Verwahrungsstelle*) in Switzerland recognised by the SIX Swiss Exchange for purposes of article 6(1)(c) of the FISA (the "**SIS Note Intermediary**"). If the New Global Note form is applicable or the relevant Global Registered Note is to be held under the New Safekeeping Structure, then the Global Notes will be deposited with a common safekeeper for Euroclear and/or Clearstream Luxembourg.
- In the case of Uncertificated Swiss SIS Notes, such Notes will be entered into the main register (*Hauptregister*) of SIS or any other SIS Note Intermediary.

Except in the circumstances described in the relevant Terms and Conditions of the Notes, investors will not be entitled to receive definitive Notes.

Euroclear, Clearstream Luxembourg, Clearstream Frankfurt, and/or DTC will maintain records of the beneficial interests in the Global Notes. In the case of SIS Notes, the records of the SIS Note Intermediary will determine the number of SIS Notes held through each participant in the SIS Note Intermediary. While the Notes are represented by one or more Global Notes (other than Bearer SIS Notes), investors will be able to trade their beneficial interests only through Euroclear, Clearstream Luxembourg, Clearstream Frankfurt and/or DTC. In the case of SIS Notes, so long as they constitute Intermediated Securities, they may only be transferred by entry of the transferred SIS Notes in a securities account of the transferee.

While the Notes are represented by one or more Global Notes or are Uncertificated Swiss SIS Notes, the Issuer will discharge its payment obligations under the Notes by making payments (through, in the case of SIS Notes, the Principal Swiss Paying Agent) to the common depositary, common safekeeper or the relevant clearing system, as applicable, for Euroclear, Clearstream Luxembourg, Clearstream Frankfurt and the SIS Note Intermediary or to DTC or a nominee thereof for distribution to their account holders. A holder of a beneficial interest in a Global Note or a holder of an SIS Note must rely on the procedures of Euroclear, Clearstream Luxembourg, Clearstream Frankfurt, SIS, DTC or any other relevant clearing system to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to,

or payments made in respect of, beneficial interests in the Global Notes or SIS Notes held through any participant in the SIS Note Intermediary.

Holders of beneficial interests in the Global Notes (except for holders of Bearer SIS Notes) will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear, Clearstream Luxembourg, Clearstream Frankfurt and/or DTC to appoint appropriate proxies. Similarly, holders of beneficial interests in the Global Notes (except holders of Bearer SIS Notes) will not have a direct right under the Global Notes to take enforcement action against the Issuer in the event of a default under the relevant Notes but will have to rely upon their rights under the Deed of Covenant (in the case of Bearer Notes, in global form only), or mandatory rules in accordance with international private law.

Any holder of Uncertificated Swiss Non-SIS Notes may cause the conversion of all the Uncertificated Swiss Non-SIS Notes of the same Series into Uncertificated Swiss SIS Notes

Pursuant to Condition 2(e)(ii), any holder of an Uncertificated Swiss Non-SIS Note may elect to convert such Note, together with all the other Uncertificated Swiss Non-SIS Notes of the same Series, into Uncertificated Swiss SIS Notes. The holders of such other Uncertificated Swiss Non-SIS Notes will not be able to prevent such conversion and, as a result of such conversion, such Notes will be removed from the main register (*Hauptregister*) of UBS Switzerland AG and entered into the main register (*Hauptregister*) of SIS or such other SIS Note Intermediary. See "*Because the Global Notes are held by or on behalf of Euroclear, Clearstream Luxembourg, Clearstream Frankfurt, SIS and/or DTC and the Uncertificated Swiss SIS Notes are registered with SIS, investors will have to rely on their procedures for transfer, payment and communication with the Issuer*" above.

Subordinated Notes are subordinated to most of the Issuer's liabilities

If in the case of any particular Tranche of Notes the relevant Final Terms specify that the Notes are subordinated obligations of the Issuer and the Issuer is declared insolvent and a winding up is initiated, it will be required to pay the holders of senior debt and meet its obligations to all its other creditors (including unsecured creditors but excluding any obligations in respect of subordinated debt) in full before it can make any payments on the relevant Notes. If this occurs, the Issuer may not have enough assets remaining after these payments to pay amounts due under the relevant Notes.

Risks Relating to Notes issued as Green Bonds

Notes issued as Green Bonds may not meet investor expectations or requirements

The Final Terms relating to a specific Tranche of Notes may provide that such Notes are Green Bonds (as defined below in "*Use of Proceeds*"). In such case, it is intended that the Issuer and/or its subsidiaries will use an amount equal to the net proceeds of the issuance of such Notes to finance, refinance or otherwise maintain new and existing Eligible Assets (which can be identified on a Group-wide basis), as further described in the UBS Green Funding Framework (as defined below in "*Use of Proceeds*").

No assurance can be given that any Eligible Asset that may be allocated to Notes issued as Green Bonds for purposes of the UBS Green Funding Framework will meet the goals of the UBS Green Funding Framework, any investor's expectations or objectives or any requirements regarding any "green", "sustainable", "social" or similar labels (including Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the so-called "EU Taxonomy")). Additionally, no assurance is given by the Issuer, the Arranger or the Dealers that the structure described in the UBS Green Funding Framework, or any aspect thereof (including the approach of identifying Eligible Assets on a Group-wide basis and allocation to maintenance of existing Eligible Assets), will satisfy any present or future investment criteria, market standards or law and regulations applicable to the investor or the by-laws, internal regulations or internal guidelines with which an investor is required, or intends, to comply, in particular with regard to any direct or indirect environmental or sustainability impact of any project or uses.

If the use of the proceeds of Notes issued as Green Bonds is a factor in an investor's decision to invest in such Notes, they should (i) have regard to the information in "*Use of Proceeds*" and under "*Reasons for the Offer/Use of Proceeds*" in the Final Terms relating to such Notes, as well as the factors described in the UBS Green Funding Framework, to determine for themselves the relevance of such information and factors for the purpose of an investment in such Notes, together with any other investigation they deem necessary,

and (ii) seek advice from their independent financial adviser or other professional adviser regarding their purchase of any such Notes before deciding to invest. There is no obligation of the Issuer to directly or indirectly fund Eligible Assets with the net proceeds of the issue of any Green Bond. Each prospective investor in Notes issued as Green Bonds should also be aware that, as described under "*Use of Proceeds*", the UBS Green Funding Framework (including the Eligible Asset categories) may be updated, amended and/or replaced from time to time, including after the issue date of any such Notes, and any such resulting changes to the UBS Green Funding Framework may also apply to Notes that were issued as Green Bonds prior to the date of such update, amendment or replacement.

No representation or assurance is given as to the suitability or reliability of any opinion or certification of any third party made available in connection with an issue of Notes issued as Green Bonds. Any such opinion or certification is not a recommendation by the Issuer, the Arranger, the Dealers or any other person to buy, sell or hold any such Notes and is current only as of the date it was issued. As at the date hereof, the third party providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. Prospective investors in any such Notes must determine for themselves the relevance of any such opinion or certification and/or the information contained therein.

In the event that any Notes issued as Green Bonds are listed or admitted to trading on a dedicated "green", "sustainable", "social" or other equivalently-labelled segment of a stock exchange or securities market, no representation or assurance is given by the Issuer, the Arranger, the Dealers or any other person that such listing or admission satisfies any present or future investment criteria or guidelines with which such investor is required, or intends, to comply. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. No representation or assurance is given or made by the Issuer, the Arranger, the Dealers or any other person that any such listing or admission to trading will be obtained in respect of any such Notes or that any such listing or admission to trading will be maintained during the life of the Notes.

While it is intended that the Issuer and/or its subsidiaries will use an amount equal to the net proceeds of the issuance of any Notes issued as Green Bonds to maintain new and existing Eligible Assets as further described in "*Use of Proceeds*" under "*Reasons for the Offer/Use of Proceeds*" in the Final Terms relating to such Notes and in the UBS Green Funding Framework, and will evaluate, select and report on Eligible Assets as described in the UBS Green Funding Framework, there is no contractual or regulatory obligation to do so. There can also be no assurance that any assets or type(s) of assets qualifying as Eligible Assets pursuant to the UBS Green Funding Framework will be available or meet the required principles and standards at any time and, accordingly, that the Issuer and/or its subsidiaries will be able to use an amount equal to the net proceeds of any Notes issued as Green Bonds (either totally or partially) to maintain Eligible Assets as intended. In addition, there can be no assurance that any Eligible Asset will achieve the certifications, impacts or outcomes (environmental, social or otherwise) originally expected or anticipated.

Noteholders will have no direct or indirect interest in, or recourse to, any Eligible Asset, and Eligible Assets are not collateral for the Issuer's obligations under the Notes. Additionally, none of:

- a failure by the Issuer and/or any of its subsidiaries to use an amount equal to the net proceeds of the issuance of any Notes issued as Green Bonds (either totally or partially) to maintain Eligible Assets as described in the relevant Final Terms, "*Use of Proceeds*" and the UBS Green Funding Framework;
- a failure of the Issuer and/or any of its subsidiaries to evaluate, select and report on Eligible Assets as described in the UBS Green Funding Framework;
- a failure of a third party to issue (or the withdrawal by a third party of) an opinion or certification in connection with the UBS Green Funding Framework or any Notes issued as Green Bonds;
- the failure of any Notes issued as Green Bonds to meet investors' expectations requirements regarding any "green", "sustainable", "social" or similar labels or characteristics; or
- a failure of any Notes issued as Green Bonds to be or continue to be listed or admitted to trading on any dedicated "green", "sustainable", "social" or other equivalently-labelled segment of a stock exchange or securities market as aforesaid,

will (i) give rise to any claim of a Noteholder against the Issuer (or the Arranger or any Dealer), (ii) constitute an Event of Default or breach of contract with respect to any of the Notes issued as Green Bonds, or constitute a breach or violation of any term thereof, or constitute a default by the Issuer for any other purpose or (iii) lead to a right or obligation of the Issuer to redeem any Green Bond or give any Noteholder the right to require redemption of its Notes. However, the occurrence of any of the above factors may have a material adverse effect on the value of such Notes and/or may have consequences for certain investors in such Notes that have portfolio mandates to invest in green assets (which consequences may include the need to sell such Notes as a result of such Notes not falling within the investor's investment criteria or mandate).

Risks Relating to Notes Denominated in Renminbi

A description of risks which may be relevant to an investor in Notes denominated in Renminbi ("**Renminbi Notes**") is set out below.

Renminbi is not freely convertible and there are significant restrictions on the remittance of Renminbi into and out of the PRC which may adversely affect the liquidity of Renminbi Notes

Renminbi is not freely convertible at present. The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar.

However, there has been significant reduction in control by the PRC Government in recent years, particularly over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

On the other hand, remittance of Renminbi into and out of the PRC for the settlement of capital account items, such as capital contributions, debt financing and securities investment, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into and out of the PRC for settlement of capital account items are being adjusted from time to time to match the policies of the PRC Government.

Although the People's Bank of China ("**PBoC**") has implemented policies improving accessibility to Renminbi to settle cross-border transactions in the past, there is no assurance that the PRC Government will liberalise control over cross-border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. Despite the Renminbi internationalisation pilot programme and efforts in recent years to internationalise the currency, there can be no assurance that the PRC Government will not impose interim or long-term restrictions on the cross-border remittance of Renminbi. In the event that funds cannot be repatriated out of the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Notes denominated in Renminbi.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the Renminbi Notes and the Issuer's ability to source Renminbi outside the PRC to service Renminbi Notes

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. While the PBoC has entered into agreements (the "**Settlement Arrangements**") on the clearing of Renminbi business with financial institutions (the "**Renminbi Clearing Banks**") in a number of financial centres and cities, including but not limited to Hong Kong, has established the Cross-Border Inter-Bank Payments System (CIPS) to facilitate cross-border Renminbi settlement, and is further in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions, the current size of Renminbi denominated financial assets outside the PRC is limited.

There are restrictions imposed by the PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from the PBoC, although the PBoC has gradually allowed participating banks to access the PRC's onshore inter-bank market for the purchase and sale of Renminbi. The Renminbi Clearing Banks only have limited access to onshore

liquidity support from the PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In cases where the participating banks cannot source sufficient Renminbi through the above channels, they will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Arrangements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the Renminbi Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its Renminbi Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

Investment in the Renminbi Notes is subject to exchange rate risks

The value of Renminbi against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. The PBoC has in recent years implemented changes to the way it calculates the Renminbi's daily mid-point against the U.S. dollar to take into account market-maker quotes before announcing such daily mid-point. This change, and others that may be implemented, may increase the volatility in the value of the Renminbi against foreign currencies. All payments of interest and principal will be made in Renminbi with respect to Renminbi Notes unless otherwise specified. As a result, the value of these Renminbi payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against another foreign currency, the value of the investment made by a holder of the Renminbi Notes in that foreign currency will decline.

Investment in the Renminbi Notes is subject to currency risk

If the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay interest and principal on the Renminbi Notes as a result of Inconvertibility, Non-transferability or Illiquidity (each, as defined in the General Terms and Conditions), the Issuer shall be entitled, on giving not less than five or more than 30 calendar days' irrevocable notice to the investors prior to the due date for payment, to settle any such payment in U.S. Dollars on the due date at the U.S. Dollar Equivalent (as defined in the General Terms and Conditions) of any such interest or principal, as the case may be.

Investment in the Renminbi Notes is subject to interest rate risks

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. In addition, the interest rate for Renminbi in markets outside the PRC may significantly deviate from the interest rate for Renminbi in the PRC as a result of foreign exchange controls imposed by PRC law and regulations and prevailing market conditions.

As Renminbi Notes may carry a fixed interest rate, the trading price of the Renminbi Notes will consequently vary with the fluctuations in the Renminbi interest rates. If holders of the Renminbi Notes propose to sell their Renminbi Notes before their maturity, they may receive an offer lower than the amount they have invested.

Payments with respect to the Renminbi Notes may be made only in the manner designated in the terms and conditions of the relevant Renminbi Notes

All payments to investors in respect of Renminbi Notes will be made solely (i) for so long as the Renminbi Notes are represented by global instruments held with the common depositary or common safekeeper (or a nominee for a common depositary or a common safekeeper), as the case may be, for Euroclear and Clearstream, Luxembourg and Clearstream Frankfurt or any alternative clearing system, by transfer to a Renminbi bank account maintained in Hong Kong, or (ii) for so long as the Renminbi Notes are represented by Notes in definitive form, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing rules and regulations. The Issuer cannot be required to make payment by any other means (including in any other currency or by transfer to a bank account in the PRC).

Gains on the transfer of the Renminbi Notes may become subject to income taxes under PRC tax laws

Under the PRC Enterprise Income Tax Law, the PRC Individual Income Tax Law and the relevant implementing rules, as amended from time to time, any gain realised on the transfer of Renminbi Notes by non-PRC resident enterprise or individual holders may be subject to PRC enterprise income tax ("EIT") or PRC individual income tax ("IIT") if such gain is regarded as income derived from sources within the PRC. The PRC Enterprise Income Tax Law levies EIT at the rate of 20 per cent. of the PRC-sourced gains derived by such non-PRC resident enterprise from the transfer of the Renminbi Notes but its implementation rules have reduced the EIT rate to 10 per cent. The PRC Individual Income Tax Law levies IIT at a rate of 20 per cent. of the PRC-sourced gains derived by such non-PRC resident individual holder from the transfer of the Renminbi Notes.

However, uncertainty remains as to whether the gain realised from the transfer of Renminbi Notes by non-PRC resident enterprise or individual holders would be treated as income derived from sources within the PRC and thus become subject to EIT or IIT. This will depend on how the PRC tax authorities interpret, apply or enforce the PRC Enterprise Income Tax Law, the PRC Individual Income Tax Law and the relevant implementing rules. According to the arrangement between the PRC and Hong Kong, for avoidance of double taxation, holders who are residents of Hong Kong, including enterprise holders and individual holders, will not be subject to EIT or IIT on capital gains derived from a sale or exchange of the Renminbi Notes.

Therefore, if enterprise or individual resident holders which are non-PRC residents are required to pay PRC income tax on gains derived from the transfer of Renminbi Notes, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-PRC enterprise or individual holders of Renminbi Notes reside that reduces or exempts the relevant EIT or IIT, the value of their investment in Renminbi Notes may be materially and adversely affected.

KEY FEATURES OF THE PROGRAMME IN RELATION TO NOTES ISSUED UNDER A PRICING SUPPLEMENT

Form of Notes

The Notes may be issued in bearer form ("**Bearer Notes**"), registered form ("**Registered Notes**") or in uncertificated form.

Bearer Notes and Registered Notes may be issued in global form or definitive form. Unless otherwise specified in the relevant Pricing Supplement, Bearer Notes may be exchanged for Registered Notes; however, Registered Notes may not be exchanged for Bearer Notes. The term "**Notes**" refers to Bearer Notes, Registered Notes, Notes in definitive or global form and Uncertificated Swiss Notes (as defined below).

Notes that are deposited with, or registered in the main register (*Hauptregister*) of, SIS SIX Ltd ("**SIS**") or such other intermediary (*Verwahrungsstelle*) in Switzerland recognised by the SIX Swiss Exchange for purposes of article 6(1)(c) of the Swiss Federal Intermediated Securities Act of 3 October 2008, as amended (the "**FISA**") (the "**SIS Note Intermediary**") (such Notes, "**SIS Notes**") will be (i) in the case of SIS Notes issued by a Branch, Bearer Notes ("**Bearer SIS Notes**"), (ii) in the case of SIS Notes issued by UBS Head Office, UBS AG, London Branch or UBS AG Jersey Branch, issued in uncertificated form ("**Uncertificated Swiss SIS Notes**").

UBS Head Office, UBS AG, London Branch or UBS AG Jersey Branch may also issue Notes in uncertificated form that are initially registered in the main register (*Hauptregister*) of UBS Switzerland AG as intermediary (*Verwahrungsstelle*) for purposes of article 6(1)(c) of the FISA (the "**Non-SIS Note Intermediary**") (the "**Uncertificated Swiss Non-SIS Notes**"). With respect to the Uncertificated Swiss Non-SIS Notes of any Series, any Noteholder may elect to convert the Notes of such Series, in whole but not in part, into Uncertificated Swiss SIS Notes in accordance with Condition 2(e)(ii).

The SIS Notes and the Uncertificated Swiss Non-SIS Notes are, together, the "**Swiss Notes**".

Bearer Notes

Unless otherwise specified in the relevant Pricing Supplement, each Tranche of Bearer Notes (other than Bearer SIS Notes) may initially be represented by any one or more of (i) one or more temporary global Notes or, (ii) one or more permanent global Notes which will be issued in new global note ("**New Global Note**" of "**NGN**") form. If the relevant Pricing Supplement specifies that the New Global Note form is not applicable, then the Bearer Note will be a classic global note ("**Classic Global Note**" or "**CGN**"). In the case of Bearer Notes initially represented by a temporary or permanent global Note (each a "**Global Note**"), if the relevant Pricing Supplement specifies that the New Global Note form is not applicable, the global Note will be deposited with a depositary for one, or a common depositary for more than one, clearing system, including Euroclear, Clearstream Luxembourg, Clearstream Frankfurt and SIS. Otherwise, if the relevant Pricing Supplement specifies that the New Global Note form is applicable, each global Note will be deposited on or around the relevant issue date with a common safekeeper for Euroclear and/or

Clearstream Luxembourg and/or any other relevant clearing system. Temporary global Notes will be exchanged for either (i) a permanent global Note which will be held by a depositary for one, or a common depositary or common safekeeper for more than one, clearing system, or (ii) definitive Notes, in accordance with the provisions set out in the relevant temporary global Note. A permanent global Note may be exchanged for definitive Notes only in accordance with the provisions set out in the relevant permanent global Note. Bearer Notes are subject to US tax law requirements. See "*Selling Restrictions*" below.

Notes that are initially deposited with a common depositary or a common safekeeper may also be credited to the accounts of subscribers with (if indicated in the relevant Pricing Supplement) other clearing systems through direct or indirect accounts with Euroclear, Clearstream Luxembourg or any accounts held with other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream Luxembourg or other clearing systems.

Each Tranche of Bearer SIS Notes will be represented exclusively by a permanent global Note (*Globalurkunde auf Dauer*) which shall be deposited with SIS or any other SIS Note Intermediary. The permanent global Note will only be exchangeable, in whole but not in part, for definitive Notes if the Principal Swiss Paying Agent determines, after consultation with the Issuer, that the printing of definitive Notes is necessary or useful, or the presentation of definitive Notes is required by applicable laws and regulations in connection with the enforcement of the rights of noteholders. Neither the Issuer nor any holder of Bearer SIS Notes will at any time have the right to effect or demand the conversion of the permanent global Note documenting such Bearer SIS Notes into, or the delivery of, individually certificated securities (*Wertpapiere*) or uncertificated securities (*Wertrechte*).

Registered Notes

Registered Notes which are sold in reliance on Regulation S, will initially be represented by one or more unrestricted global notes ("**Unrestricted Global Note**") which will either be: (a) in the case of a Note which is not to be held under the new safekeeping structure ("**New Safekeeping Structure**" or "**NSS**"), registered in the name of a common depositary (or its nominee) for Euroclear, Clearstream Luxembourg and Clearstream Frankfurt and/or any other relevant clearing system and the relevant Unrestricted Global Note will be deposited on or about the issue date with the common depositary or registered in the name of Cede & Co. as nominee for DTC and any relevant Unrestricted Global Note will be deposited on or about the issue date with a custodian for DTC; or (b) in the case of a Note to be held under the New Safekeeping Structure, be registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream Luxembourg and/or any other relevant clearing system and the relevant Unrestricted Global Note will be deposited on or about the issue date with the common safekeeper for Euroclear and/or Clearstream Luxembourg and/or any other relevant clearing system.

Registered Notes sold in reliance upon Rule 144A will initially be represented by one or more permanent global restricted registered Notes (each, a "**Restricted Global Note**" and together with any Unrestricted Global Notes, the "**Global Registered Notes**"), without Coupons or Talons, which will be deposited with a custodian for, and registered in the name of Cede & Co. as nominee for DTC or, subject to compliance with applicable legal, regulatory and clearing system

requirements, deposited with a depository for, and registered in the name of a nominee of, Euroclear or Clearstream Luxembourg.

Notes eligible for sale in the United States to QIBs and to persons that are not U.S. persons in reliance on Regulation S will initially be in registered form and may be represented by a single unified global note (each, a "**Unified Global Note**") which will be deposited with, and registered in the name of, a common depository (or its nominee) on behalf of Euroclear or Clearstream Luxembourg.

References herein to a "**Global Note Certificate**" include, as the context so requires, an Unrestricted Global Note, a Restricted Global Note and/or a Unified Global Note.

The Registered Notes are constituted by the Deed of Covenant.

Uncertificated Swiss SIS Notes

Uncertificated Swiss SIS Notes will be offered and sold in reliance on Regulation S only.

Uncertificated Swiss SIS Notes will be issued as uncertificated securities (*einfache Wertrechte*) in accordance with article 973c of the Swiss Code of Obligations, which will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*), and be entered into the main register (*Hauptregister*) of SIS or any other SIS Note Intermediary. Neither the Issuer nor any holder of an Uncertificated Swiss SIS Note nor any third party will at any time have the right to effect or demand the conversion of such Uncertificated Swiss SIS Note into, or the delivery of, a permanent global certificate (*Globalurkunde*) or individually certificated securities (*Wertpapiere*).

Uncertificated Swiss Non-SIS Notes

Uncertificated Swiss Non-SIS Notes will be offered and sold in reliance on Regulation S only.

Uncertificated Swiss Non-SIS Notes will be issued as uncertificated securities (*einfache Wertrechte*) in accordance with article 973c of the Swiss Code of Obligations, which will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*), and be entered into the main register (*Hauptregister*) of the Non-SIS Note Intermediary. A Series of Uncertificated Swiss Non-SIS Notes will not be registered with the SIS or any other central securities depository, unless and until any Noteholder elects to convert the Notes of such Series, in whole but not in part, into Uncertificated Swiss SIS Notes in accordance with Condition 2(e)(ii). Neither the Issuer nor any holder of an Uncertificated Swiss Non-SIS Note will at any time have the right to effect or demand the conversion of such Uncertificated Swiss Non-SIS Note into, or the delivery of, a permanent global certificate (*Globalurkunde*) or individually certificated securities (*Wertpapiere*).

Series and Tranches

The Notes will be issued in series (each a "**Series**"). Each Series may comprise one or more tranches of Notes issued on different issue dates (each a "**Tranche**"). The Notes of each Tranche will have identical terms and conditions; however, except in the case of SIS Notes, a Tranche may comprise Notes in bearer form and Notes in registered form. Other than the issue date, the issue price and the date for the first payment of interest, the Notes of each Series will have identical terms, however, except in the case of SIS Notes, a Series may comprise Notes in bearer form and Notes in registered form.

If such taxes are required to be withheld or deducted, the Issuer will pay additional amounts in respect of the Notes subject to the customary exceptions.

In the case of Notes issued by UBS Head Office, these exceptions include the Swiss federal withholding tax (which, as at the date of this Base Listing Particulars, is set at a rate of 35 per cent.) to which all payments of interest on such Notes will be subject, and no additional amounts shall be paid by the Issuer in respect of any such withholding. TERMS AND CONDITIONS OF THE NOTES

UBS AG (the "**Issuer**") has established a programme (the "**Programme**") under which it will issue notes and other debt securities (the "**Notes**"), in each case acting through its head offices in Basel and Zurich ("**UBS Head Office**") or its London branch ("**UBS AG London Branch**"), Jersey branch ("**UBS AG Jersey Branch**"), Australia branch ("**UBS AG Australia Branch**"), Hong Kong branch ("**UBS AG Hong Kong Branch**") or one of its other branches outside of Switzerland as it may from time to time determine (UBS AG London Branch, UBS AG Jersey Branch, UBS AG Australia Branch, UBS AG Hong Kong Branch or the Issuer acting through such other branch outside of Switzerland, a "**Branch**"). The Notes will be issued in series (each a "**Series**"). Each Series may comprise one or more tranches of Notes issued on different issue dates (each a "**Tranche**"). The Notes of each Tranche will have identical terms and conditions; however, except in the case of Swiss Notes (as defined in the General Terms and Conditions (as defined below)), a Tranche may comprise Notes in bearer form and Notes in registered form. The Notes of each Series will have identical terms; however, the issue date for each Tranche will, and the issue price and the date for the first payment of interest of each Tranche may, be different from the issue date, the issue price and the date for the first payment of interest in other Tranches of the same Series.

In connection with each issue of Notes, where such issue requires a prospectus under Regulation (EU) 2017/1129 (the "**Prospectus Regulation**") the Issuer will prepare final terms (the "**Final Terms**") or a drawdown prospectus (the "**Drawdown Prospectus**") which will contain the information which specifically relates to that issue of Notes.

In connection with each issue of Notes, where such issue does not require a prospectus under the Prospectus Regulation, the Issuer will prepare a pricing supplement using one of the two forms contained in this Base Prospectus (see "*Pro Forma Pricing Supplement*" and "*Pro Forma Alternative Pricing Supplement*" below), as elected by the Issuer (the "**Pricing Supplement**"), which will contain the information which specifically relates to such issue of Notes.

In relation to any issue of Notes, the Final Terms may contain provisions which complete, and the Pricing Supplement or the Drawdown Prospectus may contain provisions which supplement, modify or replace, all or any part of the General Terms and Conditions for the purpose of that issue alone. In relation to the terms and conditions of any issue of Notes, to the extent that there is any inconsistency between the General Terms and Conditions and the terms and conditions which appear in the relevant Final Terms, the Pricing Supplement or Drawdown Prospectus, as applicable, the terms and conditions which appear in such Final Terms, Pricing Supplement or Drawdown Prospectus shall prevail.

To determine the terms and conditions which apply to a particular issue of Notes, it is necessary (i) to refer to the General Terms and Conditions in force on the date the Notes were issued and (ii) to consider the extent to which the General Terms and Conditions have been completed by the information contained in the relevant Final Terms or supplemented, modified or replaced by the information contained in the relevant Drawdown Prospectus or Pricing Supplement (as the case may be).

In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus or a Pricing Supplement, each reference herein to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus or Pricing Supplement.

The Issuer has agreed that The Bank of New York Mellon, acting through its London Branch, U.S. Bank Trust National Association, UBS AG, UBS Switzerland AG and UBS Europe SE (each an "**Agent**", which expression includes any successor or additional Agent appointed) may each act as issue and paying agent for the Notes issued under the Programme which require an issue or paying agent to be appointed and that The Bank of New York Mellon SA/NV, Luxembourg Branch, U.S. Bank Trust National Association, UBS AG, UBS Switzerland AG and UBS Europe SE (each a "**Registrar**", which expression includes any successor or additional Registrar appointed) may each act as registrar for any Notes issued under the Programme which require a registrar to be appointed. The relevant Agent(s) and, if applicable, relevant Registrar(s) for the Tranche will be specified in the relevant Final Terms.

Each of UBS AG, UBS Switzerland AG and UBS Europe SE will only be appointed by the Issuer as an Agent and/or Registrar in respect of Notes in registered form being sold outside the United States to non-US persons in reliance on Regulation S.

The Issuer and The Bank of New York Mellon, acting through its London Branch, The Bank of New York Mellon SA/NV, Luxembourg Branch, U.S. Bank Trust National Association, The Bank of New York Mellon SA/NV Dublin Branch as Irish paying agent (the "**Irish Paying Agent**", which expression includes any successor of The Bank of New York Mellon SA/NV Dublin Branch as Irish Paying Agent), UBS AG, UBS Switzerland AG and UBS Europe SE (the "**Paying Agents**" which expression shall include the relevant Agent and any other paying agent appointed in accordance with the terms of the Agency Agreement) and transfer agents (the "**Transfer Agents**", which expression shall include The Bank of New York Mellon and any other transfer agent appointed in accordance with the terms of the Agency Agreement) have entered into an amended and restated issuing and paying agency agreement dated 26 May 2022 (as further amended and restated from time to time, the "**Agency Agreement**"). The Issuer has also entered into a deed of covenant dated 26 May 2022 (as further amended and restated from time to time, the "**Deed of Covenant**") in relation to the Notes issued under the Programme.

References to the parties herein and in the General Terms and Conditions include references to their successors, including without limitation, an entity which assumes the rights and obligations of the relevant party by operation of the law of the jurisdiction of incorporation or domicile of such party.

The Agency Agreement contains a set of general terms and conditions (the "**General Terms and Conditions**"). The General Terms and Conditions do not reflect the terms and conditions of any specific issue of Notes. The General Terms and Conditions may be amended from time to time.

Subject to the below, in the case of each Series of SIS Notes (as defined in the General Terms and Conditions), the Issuer will, together with (i) the other parties to the Agency Agreement, (ii) UBS AG, Zurich and Basel, as principal Swiss paying agent and (iii) the other agents acting as Swiss paying agents, if any, enter into a supplemental issuing and paying agency agreement with respect to such Series of SIS Notes substantially in the form attached to the Agency Agreement (each, an "**SIS Note Supplemental Agency Agreement**"). The Issuer may, at any time (but in any case on or prior to the Issue Date of the first Tranche of Uncertificated Swiss Non-SIS Notes to be issued under the Programme), together with UBS AG, Zurich and Basel and/or UBS Switzerland AG, as principal Swiss paying agent enter into an agency agreement with respect to all Uncertificated Swiss Notes issued under the Programme on or after the date of such agreement (the "**Uncertificated Swiss Note Agency Agreement**") and, in such case, references herein to "SIS Note Supplemental Agency Agreement" and "Agency Agreement" shall, in the case of any Uncertificated Swiss Notes to which the Uncertificated Swiss Note Agency Agreement applies, be construed accordingly. References herein to "**Principal Swiss Paying Agent**" mean (i) in the case of any Series of Uncertificated Swiss Non-SIS Notes (including, for the avoidance of doubt, the Uncertificated Swiss SIS Notes that result from the conversion of such Series of Uncertificated Swiss Non-SIS Notes in accordance with Condition 2(e)(ii)), UBS Switzerland AG in its capacity as such under the Uncertificated Swiss Note Agency Agreement, (ii) in the case of any Series of Bearer SIS Notes, UBS AG, Zurich and Basel, in its capacity as such under the applicable SIS Note Supplemental Agency Agreement, and (iii) in the case of any Series of Uncertificated Swiss SIS Notes, UBS AG, Zurich and Basel, in its capacity as such under the applicable SIS Note Supplemental Agency Agreement or UBS AG, Zurich and Basel, or UBS Switzerland AG (whichever is specified in the relevant Final Terms) in its capacity as such under the Uncertificated Swiss Note Agency Agreement. Copies of the Agency Agreement, any SIS Note Supplemental Agency Agreement and the Uncertificated Swiss Note Agency Agreement will be available for inspection during normal business hours at the office of the relevant Agent.

The applicable provisions of the relevant Final Terms will be endorsed upon, or attached to, each temporary global Note, permanent global Note, definitive Bearer Note and Registered Note. A copy of the relevant Final Terms (as applicable) for each issue of Notes will be available for inspection at the specified office of the relevant Agent and, in the case of Notes in registered form, the relevant Registrar. In respect of Notes listed on the regulated market of the Luxembourg Stock Exchange or the Luxembourg Stock Exchange's Euro MTF Market, a copy of the relevant Final Terms will be lodged with the Luxembourg Stock Exchange and will be available free of charge at the specified office of the Paying Agent and the Transfer Agent in Luxembourg. In respect of Notes listed on the Regulated Market or the Global Exchange Market of Euronext Dublin, a copy of the Final Terms will be delivered to Euronext Dublin.

Each issue of Notes may be (i) represented by Notes in bearer form ("**Bearer Notes**") or (ii) represented by Notes in registered form ("**Registered Notes**") or (iii) represented by Bearer Notes or Registered Notes or (iv) in the case of Notes issued by UBS Head Office, UBS AG London Branch or UBS AG Jersey Branch, in uncertificated form ("**Uncertificated Swiss Notes**") as indicated in the relevant Final Terms. If the relevant Final Terms for an issue of Notes specifies that the Notes may be represented by Bearer Notes or

Registered Notes, then unless otherwise specified in the relevant Final Terms, Bearer Notes may be exchanged for Registered Notes of the same Series; however, it will not be possible to exchange Registered Notes for Bearer Notes.

Bearer Notes

Unless otherwise specified in the relevant Final Terms, in relation to each issue of Notes for which Bearer Notes are available, the Bearer Notes (other than Bearer SIS Notes) may initially be represented by any one or more of (i) one or more temporary global Notes (each, a "**Temporary Global Note**"), (ii) one or more permanent global Notes (each, a "**Permanent Global Note**") or (iii) definitive Notes. In the case of Bearer Notes initially represented by a Temporary or Permanent Global Note (each a "**Global Note**"), if the relevant Final Terms specify that the New Global Note form is not applicable, the Global Note will be deposited with a depositary for one, or a common depositary for more than one, clearing system, including Euroclear Bank SA/NV ("**Euroclear**"), Clearstream Banking S.A. ("**Clearstream Luxembourg**"), Clearstream Banking AG ("**Clearstream Frankfurt**") and SIS. Otherwise, if the relevant Final Terms specify that the New Global Note form is applicable, the Global Note will be deposited with a common safekeeper for Euroclear and/or Clearstream Luxembourg. Temporary Global Notes will be exchanged for either (i) a Permanent Global Note which, if the relevant Final Terms specify that the New Global Note form is not applicable, will be held by a depositary for one, or a common depositary for more than one, clearing system, or if the relevant Final Terms specify that the New Global Note form is applicable, will be held by a common safekeeper or clearing system, as the case may be, or (ii) definitive Notes in accordance with the provisions set out in the relevant Temporary Global Note. A Permanent Global Note may be exchanged for definitive Notes only in accordance with the provisions set out in the relevant Permanent Global Note. As a result of the issue of global Notes, rights conferred by Euroclear, Clearstream Luxembourg or Clearstream Frankfurt in relation to the Notes will be created in favour of Noteholders.

In the case of each Tranche of Bearer Notes that are SIS Notes ("**Bearer SIS Notes**"), such Bearer SIS Notes will be (i) issued by a Branch, and (ii) represented exclusively by a Permanent Global Note (*Globalurkunde auf Dauer*), which will be deposited with SIS or such other intermediary (*Verwahrungsstelle*) in Switzerland recognised by the SIX Swiss Exchange for purposes of article 6(1)(c) of the Swiss Federal Intermediated Securities Act of 3 October 2008, as amended (the "**FISA**") (SIS or such other intermediary, the "**SIS Note Intermediary**"). Once the Permanent Global Note is deposited with the SIS Note Intermediary and entered into the accounts of one or more participants of the SIS Note Intermediary, the Bearer SIS Notes represented thereby will constitute intermediated securities (*Bucheffekten*) within the meaning of the FISA ("**Intermediated Securities**"). For so long as the Permanent Global Note representing the Bearer SIS Notes remains deposited with the SIS Note Intermediary the co-ownership interest shall be suspended.

The records of the SIS Note Intermediary will determine the number of Bearer SIS Notes held through each participant in the SIS Note Intermediary. For so long as the Bearer SIS Notes constitute Intermediated Securities, (i) such Bearer SIS Notes may only be transferred by the entry of the transferred Bearer SIS Notes in a securities account of the transferee, and (ii) the holder of any such Bearer SIS Note will be the person, other than an intermediary (*Verwahrungsstelle*), holding such Bearer SIS Note in a securities account (*Effektenkonto*) with an intermediary (*Verwahrungsstelle*) or the intermediary (*Verwahrungsstelle*) holding such Bearer SIS Note for its own account (and the expressions "Noteholder", "Holder", "holder" and "holder of Notes" and related expressions shall be construed accordingly).

Neither the Issuer nor any holder of Bearer SIS Notes will at any time have the right to effect or demand the conversion of the Permanent Global Note documenting such Bearer SIS Notes into, or the delivery of, individually certificated securities (*Wertpapiere*) or uncertificated securities (*Wertrechte*).

No physical delivery of the Bearer SIS Notes shall be made unless and until Bearer SIS Notes in definitive form ("**Definitive Bearer SIS Notes**") are printed. Definitive Bearer SIS Notes may only be printed, in whole, but not in part, if the Principal Swiss Paying Agent determines, after consultation with the Issuer, that the printing of the definitive Notes is necessary or useful or the presentation of definitive Notes is required by Swiss or other applicable laws and regulations in connection with the enforcement of the rights of Noteholders. Should the Principal Swiss Paying Agent so determine, it shall provide for the printing of Definitive Bearer SIS Notes without cost to the holders of the relevant Bearer SIS Notes. If Definitive Bearer SIS Notes are printed, the Principal Swiss Paying Agent will (i) cancel the Permanent Global Note documenting the relevant Bearer SIS Notes and (ii) deliver the Definitive Bearer SIS Notes documenting

such Bearer SIS Notes to the relevant Noteholders against cancellation of such Notes in the Noteholders' securities accounts.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note documenting Bearer SIS Notes will be made through the SIS Note Intermediary without any requirement for certification.

Registered Notes

Registered Notes which are sold outside the United States (as defined in Regulation S ("**Regulation S**") under the United States Securities Act of 1933, as amended (the "**Securities Act**")) to non-US persons only in reliance on Regulation S, will initially be represented by interests in one or more permanent global unrestricted registered Notes (each an "**Unrestricted Global Note**"), without Coupons or Talons, which will be deposited with a depositary for, and registered in the name of a nominee of, Euroclear, Clearstream Luxembourg, Clearstream Frankfurt and/or any other relevant clearing system or deposited with a custodian for, and registered in the name of Cede & Co. as nominee for The Depository Trust Company ("**DTC**"). Interests in each such Unrestricted Global Note may be held only through Euroclear, Clearstream Luxembourg, Clearstream Frankfurt and/or any other such relevant clearing system and/or DTC, as applicable.

Each Note represented by an Unrestricted Global Note will either be: (a) in the case of a Note in registered form which is not to be held under the new safekeeping structure (the "**New Safekeeping Structure**" or "**NSS**"), registered in the name of a common depositary (or its nominee) for Euroclear and/or Clearstream Luxembourg and/or any other relevant clearing system and the relevant Unrestricted Global Note will be deposited on or about the issue date with the common depositary; or (b) in the case of a Note in registered form which is intended to be held as eligible collateral for the operations of the Eurosystem and which is therefore to be held under the New Safekeeping Structure, be registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream Luxembourg and/or any other relevant clearing system and the relevant Unrestricted Global Note will be deposited on or about the issue date with the common safekeeper for Euroclear and/or Clearstream Luxembourg.

Registered Notes sold in the United States to "qualified institutional buyers" (as defined in Rule 144A under the Securities Act ("**Rule 144A**")) only in reliance upon Rule 144A will initially be represented by one or more permanent global restricted registered Notes (each, a "**Restricted Global Note**"), without Coupons or Talons, which will be deposited with a custodian for, and registered in the name of Cede & Co. as nominee for DTC or, subject to compliance with applicable legal, regulatory and clearing system requirements, deposited with a depositary for, and registered in the name of, a nominee of Euroclear or Clearstream Luxembourg.

Registered Notes sold both in the United States to "qualified institutional buyers" in reliance upon Rule 144A and outside the United States to non-US persons in reliance on Regulation S will initially be represented by one or more unified global registered Notes (each, a "**Unified Global Note**"), without Coupons or Talons, which will be deposited with a depositary for, and registered in the name of a nominee of, Euroclear and/or Clearstream Luxembourg. Interests in each such Unified Global Note may be held only through Euroclear and/or Clearstream Luxembourg.

References in this Base Prospectus to "**Global Note Certificate**" shall be construed as a reference to an Unrestricted Global Note and/or a Restricted Global Note and/or a Unified Global Note.

Holders of interests in a Global Note Certificate may apply for definitive Registered Notes only in the limited circumstances set out in the relevant global Note.

The Registered Notes are constituted by the Deed of Covenant.

Uncertificated Swiss Notes

Uncertificated Swiss Notes will be sold outside the United States only to non-US persons in reliance on Regulation S and will be issued as either Uncertificated Swiss SIS Notes or Uncertificated Swiss Non-SIS Notes, as specified in the relevant Final Terms.

Uncertificated Swiss SIS Notes

Uncertificated Swiss SIS Notes will be issued as uncertificated securities (*einfache Wertrechte*) in accordance with article 973c of the Swiss Code of Obligations, which will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*). Such uncertificated securities will be entered into the main register (*Hauptregister*) of SIS or any other SIS Note Intermediary and, once such uncertificated securities are entered into accounts of one or more participants of the SIS Note Intermediary, the Uncertificated Swiss SIS Notes will constitute Intermediated Securities.

The records of the SIS Note Intermediary will determine the number of Uncertificated Swiss SIS Notes held through each participant in the SIS Note Intermediary. For so long as the Uncertificated Swiss SIS Notes constitute Intermediated Securities, (i) the Uncertificated Swiss SIS Notes may only be transferred by the entry of the transferred Uncertificated Swiss SIS Notes in a securities account of the transferee, and (ii) the holder of any such Uncertificated Swiss SIS Note will be the person, other than an intermediary (*Verwahrungsstelle*), holding such Uncertificated Swiss SIS Note in a securities account (*Effektenkonto*) with an intermediary (*Verwahrungsstelle*) or the intermediary (*Verwahrungsstelle*) holding such Uncertificated Swiss SIS Note for its own account (and the expressions "Noteholder", "Holder", "holder" and "holder of Notes" and related expressions shall be construed accordingly).

Neither the Issuer nor any holder of an Uncertificated SIS Note nor any third party will at any time have the right to effect or demand the conversion of such Uncertificated SIS Note into, or the delivery of, a permanent global certificate (*Globalurkunde*) or individually certificated securities (*Wertpapiere*).

Uncertificated Swiss Non-SIS Notes

Uncertificated Swiss Non-SIS Notes will be issued as uncertificated securities (*einfache Wertrechte*) in accordance with article 973c of the Swiss Code of Obligations, which will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*). Such uncertificated securities will be entered into the main register (*Hauptregister*) of UBS Switzerland AG in its capacity as intermediary (*Verwahrungsstelle*) for purposes of article 6(1)(c) of the FISA (the "**Non-SIS Note Intermediary**") and, once such uncertificated securities are entered into accounts of one or more participants of the Non-SIS Note Intermediary, the Uncertificated Swiss Non-SIS Notes will constitute Intermediated Securities.

The records of the Non-SIS Note Intermediary will determine the number of Uncertificated Swiss Non-SIS Notes held through each participant in the Non-SIS Note Intermediary. For so long as the Uncertificated Swiss Non-SIS Notes constitute Intermediated Securities, (i) the Uncertificated Swiss Non-SIS Notes may only be transferred by the entry of the transferred Uncertificated Swiss Non-SIS Notes in a securities account of the transferee, and (ii) the holder of any such Uncertificated Swiss Non-SIS Note will be the person, other than an intermediary (*Verwahrungsstelle*), holding such Uncertificated Swiss Non-SIS Note in a securities account (*Effektenkonto*) with an intermediary (*Verwahrungsstelle*) or the intermediary (*Verwahrungsstelle*) holding such Uncertificated Swiss SIS Note for its own account (and the expressions "Noteholder", "Holder" and "holder of Notes" and related expressions shall be construed accordingly).

A Series of Uncertificated Swiss Non-SIS Notes will not be registered with the SIS or any other central securities depository, unless and until any Noteholder elects to convert the Notes of such Series, in whole but not in part, into Uncertificated Swiss SIS Notes in accordance with Condition 2(e)(ii).

Neither the Issuer nor any holder of an Uncertificated Swiss Non-SIS Note will at any time have the right to effect or demand the conversion of such Uncertificated Swiss Non-SIS Note into, or the delivery of, a permanent global certificate (*Globalurkunde*) or individually certificated securities (*Wertpapiere*).

Conditions applicable to Global Notes (other than Bearer SIS Notes)

Each Global Note (except in the case of Bearer SIS Notes) and Global Note Certificate will contain provisions which modify the General Terms and Conditions as they apply to the Global Note or Global Note Certificate. The following is a summary of certain of those provisions:

Payments: All payments in respect of the Global Note or Global Note Certificate which, according to the General Terms and Conditions, require presentation and/or surrender of Note or Coupon will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note or Global Note Certificate to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Notes. On each

occasion on which a payment of principal or interest is made in respect of the Global Note, the Issuer shall procure that in respect of a Classic Global Note the payment is noted in a schedule thereto and in respect of a New Global Note the payment is entered *pro rata* in the records of Euroclear and Clearstream, Luxembourg.

Payment Business Day: in the case of a Global Note or a Global Note Certificate, shall be: if the currency of payment is euro, any day which the TARGET2 System is operating; or, if the currency of payment is not euro, any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment.

Electronic Consent and Written Resolution: While any Global Note or Global Registered Note is held on behalf of a clearing system, then:

- (a) approval of a resolution proposed by the Issuer given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75 per cent. in nominal amount of the Notes outstanding (an "**Electronic Consent**" as defined in the Agency Agreement) shall, for all purposes (including matters that would otherwise require an Extraordinary Resolution to be passed at a meeting for which a special quorum was satisfied), take effect as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held, and shall be binding on all Noteholders and holders of Coupons and Talons whether or not they participated in such Electronic Consent; and
- (b) where Electronic Consent is not being sought, for the purpose of determining whether a Written Resolution (as defined in the Agency Agreement) has been validly passed, the Issuer shall be entitled to rely on consent or instructions given in writing directly to the Issuer by (a) accountholders in the clearing system with entitlements to such Global Note or Global Registered Note and/or, where (b) the accountholders hold any such entitlement on behalf of another person, on written consent from or written instruction by the person identified by that accountholder as the person for whom such entitlement is held.

For the purpose of establishing the entitlement to give any such consent or instruction, the Issuer shall be entitled to rely on any certificate or other document issued by, in the case of (a) above, Euroclear, Clearstream, Luxembourg or any other relevant alternative clearing system (the "**relevant clearing system**") and, in the case of (b) above, the relevant clearing system and the accountholder identified by the relevant clearing system for the purposes of (b) above. Any resolution passed in such manner shall be binding on all Noteholders and Couponholders, even if the relevant consent or instruction proves to be defective. Any such certificate or other document shall, in the absence of manifest error, be conclusive and binding for all purposes. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear's EUCLID or Clearstream, Luxembourg's CreationOnline system) in accordance with its usual procedures and in which the accountholder of a particular nominal amount of the Notes is clearly identified together with the amount of such holding. The Issuer shall not be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by any such person and subsequently found to be forged or not authentic.

GENERAL TERMS AND CONDITIONS

2. FORM AND DENOMINATION

(a) General

- (i) The Aggregate Nominal Amount of the Notes is specified in the relevant Final Terms. All payments in relation to the Notes will be made in the same currency as the Aggregate Nominal Amount unless otherwise specified in the relevant Final Terms. The Notes are available in the Specified Denominations specified in the relevant Final Terms.
- (ii) Unless otherwise specified in the relevant Final Terms, each Issue of Notes may be (A) represented by (i) Bearer Notes or (ii) Registered Notes or (iii) Bearer Notes or Registered Notes or (B) issued as (i) Uncertificated Swiss SIS Notes or (ii) Uncertificated Swiss Non-SIS Notes, as indicated in the relevant Final Terms. If an issue of Notes is represented by Bearer Notes or Registered Notes, then unless otherwise specified in the Final Terms, Bearer Notes may be exchanged for Registered Notes. However, Registered Notes may not be exchanged for Bearer Notes.

(b) Bearer Notes

- (i) Unless otherwise specified in the Final Terms, in relation to each issue of Notes for which Bearer Notes are available, the Bearer Notes may initially be represented by any one or more of (i) one or more Temporary Global Notes, (ii) one or more Permanent Global Notes, or (iii) serially numbered definitive Notes.
- (ii) In the case of Bearer Notes initially represented by a Temporary Global Note or Permanent Global Note, such global note will be deposited with a depositary for one, or a common depositary or common safekeeper for more than one, clearing system, including Euroclear Bank SA/NV ("**Euroclear**"), Clearstream Banking S.A. - (vi) In the case of Bearer SIS Notes, such Notes will be (i) issued by the Issuer acting through a Branch and (ii) represented exclusively by a Permanent Global Note (*Globalurkunde auf Dauer*), which shall be deposited with SIS or any other SIS Note Intermediary. Once the Permanent Global Note is deposited with the SIS Note Intermediary and entered into the accounts of one or more participants of the SIS Note Intermediary, the Bearer SIS Notes represented thereby will constitute Intermediated Securities. The Permanent Global Note will only be exchangeable, in whole but not in part, for definitive Bearer SIS Notes if the Principal Swiss Paying Agent determines, after consultation with the Issuer, that the printing of definitive Notes is necessary or useful, or the presentation of definitive Notes is required by Swiss or other applicable laws and regulations in connection with the enforcement of the rights of Noteholders. Neither the Issuer nor any holder of Bearer SIS Notes will at any time have the right to effect or demand the conversion of the Permanent Global Note documenting such Bearer SIS Notes into, or the delivery of, individually certificated securities (*Wertpapiere*) or uncertificated securities (*Wertrechte*).

- (ii) Neither the Issuer nor any holder of an Uncertificated Swiss SIS Note will at any time have the right to effect or demand the conversion of such Uncertificated Swiss SIS Note into, or the delivery of, a permanent global certificate (*Globalurkunde*) or individually certificated securities (*Wertpapiere*).

- (ii) With respect to a Series of Uncertificated Swiss Non-SIS Notes, any Noteholder may elect to convert the Uncertificated Swiss Non-SIS Notes of such Series, in

whole but not in part, into Uncertificated Swiss SIS Notes by notice to the Person specified for such purposes in, and accordance with the requirements set out in, the relevant Final Terms. Once the Uncertificated Swiss Non-SIS Notes of a Series have been so entered into the main register (*Hauptregister*) of the SIS Note Intermediary and entered into the accounts of one or more participants in the SIS Note Intermediary, (i) such Notes will be considered Uncertificated Swiss SIS Notes for purposes of the Terms and Conditions of the Notes and the provisions in relation thereto will apply accordingly, and (ii) the Issuer shall promptly give notice thereof to the Noteholders in accordance with Condition 13 (*Notices*).

- (iii) Neither the Issuer nor any holder of an Uncertificated Swiss Non-SIS Note will at any time have the right to effect or demand the conversion of such Uncertificated Swiss Non-SIS Note into, or the delivery of, a permanent global certificate (*Globalurkunde*) or individually certificated securities (*Wertpapiere*).

- (b) Title to Registered Notes will pass by registration in the register which is maintained by the relevant Registrar.
- (c) For so long as the Uncertificated Swiss Notes constitute Intermediated Securities, transfers of Uncertificated Swiss Notes may only be effected by the entry of the transferred Uncertificated Swiss Notes in a securities account of the transferee.
- (d) In relation to any Note or Coupon (except as ordered by a court of competent jurisdiction or required by law), the relevant Noteholder, Couponholder or Talonholder shall be deemed to be, and the Issuer, Registrars and Paying Agents shall be entitled to treat the relevant Noteholder, Couponholder and Talonholder as, the absolute owner of the relevant Note or Coupon for all purposes whether or not the relevant Note, Coupon or Talon is overdue and notwithstanding any notice of ownership, theft or loss of, or any writing on, the relevant Note or Coupon. In addition, in relation to any Note or Coupon, no one shall be required to obtain any proof of (i) ownership of the relevant Note or Coupon (ii) the identity of the relevant Noteholder or Couponholder. No Person shall have any right to enforce any term or condition of any Note under the Contracts (Rights of Third Parties) Act 1999.

4. TRANSFER OF REGISTERED NOTES

- (a) A Registered Note may, upon the terms and subject to the conditions set forth in the Agency Agreement, be transferred in whole or in part only (**provided that** such part is, or is an integral multiple of, the minimum denomination specified in the relevant Final Terms) upon the surrender of the Registered Note to be transferred, together with the form of transfer endorsed on it duly completed and executed, at the specified office of the relevant Registrar or any Transfer Agent. A new Registered Note will be issued to the transferee and, in the case of a transfer of part only of a Registered Note, a new Registered Note in respect of the balance not transferred will be issued to the transferor.

- (b) Each new Registered Note to be issued upon the transfer of Registered Notes will, upon the effective receipt of such form of transfer by the relevant Registrar at its specified office, be available for delivery at the specified office of the relevant Registrar or any Transfer Agent. For these purposes, a form of transfer received by the relevant Registrar or any Transfer Agent during the period of fifteen London Banking Days or, as the case may be, Relevant Banking Days ending on the due date for any payment on the relevant Registered Notes shall be deemed not to be effectively received by the relevant Registrar or any Transfer Agent until the day following the due date for such payment. For the purposes of the Terms and Conditions of the Notes, "**Relevant Banking Day**" means a day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in the place where the specified office of the relevant Registrar or any Transfer Agent is located.
- (c) The issue of new Registered Notes on transfer will be effected without charge by or on behalf of the Issuer or the relevant Registrar or any Transfer Agent, but upon payment by the applicant of (or the giving by the applicant of such indemnity as the relevant Registrar or Transfer Agent may require in respect of) any tax or other governmental charges which may be imposed in relation thereto.
- (d) For so long as any of the Registered Notes remain outstanding and are "**restricted securities**" within the meaning of Rule 144(a)(3) under the United States Securities Act of 1933, as amended (the "**Securities Act**"), the Issuer has agreed that it will, during any period in which it is neither subject to the reporting requirements of Section 13 or 15(d) under the United States Securities Exchange Act of 1934, as amended (the "**Exchange Act**") nor exempt from reporting under the Exchange Act pursuant to Rule 12g3-2(b) thereunder, furnish, upon request, to any Person in whose name such restricted securities are registered, to any owner of a beneficial interest in such restricted securities, and to any prospective purchaser of such restricted securities or beneficial interest therein designated by any such Person or beneficial owner, the information specified in Rule 144A(d)(4) under the Securities Act.
- (e) Registered Notes will, if so specified in the relevant Final Terms, be the subject of an application by the Issuer to DTC for the acceptance of such Registered Notes into DTC's book-entry settlement system. If such application is accepted, one or more registered Notes (each a "**DTC Note**") in denominations equivalent in aggregate to the aggregate nominal amount of relevant Registered Notes which are to be held in such system will be issued to DTC and registered in the name of Cede & Co., or such other Person as may be nominated by DTC for the purpose, as nominee for DTC, **provided that** no DTC Note may have a denomination of more than US\$500,000,000 and that, subject to such restriction, DTC Notes will always be issued in the largest possible denomination. Thereafter, such registered nominee will be the holder of record and entitled to rights in respect of each DTC Note.

Accordingly, each Person having a beneficial interest in a DTC Note must rely on the procedures of the institutions having accounts with DTC to exercise any rights of such Person. So long as Registered Notes are traded through DTC's book-entry settlement system, ownership of a beneficial interest in the relevant DTC Note will (unless otherwise required by applicable law or regulatory requirement) be shown on, and transfers of such beneficial interest may be effected only through, records maintained by (i) DTC or its registered nominee (as to participant-interests) or (ii) institutions having accounts with DTC.

- (f) In the case of transfers to a Person who takes delivery in the form of Notes represented by a Unified Global Note, from a holder of Notes represented by that Unified Global Note within the period when the Notes represented by a Unified Global Note are not "freely tradable" as defined below, upon (x) with respect only to transfers pursuant to Rule 144A under the Securities Act ("**Rule 144A**"), delivery of a duly executed investor representation letter from the relevant transferee substantially in the form of Schedule 3 (*Form of Transfer Certificate*) to the Agency Agreement and (y) certification (in the form available from any Paying Agent) to the Registrar by the transferor thereof that such transfer is being made either (x) to a Person whom the transferor reasonably believes is a

"qualified institutional buyer" who is acquiring such Notes in a transaction meeting the requirements of Rule 144A or (y) to a non-U.S. person in an offshore transaction pursuant to Regulation S.

For purposes of these General Terms and Conditions, a "**freely tradable**" share or debt security shall mean a share or a debt security which is registered under the Securities Act or not restricted under the Securities Act and which is not purchased from the issuer of such share or debt security and not purchased from an affiliate of the issuer of such share or debt security or which otherwise meets the requirements of a freely tradable share or debt security for purposes of the Securities Act, in each case as determined by the Calculation Agent in its sole and absolute discretion. In relation to a Note, "**freely tradable**" will be construed in accordance with Section 4(a)(1) of the Securities Act.

5. STATUS OF THE NOTES

(a) In the case of Senior Notes

If the Notes are specified as senior Notes ("**Senior Notes**") in the relevant Final Terms, the Notes and the relevant Coupons are direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* among themselves and (save for certain debts required to be preferred by law) equally with all other outstanding unsecured and unsubordinated obligations of the Issuer.

(b) In the case of Subordinated Notes

- (i) Subordinated Notes issued by the Issuer acting through its UBS AG London Branch, UBS AG Jersey Branch or UBS Head Office:

If the Notes are specified as subordinated Notes ("**Subordinated Notes**"), the Subordinated Notes constitute unsecured obligations of the Issuer acting through its UBS AG London Branch, UBS AG Jersey Branch or UBS Head Office, as the case may be and rank *pari passu* without any preference among themselves. The Subordinated Notes constitute subordinated debt obligations and rank *pari passu* with all other subordinated debt obligations of the Issuer other than subordinated debt obligations which rank below the Notes. Accordingly, payments of principal and interest are conditional upon the Issuer being solvent at the time of payment by the Issuer and no principal or interest shall be payable in respect of the Notes except to the extent that the Issuer could make such payment and still be solvent immediately thereafter. For the purpose of this Condition 5(b), the Issuer shall be solvent if (i) it is able to pay its debts as they fall due and (ii) its Assets exceed its Liabilities (in each case as defined below) (other than its Liabilities which are not Senior Claims).

For the purposes of these General Terms and Conditions, "**Senior Claims**" means the aggregate amount of all claims in respect of the deposit liabilities of the Issuer and all other liabilities of the Issuer (including all deposit liabilities and other liabilities of UBS Head Office, the Branches and all other branches and offices of the Issuer wherever located), except those liabilities which by their terms rank *pari passu* with or are subordinated to the Notes; "**Assets**" means the non-consolidated total assets of the Issuer and "**Liabilities**" means the nonconsolidated total liabilities of the Issuer, all as shown by the latest published audited balance sheet of the Issuer but adjusted for contingencies and for subsequent events.

Subject to applicable law, no Noteholder may exercise or claim any right of set-off, compensation or retention in respect of any amount owed to it by the Issuer, arising under or in connection with the Notes and each Noteholder shall, by virtue of his subscription, purchase or holding of any Note, be deemed to have waived all such rights of set-off, compensation or retention.

- (ii) Subordinated Notes issued by the Issuer acting through a Branch (other than any Branch referred to in paragraph (i) of this Condition 5(b)):

Where Subordinated Notes are to be issued by the Issuer acting through a Branch (other than UBS AG London Branch or UBS AG Jersey Branch), the provisions dealing with subordination will be included in the relevant Final Terms.

6. INTEREST

(a) Interest - Fixed Rate

If the Interest Basis specified in the relevant Final Terms is "Fixed", then the Notes shall bear interest from and including the Issue Date or, if different, the Interest Commencement Date specified in such Final Terms at the Rate of Interest specified in such Final Terms. Interest will be payable in arrear on the Interest Payment Dates specified in the relevant Final Terms and on the Maturity Date specified in such Final Terms. Interest will be calculated on the Day Count Fraction specified in such Final Terms.

The amount of interest payable in respect of the Notes per Calculation Amount on each Interest Payment Date will be the Fixed Coupon Amount, unless the relevant Final Terms specify that the Broken Amount is applicable to any such Interest Payment Date, in which case the amount of interest payable per Calculation Amount on such Interest Payment Date will be the Broken Amount.

The amount of interest payable in respect of each Note for any period for which a Fixed Coupon Amount or Broken Amount is not specified in the relevant Final Terms shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying such sum by the applicable Day Count Fraction, rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, one half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount.

(b) Interest - Floating Rate

- (i) If the Interest Basis specified in the Final Terms is "Floating" then the Notes shall bear interest from and including the Interest Commencement Date specified in the relevant Final Terms.
- (ii) The Calculation Agent will calculate the rate of interest which will apply to the Notes for each Interest Period (the "**Rate of Interest**") in accordance with the following terms, unless otherwise specified in the relevant Final Terms.
- (iii) ***Floating Rate Notes (ISDA Determination and Screen Rate Determination)***

(A) *ISDA Determination*

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this subparagraph (A), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the relevant Agent under an interest rate swap transaction if the relevant Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (1) the Floating Rate Option is as specified in the relevant Final Terms;

- (2) the Designated Maturity, if applicable, is a period specified in the relevant Final Terms; and
- (3) the relevant Reset Date, unless otherwise specified in the relevant Final Terms, has the meaning given to it in the ISDA Definitions;

For the purposes of this subparagraph (A), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

(B) *Screen Rate Determination*

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, and the Reference Rate is not Compounded Daily SOFR, Compounded Daily SONIA or SARON Compounded, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at the Relevant Time on the Interest Determination Date in question plus or minus (as indicated in the relevant Final Terms) the Margin (if any), all as determined by the Calculation Agent or such other Person specified in the relevant Final Terms. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

Subject to Condition 6(f) (*Benchmark Replacement for Floating Rate Notes and Fixed Rate/Floating Rate Notes (other than SOFR Notes)*), if the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the Relevant Time, the Calculation Agent shall request the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for deposits in the Specified Currency, in an amount approximately equal to the aggregate nominal amount of Notes of the relevant Tranche, for the relevant Interest Period at the Relevant Time on the relevant Interest Determination Date. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as indicated in the relevant Final Terms) the Margin (if any), all as determined by the Calculation Agent.

Subject to Condition 6(f) (*Benchmark Replacement for Floating Rate Notes and Fixed Rate/Floating Rate Notes (other than SOFR Notes)*), if on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with such offered quotations as

provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Calculation Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, at the Relevant Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Principal Financial Centre plus or minus (as indicated in the relevant Final Terms) the Margin (if any) or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, which, at the Relevant Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in the Principal Financial Centre or, as the case may be, the quotation of such bank or banks to the Calculation Agent plus or minus (as indicated in the relevant Final Terms) the Margin (if any), **provided that**, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest for the relevant Interest Period shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period if applicable, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or in the case of the first Interest Period for Notes that are Fixed Rate/Floating Rate Notes, the Rate of Interest for the relevant Interest Period will be equal to the Fixed Rate of Interest.

For the purposes of this Condition 6(b)**Error! Reference source not found.**(B):

"Reference Banks" means, in the case of (1) above, those banks whose offered rates were used to determine such quotation when quotation last appeared on the Relevant Screen Page and, in the case of (2) above, those banks whose offered quotations last appeared on the Relevant Screen Page when no fewer than three such offered quotations appeared.

"SNB Policy Rate" means, with respect to any Zurich Banking Day, the policy rate of the Swiss National Bank for such Zurich Banking Day.

"**n_i**" means, in respect of any Zurich Banking Day *i*, the number of days from (and including) such Zurich Banking Day *i* to (but excluding) the first following Zurich Banking Day; and

"**SARON_i**" means, in respect of any Zurich Banking Day *i*, SARON for such Zurich Banking Day *i*.

- (D) If the Calculation Agent (1) is required to use a SARON Recommended Replacement Rate or the SNB Policy Rate pursuant to subparagraph (3)(i) or (3)(ii) of the definition of the term "SARON" for purposes of determining SARON for any Zurich Banking Day, and (2) determines that any changes to the definitions of Business Day Convention, Day Count Fraction, Interest Determination Date, Interest Payment Date, Interest Period, Relevant Time, SARON Observation Period, SARON, SARON Administrator, SARON Administrator Website or Zurich Banking Day are necessary in order to use such SARON Recommended Replacement Rate (and any SARON Recommended Adjustment Spread) or the SNB Policy Rate (and any SNB Adjustment Spread), as the case may be, for such purposes, such definitions shall be amended pursuant to Condition 14 (*Meetings of Noteholders and modification of Terms and Conditions; Substitution*) to reflect such changes, and the Issuer shall promptly give notice to the Noteholders in accordance with Condition 13 (*Notices*) specifying the SARON Recommended Replacement Rate and any SARON Recommended Adjustment Spread or any SNB Adjustment Spread, as applicable, and the amendments implemented pursuant to Condition 14 (*Meetings of Noteholders and modification of Terms and Conditions; Substitution*).

(c) **Fixed Rate/Floating Rate Notes**

- (i) If the Interest Basis specified in the relevant Final Terms is "Fixed Rate/Floating Rate", the Notes will bear interest on their nominal amount at the applicable Rate of Interest from and including the Interest Commencement Date to but excluding (x) if the Notes are early redeemed pursuant to subparagraphs (b), (c), (d) or (e) of Condition 7 (*Redemption and Purchase*), the applicable Early Redemption Date, or (y) otherwise, the Maturity Date; **provided, however, that** if (upon due presentation thereof where presentation is required) payment with respect to any Note is improperly withheld or refused on such Early Redemption Date or the Maturity Date, as the case may be, interest will continue to accrue on the nominal amount of such Note (both before and after judgment) at the applicable Rate of Interest to but excluding the Relevant Date. Interest on the Notes will be payable in arrear on each Interest Payment Date.

(ii) **Calculation of amount of interest per Calculation Amount**

- (A) The amount of interest payable in respect of the Notes for any period ending on or prior to, or payable on any date falling on or prior to, the Floating Rate Commencement Date:
- (1) in the case of each Interest Payment Date, will be the Fixed Coupon Amount, unless the relevant Final Terms specify that the Broken Amount is applicable to any such Interest Payment Date, in which case the amount of interest payable per Calculation Amount on such Interest Payment Date will be the Broken Amount; or
 - (2) where a Fixed Coupon Amount or Broken Amount is not specified in the relevant Final Terms or in the case of any date that is not an Interest Payment Date, shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying such sum by the applicable Day Count Fraction,

rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, one half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount.

(B) If interest is required to be paid in respect of a Note on any date falling after the Floating Rate Commencement Date, the amount of interest payable per Calculation Amount on such date will be calculated by:

- (1) applying the applicable Rate of Interest to the Calculation Amount;
- (2) multiplying the product thereof by the Day Count Fraction; and
- (3) rounding the resulting figure to the nearest sub-unit of the Specified Currency, one half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(iii) ***Calculation of amount of interest per Note***

The amount of interest payable in respect of a Note will be the product of:

- (A) the amount of interest per Calculation Amount; and
- (B) the number by which the Calculation Amount is required to be multiplied to equal the nominal amount of such Note.

(d) **Interest - Index-linked**

If the Index-linked Interest Note Provisions are specified in the relevant Pricing Supplement as being applicable, the Rate(s) of Interest applicable to the Notes for each Interest Period will be determined in the manner specified in the relevant Pricing Supplement.

(e) **Interest - Floating Rate Notes and Index-linked Notes - General Provisions**

- (i) In respect of Floating Rate Notes (other than SOFR Notes, SONIA Notes and SARON Notes) and Index-linked Notes, the Calculation Agent will, as soon as practicable after determining the Rate of Interest in relation to each Interest Period, calculate the amount of interest (the "**Interest Amount**") payable in respect of the nominal amount of the smallest or minimum denomination or integral multiple, as the case may be, of such Notes specified in the relevant Final Terms for the relevant Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the currency in which such Notes are denominated or, as the case may be, in which such interest is payable (one half of any such sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount.
- (ii) In respect of SOFR Notes, SONIA Notes and SARON Notes, the Calculation Agent will, as soon as practicable after determining the Rate of Interest in relation to each Interest Period calculate the Interest Amount payable in respect of the nominal amount of the smallest or minimum denomination or integral multiple, as the case may be, of such Notes specified in the relevant Final Terms for the relevant Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by Day Count Fraction and rounding the resulting figure to the nearest

sub-unit of the currency in which such Notes are denominated or, as the case may be, in which such interest is payable (one half of any such sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount.

(f) **Benchmark Replacement for Floating Rate Notes and Fixed Rate/Floating Rate Notes (other than SOFR Notes)**

If the relevant Final Terms specify that this Condition 6(f) is applicable, then notwithstanding the provisions of Condition 6(b)**Error! Reference source not found.**(B) above, if the Issuer (in consultation with the Calculation Agent) determines prior to any Interest Determination Date, that a Benchmark Event has occurred or (in the case of SARON Notes) if the conditions set out in the last paragraph of the definition of the term "SARON" have been satisfied, then the following provisions shall apply (subject to the subsequent operation of this Condition 6(f)):

- (i) the Issuer shall use reasonable endeavours to appoint an Independent Adviser to determine in the Independent Adviser's reasonable discretion, (1) a Successor Rate or, alternatively, if the Independent Adviser determines that there is no Successor Rate, an Alternative Reference Rate to the relevant Reference Rate no later than three Business Days prior to the Interest Determination Date relating to the next succeeding Interest Period (such Business Day, the "**Independent Adviser Determination Cut-off Date**", and such next succeeding Interest Period, the "**Affected Interest Period**") for purposes of determining the Rate of Interest applicable to the Affected Interest Period and all Interest Periods thereafter or (2) (in the case of SARON Notes) in accordance with subparagraph (iv) below, an alternative rate to SARON (the "**Alternative SARON Reference Rate**"), being such rate as the Independent Adviser or the Issuer (in consultation with the Calculation Agent and acting in good faith and a commercially reasonable manner), as applicable, determines in its reasonable discretion has replaced SARON in customary market usage, or, if the Independent Adviser or the Issuer, as applicable, determines in its reasonable discretion that there is no such rate, such other rate as the Independent Adviser or the Issuer (in consultation with the Calculation Agent and acting in good faith and a commercially reasonable manner) determines in its reasonable discretion is most comparable to SARON, on or prior to the Affected Zurich Banking Day (such Zurich Banking Day, the "**Independent Adviser Determination Cut-off Date**"), for purposes of determining SARON applicable to the Affected Zurich Banking Day and for all subsequent Zurich Banking Days in the SARON Observation Period in which the Affected Zurich Banking Day falls (the "**Affected SARON Observation Period**") and all SARON Observation Periods thereafter;
- (ii) if on or prior to the Independent Adviser Determination Cut-off Date the Issuer is unable to appoint an Independent Adviser or the Independent Adviser appointed by the Issuer fails to determine (1) a Successor Rate or an Alternative Reference Rate in accordance with subparagraph (iv) below, then the Issuer (in consultation with the Calculation Agent and acting in good faith and a commercially reasonable manner) may determine in its discretion, in accordance with subparagraph (iv) below, a Successor Rate or, if the Issuer determines that there is no Successor Rate, an Alternative Reference Rate for purposes of determining the Rate of Interest applicable to the Affected Interest Period and all Interest Periods thereafter or (2) (in the case of SARON Notes) an Alternative SARON Reference Rate in accordance with subparagraph (iv) below, then the Issuer (in consultation with the Calculation Agent and acting in good faith and a commercially reasonable manner) may determine in its discretion, in accordance with subparagraph (iv) below, the Alternative SARON Reference Rate for purposes of determining SARON applicable to the Affected Zurich Banking Day and for all subsequent Zurich Banking Days

in the Affected Saron Observation Period and all Saron Observation Periods thereafter;

- (iii) if subparagraph (ii) above applies and (1) the Issuer is unable or unwilling to determine a Successor Rate or, failing which, an Alternative Reference Rate prior to the Interest Determination Date relating to the Affected Interest Period, the Rate of Interest applicable to the Affected Interest Period shall be the Rate of Interest determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the Affected Interest Period from that which applied to the last preceding Interest Period (pursuant to the terms contained in the relevant Final Terms (as applicable)), the Margin relating to the Affected Interest Period, in place of the Margin relating to that last preceding Interest Period) or in the case of the first Interest Period for Notes that are Fixed Rate/Floating Rate Notes, the Floating Rate of Interest will be equal to the Fixed Rate of Interest; **provided, however, that**, if this subparagraph (iii) applies to the Affected Interest Period, the Rate of Interest for all succeeding Interest Periods shall be the Rate of Interest applicable to the Affected Interest Period as determined in accordance with this paragraph (iii) unless (A) the Issuer, in its sole discretion, elects to determine a Successor Rate or an Alternative Reference Rate in respect of any such succeeding Interest Period and all Interest Periods thereafter in accordance with the relevant processes set out in this Condition 6(f), and (B) a Successor Rate or an Alternative Reference Rate is so determined, or (2) (in the case of Saron Notes) the Issuer is unable or unwilling to determine the Alternative Saron Reference Rate on or prior to the Independent Adviser Determination Cut-off Date in accordance with subparagraph (iv) below, (x) Saron applicable to the Affected Zurich Banking Day shall be Saron determined as at the last Zurich Banking Day preceding the Affected Zurich Banking Day, and (y) Saron for all succeeding Zurich Banking Days in the Affected Saron Observation Period and for all Zurich Banking Days in the Saron Observation Periods thereafter shall be Saron applicable to the Affected Zurich Banking Day as determined in accordance with this subparagraph (iii) unless (A) the Issuer, in its sole discretion, elects to determine an Alternative Saron Reference Rate in respect of any such succeeding Zurich Banking Day and all Zurich Banking Days thereafter in accordance with the processes set out in this Condition 6(f), and (B) an Alternative Saron Reference Rate is so determined; and
- (iv) if the Independent Adviser or the Issuer (in consultation with the Calculation Agent and acting in good faith and a commercially reasonable manner) determines (1) a Successor Rate or, failing which, an Alternative Reference Rate pursuant to subparagraphs (i) or (ii) above, respectively or (2) (or, in the case of Saron Notes) an Alternative Saron Reference Rate pursuant to subparagraphs (i) or (ii) above, respectively,
 - (A) the Independent Adviser (in the case of (B) below, in consultation with the Issuer) or, following consultation with the Calculation Agent, the Issuer (as the case may be) shall also determine in its reasonable discretion (I) the method for obtaining or otherwise determining the Successor Rate or Alternative Reference Rate (as applicable) or (in the case of Saron Notes) the Alternative Saron Reference Rate, including the page, section or other part of a particular information service on or source from which the Alternative Reference Rate or (in the case of Saron Notes) the Alternative Saron Reference Rate appears or is obtained (the "**Alternative Relevant Screen Page**"), and the time at which the Alternative Reference Rate appears on, or is obtained from, the Alternative Relevant Screen Page (the "**Alternative Relevant Time**"), (II) whether to apply an Adjustment Spread to the Successor Rate or Alternative Reference Rate (as applicable) or (in the case of Saron Notes) the Alternative Saron

Reference Rate and, if so, the Adjustment Spread, which Adjustment Spread shall be recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the relevant Reference Rate or (in the case of SARON Notes) SARON, where such rate has been replaced by the Successor Rate or Alternative Reference Rate (as applicable) or (in the case of SARON Notes) the Alternative SARON Reference Rate, and (III) any alternative method for obtaining the Successor Rate or Alternative Reference Rate (as applicable) if such rate is unavailable on the relevant Interest Determination Date or (in the case of SARON Notes) the Alternative SARON Reference Rate, which alternative method shall be consistent with any Successor Rate or Alternative Reference Rate (as applicable) or (in the case of SARON Notes) the Alternative SARON Reference Rate that has broad market support;

- (B) for the Affected Interest Period and all Interest Periods thereafter or (in the case of SARON Notes) the Affected Zurich Banking Day and all subsequent Zurich Banking Days in the Affected SARON Observation Period and all SARON Observation Periods thereafter, references to the Reference Rate or (in the case of SARON Notes) SARON in the Terms and Conditions of the Notes shall be deemed to be references to the Successor Rate or Alternative Reference Rate (as applicable) or (in the case of SARON Notes) SARON (giving effect to any Adjustment Spread determined pursuant to paragraph (A)(II) above and including any alternative method for determining the Successor Rate or Alternative Reference Rate (as applicable) or (in the case of SARON Notes) SARON as described in paragraph (A)(III) above);
- (C) references to the Relevant Screen Page, if applicable, and to the Relevant Time in the Terms and Conditions of the Notes shall be deemed to be references to the Alternative Relevant Screen Page and the Alternative Relevant Time, respectively;
- (D) if any changes to the definitions of Day Count Fraction, Business Day, Business Day Convention, Interest Determination Date, (in the case of SARON Notes) SARON, SARON Observation Period or Zurich Banking Day and/or changes to any of Conditions 6(b)(iii)(B), 6(b)(iv), 6(b)(v), 6(f) and/or 6(j) are necessary in order to implement the Successor Rate or Alternative Reference Rate (as applicable) or (in the case of SARON Notes) the Alternative SARON Reference Rate, (including any Adjustment Spread determined pursuant to paragraph (A)(II) above and any alternative method for determining the Successor Rate or Alternative Reference Rate (as applicable) or (in the case of SARON Notes) the Alternative SARON Reference Rate as described in paragraph (A)(III) above), such definitions and Conditions 6(b)(iii)(B), 6(b)(iv), 6(b)(v), 6(f) and/or 6(j) shall be amended pursuant to paragraph (b) of Condition 14 (*Meetings of Noteholders and Modifications of Terms and Conditions; Substitution*) to reflect such changes; and
- (E) the Issuer shall promptly give notice to the Noteholders in accordance with Condition 13 (*Notices*) specifying the Successor Rate or Alternative Reference Rate (as applicable) or (in the case of SARON Notes) the Alternative SARON Reference Rate (including any Adjustment Spread determined pursuant to paragraph (A)(II) above and any alternative method for obtaining the Successor Rate or Alternative Reference Rate (as applicable) or (in the case of SARON Notes) the Alternative SARON Reference Rate as described in paragraph (A)(III) above), the Alternative Relevant Screen Page, the Alternative Relevant Time, and any amendments implemented

(h) **Partly Paid Notes**

In the case of partly paid Notes (other than partly paid Notes which are Zero Coupon Notes) interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as indicated in the relevant Final Terms.

(i) **Notification of Rates of Interest etc. by Calculation Agent; calculation of Interest Amounts and Rates of Interest pursuant to Condition 7 (*Redemption and Purchase*)**

- (i) The Calculation Agent will cause each Rate of Interest, Interest Payment Date, Interest Amount and such other information as may be determined by it, to be notified to the Paying Agents and, in the case of Registered Notes, the relevant Registrar and the Transfer Agents (from whose respective specified offices such information will be available) as soon as practicable after such determination but in any event not later than the fourth London Banking Day after the Interest Determination Date or, in the case of SOFR Notes, SONIA Notes and SARON Notes, not later than the last day of the relevant Interest Period and, in the case of Notes admitted to the Luxembourg Stock Exchange's regulated market, the Euro MTF Market of the Luxembourg Stock Exchange or the regulated market of Euronext Dublin (the "**Regulated Market**") or the Global Exchange Market of Euronext Dublin, cause each such Rate of Interest, Interest Amount and such other information as the case may be, to be notified to the Luxembourg Stock Exchange or Euronext Dublin no later than the first day of the relevant Interest Period or, in the case of SOFR Notes, SONIA Notes and SARON Notes, on the last day of the relevant Interest Period. The Calculation Agent will be entitled to amend any Rate of Interest, Interest Amount, Interest Payment Date or other information (or to make appropriate alternative arrangements by way of adjustment) without notice in the event of the extension or abbreviation of the relevant Interest Period or calculation period. Notice of any amendment will be given in accordance with this Condition.
- (ii) If the Notes are to be redeemed pursuant to subparagraphs (b), (c), (d) or (e) of Condition 7 (*Redemption and Purchase*) and, in the case of Fixed Rate/Floating Rate Notes, the Early Redemption Date falls in the Floating Rate Period, the Calculation Agent shall calculate any interest amount payable on the Early Redemption Date and cause such interest amount to be notified to the Issuer, to the Paying Agents and, in the case of Registered Notes, the relevant Registrar and the Transfer Agents and to any stock exchange or other relevant authority on which the Notes are at the relevant time listed and to be published in accordance with Condition 13 (*Notices*) no later than two Business Days prior to the Early Redemption Date. If the Notes become due and payable in accordance with Condition 7 (*Redemption and Purchase*), the final Rate of Interest shall be calculated for the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the date on which the Notes become so due and payable, and such Rate of Interest shall continue to apply to the Notes for so long as interest continues to accrue thereon as provided in Condition 6(b).

- (iii) All determinations made by the Calculation Agent (or, if applicable, any Independent Adviser) for the purposes of this Condition shall, in the absence of manifest error, be final and binding on all parties.

(j) **Maximum or Minimum Rate of Interest**

If any Maximum Rate of Interest, Maximum Floating Rate of Interest, Minimum Rate of Interest and/or Minimum Floating Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified. Unless otherwise specified in the relevant Final Terms, the Minimum Rate of Interest and Minimum Floating Rate of Interest shall be deemed to be zero.

7. **REDEMPTION AND PURCHASE**

(a) **Final Redemption**

Unless previously redeemed, or purchased and cancelled, Notes shall be redeemed by the Issuer at the Final Redemption Amount as specified in the relevant Final Terms, or determined in the manner specified in the Final Terms (and rounded to the nearest sub-unit, one half of any such sub-unit to be rounded upwards unless otherwise specified in the Final Terms) on the Maturity Date or Dates specified in the relevant Final Terms; **provided that**, in the case of Subordinated Notes, the redemption date may not fall earlier than five years and one day after the Issue Date.

(b) **Redemption for Taxation Reasons**

The Issuer may at any time redeem all of the Notes (but may not partially redeem the Notes) at their nominal amount or the Tax Redemption Amount specified in the relevant Final Terms (together in each case with accrued interest in the case of interest bearing Notes), on giving not less than 30 and not more than 45 days' (or such other period as may be specified in the relevant Final Terms) notice to the Noteholders and the relevant Agent (and in the case of Registered Notes, the relevant Registrar) of its intention to redeem the Notes in accordance with this Condition, if:

- (i) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay Additional Amounts as provided or referred to in Condition 9 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of the Relevant Jurisdiction (as defined in Condition 9 (*Taxation*) below) or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes; and
- (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it; **provided that** no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such Additional Amounts were a payment in respect of the Notes then due.

(c) **Redemption at the Option of the Issuer (Fair Market Value)**

If this Condition 7(c) is specified as being applicable in the relevant Final Terms, then the Issuer may at any time redeem all of the Notes (but may not partially redeem the Notes) at the Fair Market Value Amount (together in each case with accrued interest in the case of interest bearing Notes), on giving not less than 15 and not more than 35 days' (or such other period as may be specified in the relevant Final Terms) notice to the Noteholders and the relevant Agent (and in the case of Registered Notes, the relevant Registrar) of its intention to redeem the Notes in accordance with this Condition, if, due to the adoption of or any change in any applicable law or regulations or due to the promulgation of or any change in interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulations, it has become illegal or impossible to hold, acquire, or dispose of the Notes by the Issuer or its affiliates or the Issuer or its

affiliates will incur materially increased costs in performing its obligations under such Notes. No further amounts will be due to Noteholders after such payment.

If the Calculation Agent determines, in its sole and absolute discretion, that the redemption of the Fair Market Value Amount in the Specified Currency is impossible, impracticable or illegal, the Issuer may redeem the Notes at the Fair Market Value Amount in another currency converted at the spot rate between the Specified Currency and such other currency determined by the Calculation Agent, taking into consideration all available information which the Calculation Agent deems relevant.

The "**Fair Market Value Amount**" will be, in respect of each nominal amount of Notes equal to the Calculation Amount, the fair market value of such Notes, less a pro rata share of the costs of unwinding any related underlying hedging arrangements, as determined by the Calculation Agent on a day selected by the Calculation Agent which such day must be at least one Business Day prior to the due date for early redemption. For the purposes of determining the fair market value of the Notes in the case of an Event of Default, the Issuer will be deemed to be able to meet its obligations in full as these fall due.

(d) **Redemption at the Option of the Issuer (Issuer Call)**

If this Condition 7(d) is specified as being applicable in the relevant Final Terms, the Issuer may, having given:

- (i) not less than 15 nor more than 35 days' (or such other period as may be specified in the relevant Final Terms) notice to the Noteholders in accordance with this Condition; and
- (ii) not less than 15 days before the giving of the notice referred to in subparagraph (i) above, notice to the Agent and the relevant Registrar, (which notices shall be irrevocable),

redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the relevant Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date; **provided that**, in the case of Subordinated Notes, the Optional Redemption Date may not fall earlier than five years and one day after the Issue Date. Any such redemption must be of a nominal amount equal to the Minimum Redemption Amount or a Higher Redemption Amount each as indicated in the relevant Final Terms.

(e) **Redemption at the Option of the Issuer (Make-Whole Redemption)**

If this Condition 7(e) is specified as being applicable in the relevant Final Terms, then the Issuer may, having given:

- (i) not less than 15 nor more than 35 days' (or such other period as may be specified in the relevant Final Terms) notice to the Noteholders in accordance with this Condition; and

elect, in its sole discretion, to redeem the Notes, in whole but not in part, on any Make-Whole Redemption Date at the Make-Whole Redemption Amount, together with any accrued and unpaid interest thereon to but excluding such Make-Whole Redemption Date.

(f) **The Appropriate Notice**

The notice referred to in paragraphs (b), (d), (e) and (e) of this Condition 7 is a notice given by the Issuer to the Noteholders, the relevant Agent and the relevant Registrar (in

the case of Registered Notes), which shall be signed by two authorised signatories of the Issuer and shall specify the following details:

- (i) the Series of Notes subject to redemption;
- (ii) whether such Series is to be redeemed in whole or in part only and, if in part only, the aggregate nominal amount of the Notes of the relevant Series which are to be redeemed;
- (iii) the due date for such redemption, which shall be a Business Day; and
- (iv) the circumstances giving rise to the Issuer's entitlement to effect such redemption.

Any such notice shall be irrevocable, and the delivery thereof shall oblige the Issuer to make the redemption therein specified.

(g) **Redemption at the Option of the Noteholders**

If this Condition 7(g) is specified as being applicable in the relevant Final Terms, then upon the holder of any Note giving to the Issuer not less than 15 nor more than 30 days' (or such other period as may be specified in the relevant Final Terms) notice prior to the relevant Optional Redemption Date or such other period of notice as is specified in the relevant Final Terms the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the relevant Final Terms, in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in the relevant Final Terms, together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date; **provided that**, in the case of Subordinated Notes, the Optional Redemption Date shall not fall earlier than five years and one day after the Issue Date.

If this Note is in definitive form, to exercise the right to require redemption of this Note, the holder of this Note must deliver such Note at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, accompanied by a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition.

If this Note is represented by a Permanent Global Note or Global Note Certificate the bearer of such Permanent Global Note or the holder of such Global Note Certificate must, within the notice period, give written notice of such exercise to the relevant Agent specifying the nominal amount of Notes in respect of which such option is exercised. Any such notice will be irrevocable and may not be withdrawn.

Any Put Notice given by a holder of any Note pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 11 (*Events of Default*).

(h) **Purchases**

The Issuer or any of its subsidiaries or affiliates may at any time purchase Notes at any price in the open market or otherwise. Such Notes may be held, reissued, resold or, at the option of the Issuer, surrendered to any Paying Agent for cancellation.

(i) **Cancellation**

All Notes redeemed in accordance with this Condition 7 (*Redemption and Purchase*) shall be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption) and may not be reissued or resold.

(j) **Early Redemption Amounts**

- (i) In respect of any Note (other than an Index-linked Note and a Zero Coupon Note), "**Early Redemption Amount**" means its nominal amount or such other amount as may be specified in, or determined in accordance with, these General Terms and Conditions or the relevant Final Terms.
- (ii) In the case of Index-linked Notes (other than Zero Coupon Notes but including Partly Paid Notes) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated, "**Early Redemption Amount**" means such amount specified in the relevant Pricing Supplement, or determined in the manner specified in the relevant Pricing Supplement, or, if no such amount or manner is so specified in the relevant Pricing Supplement, at their nominal amount.
- (iii) In the case of Zero Coupon Notes, "**Early Redemption Amount**" means the amount (the "**Amortised Face Amount**") equal to the sum of:

 - (B) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable.

Where such calculation is to be made for a period which is not a whole number of years, it shall be made on the basis of a 360-day year consisting of 12 months of 30 days each or such other calculation basis as may be specified in the relevant Final Terms.

(k) **Partial redemption**

If Notes are to be redeemed in part only on any date in accordance with Condition 7(d) (*Redemption at the Option of the Issuer (Issuer Call)*), in the case of Bearer Notes, the Notes to be redeemed shall be selected by the drawing of lots in such place as the relevant Agent approves and in such manner as the relevant Agent considers appropriate, subject to compliance with applicable law, the rules of each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the notice to Noteholders referred to in Condition 7(d) (*Redemption at the Option of the Issuer (Issuer Call)*) shall specify the serial numbers of the Notes so to be redeemed, and, in the case of Registered Notes, each Note shall be redeemed in part in the proportion which the aggregate nominal amount of the outstanding Notes to be redeemed on the relevant Optional Redemption Date bears to the aggregate nominal amount of outstanding Notes on such date. If any Higher Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount shall in no event be greater than the maximum or be less than the minimum so specified.

If any of the Notes to be redeemed in part only in accordance with Condition 7(d) (*Redemption at the Option of the Issuer (Issuer Call)*) are represented by a global Note, such global Note may be redeemed in part in the nominal amount specified by the Issuer in accordance with the Terms and Conditions of the Notes and the Notes to be redeemed will not be selected as provided in these General Terms and Conditions but in accordance with the rules and procedures of Euroclear and Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion).

- (iii) If the due date for payment of any amount (whether in respect of principal, interest or otherwise) in respect of any Bearer Notes is not a Payment Business Day in the place of presentation, then the Noteholder will not be entitled to payment thereof until the next following such Payment Business Day and no further payment shall be due in respect of such delay save in the event that there is a subsequent failure to pay in accordance with the Terms and Conditions of the Notes.
- (iv) Each definitive Bearer Note initially delivered with Coupons attached thereto should be surrendered for final redemption together with all unmatured Coupons appertaining thereto, failing which:
 - (A) in the case of definitive Bearer Notes which bear interest at a fixed rate or rates, the amount of any missing unmatured Coupons will be deducted from the amount otherwise payable on such final redemption, the amount so deducted being payable against surrender of the relevant Coupon at the specified office of any of the Paying Agents outside the United States or its possessions at any time prior to the tenth anniversary of the due date of such final redemption or, if later, the fifth anniversary of the date of maturity of such Coupon; and
 - (B) in the case of definitive Bearer Notes which bear interest at, or at a margin above or below, a floating rate, all unmatured Coupons relating to such definitive Bearer Notes (whether or not surrendered therewith) shall become void and no payment shall be made thereafter in respect of them.
- (v) So long as the Bearer SIS Notes are represented by a Permanent Global Note, the receipt by the SIS Note Intermediary of the due payment of funds in Swiss francs in Switzerland shall release the Issuer from its obligations under the Bearer SIS Notes (and the Coupons appertaining to them) for the payment of principal and interest to the extent of such payment. All payments required to be made by the Issuer under Bearer SIS Notes (and any Coupons appertaining to them) shall be made available in good time in freely disposable funds in Swiss francs and placed at the disposal of the Principal Swiss Paying Agent on behalf of the Noteholders. All payments required to be made under the Bearer SIS Notes shall be made to

the Noteholders in Swiss francs without collection costs (in the case of Definitive Bearer SIS Notes) in Switzerland at the specified offices located in Switzerland of the Principal Swiss Paying Agent upon their surrender without any restrictions and whatever the circumstances may be, irrespective of nationality, domicile or residence of the relevant holder of the Bearer SIS Note (and any Coupons appertaining to it) and without any certification, affidavit or the fulfilment of any other formality.

(b) **Payments - Registered Notes**

- (i) Payment of amounts (including accrued interest) due on the final redemption of Registered Notes will be made against presentation and, save in the case of a partial redemption, surrender of the relevant Registered Notes at the specified office of the relevant Registrar or any Transfer Agent.

- (iii) Payment of amounts (whether principal, interest or otherwise) due in respect of Registered Notes will be paid to the Holders thereof (or, in the case of joint Holders, the first-named) as appearing in the register kept by the relevant Registrar as at close of business (local time) on the Clearing System Business Day before the due date for such payment (the "**Record Date**") where "**Clearing System Business Day**" means a day on which each clearing system for which the Global Registered Note is being held is open for business.

(c) **Payments - Uncertificated Swiss SIS Notes**

The receipt by the Principal Swiss Paying Agent (or, if the Principal Swiss Paying Agent is UBS AG, Zurich and Basel, the receipt by the SIS Note Intermediary) of the due payment of funds in the Specified Currency in Switzerland shall release the Issuer from its obligations under the Uncertificated Swiss SIS Notes for the payment of principal and interest to the extent of such payment. All payments required to be made by the Issuer under Uncertificated Swiss SIS Notes shall be made available in good time in freely disposable funds in the Specified Currency and placed at the disposal of the Principal Swiss Paying Agent on behalf of the Noteholders. All payments required to be made under the Uncertificated Swiss SIS Notes shall be made to the Noteholders in the Specified Currency without collection costs in Switzerland without any restrictions and whatever the circumstances may be, irrespective of nationality, domicile or residence of the relevant holder of the Uncertificated Swiss SIS Note and without any certification, affidavit or the fulfilment of any other formality.

such Payment Business Day and no further payment shall be due in respect of such delay save in the event that there is a subsequent failure to pay in accordance with the Terms and Conditions of the Notes.

(d) **Payments - Uncertificated Swiss Non-SIS Notes**

The receipt by the relevant Noteholder of the due payment of funds in the Specified Currency shall release the Issuer from its obligations under the Uncertificated Swiss Non-SIS Notes for the payment of principal and interest to the extent of such payment. All payments required to be made by the Issuer under Uncertificated Swiss Non-SIS Notes shall be made available in good time in freely disposable funds in the Specified Currency, which will be placed at the disposal of the Principal Swiss Paying Agent on behalf of the Noteholders. All payments required to be made under the Uncertificated Swiss Non-SIS Notes shall be made to the Noteholders in the Specified Currency without collection costs in Switzerland without any restrictions and whatever the circumstances may be, irrespective of nationality, domicile or residence of the relevant holder of the Uncertificated Swiss Non-SIS Note and without any certification, affidavit or the fulfilment of any other formality. For the avoidance of doubt, once the Uncertificated Swiss Non-SIS Notes of a Series have been converted into Uncertificated Swiss SIS Notes, such Notes will be considered Uncertificated Swiss SIS Notes for purposes of the Terms and Conditions of the Notes and the provisions set forth under paragraph (c) above will apply accordingly.

If the due date for payment of any amount (whether in respect of principal, interest or otherwise) in respect of any Uncertificated Swiss Non-SIS Notes is not a Payment Business Day, then the Noteholder will not be entitled to payment thereof until the next following such Payment Business Day and no further payment shall be due in respect of such delay save in the event that there is a subsequent failure to pay in accordance with the Terms and Conditions of the Notes.

(e) **Payments - General Provisions**

- (i) Payments of amounts due (whether in respect of principal, interest or otherwise) in respect of Notes will be made (i) in the case of a currency other than Renminbi, in the currency in which it is denominated by cheque drawn on, or by transfer to an account maintained by the payee with, a bank in the Relevant Financial Centre (or, if such currency is euro, to any account to which euro may be credited or transferred), (ii) in the case of Renminbi, by transfer to an account denominated in that currency and maintained by or on behalf of the payee with a bank in the Principal Financial Centre of that currency and (iii) in the case of Swiss Notes, as described under Condition 8(a)(v), 8(c) or 8(d), as applicable, above.
- (ii) The Issuer reserves the right to vary or terminate the appointment of an Agent or any other Paying Agent or Transfer Agent, or any Registrar and to appoint additional or other Paying Agents or Transfer Agents, or another Registrar. The Issuer will at all times maintain (i) an Agent, (ii) a Registrar, (iii) a Paying Agent with a specified office in a European city (but outside the United Kingdom), and (iv) so long as any Notes are admitted to trading on the Luxembourg Stock Exchange's regulated market, the Euro MTF Market of the Luxembourg Stock Exchange or the Regulated Market, a Paying Agent and (in the case of Registered Notes) a Transfer Agent with a specified office in Luxembourg or Dublin, as the case may be. In respect of Fixed Rate/Floating Rate Notes, the Issuer will at all times maintain a Calculation Agent (on or after the Interest Determination Date for the first Interest Period). Any variation, termination or appointment shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not more than 45 nor less than 30 days' notice thereof shall have been given to the Noteholders in accordance with Condition 13 (*Notices*).
- (iii) If at any time the Calculation Agent fails to duly calculate (A) the Rate of Interest and the Interest Amount for any Interest Period or (B) if the Notes are to be redeemed pursuant to subparagraphs (b), (c), (d) or (e) of Condition 7

(*Redemption and Purchase*) and, in the case of Fixed Rate/Floating Rate Notes, the Early Redemption Date falls in the Floating Rate Period, the interest amount payable on the Early Redemption, then the Issuer reserves the right to terminate the appointment of the Calculation Agent and appoint a successor Calculation Agent; **provided, however, that**, if the Calculation Agent duly calculates such floating Rate of Interest, Interest Amount or interest amount payable on the Early Redemption Date, as the case may be, prior to its termination (and the appointment of its successor) taking effect in accordance with this subparagraph (e) of this Condition 8, the Issuer may elect, in its sole discretion and upon written notice to the Holders pursuant to Condition 13 (*Notices*), to cancel such termination (and appointment).

- (iv) In respect of Notes admitted to trading and listed on the SIX Swiss Exchange, the Issuer will at all times maintain at least one Swiss paying agent having a specified office in Switzerland if then required by the regulations of the SIX Swiss Exchange.

(f) **Inconvertibility, Non-transferability or Illiquidity**

This Condition 8(f) shall apply where the relevant Final Terms specify that this Condition 8(f) is applicable to the relevant issue of Renminbi Notes. For Renminbi Notes that are settled and deliverable in Hong Kong, if, notwithstanding the foregoing, if by reason of Inconvertibility, Non transferability or Illiquidity, the Issuer is not able, or it would be impracticable for it, to satisfy payments of principal or interest (in whole or in part) in respect of Renminbi Notes when due in Renminbi in the Principal Financial Centre of that currency, the Issuer, on giving not less than five nor more than 30 days' irrevocable notice to any Paying Agent and Noteholders in accordance with Condition 13 (*Notices*) prior to the due date for payment, shall be entitled to satisfy its obligations in respect of such payment by making such payment in U.S. dollars on the due date at the U.S. Dollar Equivalent of any such Renminbi denominated amount.

In such event, payment of the U.S. Dollar Equivalent of the relevant principal or interest amount in respect of the Renminbi Notes will be made by a U.S. dollar denominated cheque drawn on, or by transfer to an account maintained by the payee with a bank in the Relevant Financial Centre.

For the purposes of this Condition 8(f):

"Inconvertibility" means the occurrence of any event that makes it impossible, impracticable or illegal for the Issuer and/or any of its affiliates to convert any amount

If neither rate is available, the Renminbi Calculation Agent in good faith and in a commercially reasonable manner will determine the Spot Rate at or around 11: 00 a.m. (time in the Principal Financial Centre or such Relevant Financial Centre of Renminbi) on the Determination Date as the most recently available U.S. dollar/Renminbi official fixing rate for settlement in two Determination Business Days reported by The State Administration of Foreign Exchange of the PRC, which is reported on Reuters Screen Page CNY=SAEC. Any such meeting of the Noteholders may be convened at a physical location, or such other method (which may include, without limitation, a conference call or video conference) as the Agent may determine in accordance with the provisions of the Agency Agreement.

In addition, a resolution in writing signed by or on behalf of all Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Holders.

While any Global Note or Global Registered Note is held on behalf of a clearing system, then (subject to Condition 14(c)) approval of a resolution may be given by way of Electronic Consent (as defined in the Agency Agreement) and, where Electronic Consent is not being sought, for the purpose of determining whether a Written Resolution (as defined in the Agency Agreement) has been validly passed, the Issuer shall be entitled to rely on consent or instructions given by (a) accountholders in the clearing system with entitlements to such Global Note or Global Registered Note and/or, where (b) the accountholders hold any such entitlement on behalf of another person, on written consent from or written instruction by the person identified by that accountholder as the person for whom such entitlement is held. See "Terms and Conditions of the Notes – Conditions applicable to Global Notes (other than Bearer SIS Notes)".

- (b) Subject to Condition 14(c) below, the Notes and the Terms and Conditions of the Notes may be amended without the consent of the Noteholders or the Couponholders to correct a manifest error or, which may be necessary or desirable to give effect to the provisions of paragraph (C) of Condition 6(b)(iv) (*Interest – Floating Rate – SOFR Notes*), paragraph (D) of Condition 6(b)(vi) (*Interest – Floating Rate – SARON Notes*) and of Condition 6(f) (*Interest – Benchmark Replacement for Floating Rate Notes and Fixed Rate/Floating Rate Notes (other than SOFR Notes)*). In addition, the parties to the Agency Agreement may agree without the consent of the Noteholders or the Couponholders to any modification to the Agency Agreement which, in the reasonable opinion of such parties, is not materially prejudicial to the interest of the Noteholders or the Couponholders or which is of a formal, minor or technical nature or to any modification which is necessary, to correct a manifest error.
- (c) If the relevant Final Terms specify that this Condition 14(c) applies to the Notes of such Series, then the provisions on bondholder meetings contained in article 1157 et seq. of the Swiss Code of Obligations will apply, and (i) such provisions will apply in relation to meetings of Noteholders instead of the provisions described in paragraph (a) of this Condition 14 and Condition 14 will be construed accordingly, and (ii) any amendments described in paragraph (b) of this Condition 14 may only be done without the consent of the Noteholders if such consent is not required by mandatory provisions of Swiss law and this Condition 14 will be construed accordingly.
- (d) The Issuer may, at its option and having given no more than 30 nor less than 10 days' notice (ending, in the case of Notes which bear interest at a floating rate, on a day upon which interest is payable) to the Noteholders in accordance with Condition 13 (*Notices*) (which notice shall be irrevocable) and **provided that** no payment in respect of any such Series is overdue designate, without the consent of any Noteholder, an Affiliate (the "**Substitute Entity**") to assume in place of the Issuer or any previous Substitute Entity (the "**Current Entity**") liability for the due and punctual payment of all payments on all Notes then outstanding in the relevant Series and the performance of all the Issuer's other obligations under all the Notes then outstanding in the relevant Series, the Agency Agreement and the Deed of Covenant.

As used herein (i) "**Affiliate**" means any entity controlled, directly or indirectly, by the Issuer, any entity that controls the Issuer, directly or indirectly, or any entity under common control with the Issuer, and (ii) "**control**" of the Issuer or any entity means ownership of a majority of the voting power of the Issuer or such entity.

- (e) Upon any designation of a Substitute Entity pursuant to paragraph (d) above, the Substitute Entity shall succeed to the rights and obligations of the Current Entity under the Notes, the Agency Agreement and the Deed of Covenant and the Current Entity shall be released from its liability on the Notes, the Agency Agreement and the Deed of Covenant. Such assumptions shall be permitted only if the Substitute Entity and the Current Entity enter into a deed poll (the "**Deed Poll**") or, in the case of Swiss Notes, an agreement governed by Swiss law (the "**Swiss Substitution Agreement**"), whereby (i) the Substitute Entity assumes the obligations of the Current Entity (or any previous substitute) under the Notes, the Agency Agreement and the Deed of Covenant, (ii) the Substitute Entity and the Current Entity agree to indemnify each Noteholder and, if appropriate, each Accountholder (as defined in the Deed of Covenant) against (A) any tax, duty, fee or governmental charge imposed on or relating to the act of assumption and (B) any costs or expenses of the act of assumption and (iii) the Substitute Entity and the Current Entity shall warrant that all necessary governmental approvals and consents for the assumption by the Substitute Entity of its obligations have been obtained and are in full force and the obligations of the Substitute Entity under the Notes, (if appropriate) the Deed of Covenant, the Agency Agreement and the Deed Poll or Swiss Substitution Agreement, as applicable, are legal, valid, binding and enforceable against the Substitute Entity, **provided that** no substitution shall take place pursuant to this Condition 14 unless (v) the Issuer shall have obtained legal opinions containing no untoward qualifications from independent legal advisers in the respective countries in which the Substitute Entity and the Current Entity are incorporated, in Switzerland (in the case of Swiss Notes) and in England to the effect that the obligations of the Substitute Entity are its legal, valid and binding obligations, and that all consents and approvals as aforesaid have been obtained, (w) any credit rating agency currently rating the Series of Notes has confirmed in writing to the Current Entity that assumption by the Substitute Entity will not result in a downgrading of the then current credit rating of such rating agency applicable to the class of debt represented by the Notes, (x) each competent listing authority and/or stock exchange, on or by which the Notes are admitted to listing and/or trading shall have confirmed that, following the proposed substitution of the Substitute Entity, the Notes will continue to be admitted to listing and/or trading by the relevant competent listing authority and/or stock exchange, (y) in the case of a Substitute Entity not incorporated under the laws of England or Wales, the Substitute Entity has appointed a process agent as its agent in England and Wales to receive service of process on its behalf in relation to any legal proceedings arising out of or in connection with the Notes (except in relation to Swiss Notes) and (z) the Substitute Entity would not, on the occasion of the next payment due under the Notes, be required to pay any Additional Amounts under the Terms and Conditions of the Notes after giving effect to such substitution that the Current Entity would not have been required to pay immediately prior to such substitution, as determined by the Issuer at the time of sending the relevant notice to Noteholders pursuant to paragraph (d) above.
- (f) Not less than 10 nor more than 30 days prior to the effective date of any assumption by a Substitute Entity pursuant to paragraph (e) above, the Issuer shall procure the notification to the Noteholders, in accordance with Condition 13 (*Notices*), of the assumption and stating that copies, or pending execution thereof final drafts, of the Deed Poll or Swiss Substitution Agreement, as applicable, and other relevant documents and of the legal opinions are available for inspection by the Noteholders at the specified offices of the relevant Agent and (where relevant) the Registrar. The originals of the Deed Poll or Swiss Substitution Agreement, as applicable, and other relevant documents will be delivered to the relevant Agent to hold until there are no claims outstanding in respect of the Notes, (if appropriate) the Deed of Covenant, the Agency Agreement or the Deed Poll or Swiss Substitution Agreement, as applicable. The Substitute Entity and the Current Entity shall in the Deed Poll or Swiss Substitution Agreement, as applicable, acknowledge the right of every Noteholder of any Note or, as the case may be, every Accountholder to inspect such documents at the offices of the relevant Agent.
- (g) Upon any assumption pursuant to paragraph (e) above becoming effective, references in these General Terms and Conditions to the Relevant Jurisdiction being the jurisdiction of establishment of the Current Entity and Switzerland and any other jurisdiction imposing withholding or deduction on the payments in question as a result of the Issuer being

considered to be resident or doing business in such jurisdiction for tax purposes, shall be read and construed as including the jurisdiction of establishment of the Substitute Entity instead of or in addition to (as the case may be) references to the jurisdiction of establishment of the Current Entity and Switzerland and any other jurisdiction imposing withholding or deduction on the payments in question as a result of the Issuer being considered to be resident or doing business in such jurisdiction for tax purposes.

- (h) Prior to any assumption pursuant to paragraph (e) above, the Issuer may, without the consent of the Noteholders, upon giving no more than 30 and no less than 10 days' notice to the Noteholders in accordance with Condition 13 (*Notices*), at any time, (i) cease to make payments of principal, interest and any other amounts due under all Notes then outstanding in the relevant Series and fulfil any of its other obligations and exercise any of its other rights and powers in respect of, or arising under, all Notes then outstanding in the relevant Series through the Branch or the UBS Head Office, as applicable, through which it is acting at the time of the relevant notice, and (ii) commence making such payments, fulfilling such other obligations and exercising such powers and rights through another Branch or the UBS Head Office (if the Issuer was not acting through UBS Head Office at the time of the relevant notice) as designated in the relevant notice (an "**Issuing Branch Substitution**"), **provided that**, as of the time of giving the relevant notice, (A) the Issuer is not in default in respect of any amount payable under any Note in the relevant Series, and (B) the Issuer would not be required to pay any Additional Amounts under the Terms and Conditions of the Notes after giving effect to such Issuing Branch Substitution that it would not have been required to pay if such Issuing Branch Substitution were not to occur.
- (i) Upon any Issuing Branch Substitution pursuant to which the Issuer was not acting through the UBS Head Office immediately prior thereto, references in these General Terms and Conditions to the Relevant Jurisdiction being the jurisdiction of establishment of the Branch through which the Issuer was acting immediately prior to such Issuing Branch Substitution, shall be read and construed as references to (x) the jurisdiction of establishment of the Branch through which the Issuer is acting immediately after giving effect to such Issuing Branch Substitution or (y) if the Issuer is acting through the UBS Head Office immediately after giving effect to such Issuing Branch Substitution, Switzerland, in each case, instead of references to the jurisdiction of establishment of the Branch through which the Issuer was acting immediately prior to such Issuing Branch Substitution.
- (j) Upon any Issuing Branch Substitution pursuant to which the Issuer was acting through the UBS Head Office immediately prior thereto, references in these General Terms and Conditions to the Relevant Jurisdiction shall be read and construed as to include references to the jurisdiction of establishment of the Branch through which the Issuer is acting immediately after giving effect to such Issuing Branch Substitution in addition to Switzerland.

15. FURTHER ISSUES

The Issuer may from time to time without the consent of the Noteholders or the Couponholders create and issue further notes and, **provided that** such further notes have the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them), the further notes shall be consolidated and form a single series with the Notes. In such circumstances, references in these General Terms and Conditions to "**Notes**" include (unless the context requires otherwise) any other notes issued pursuant to this Condition and forming a single series with the Notes.

16. GOVERNING LAW AND JURISDICTION

- (a) The Agency Agreement (other than the Uncertificated Swiss Note Agency Agreement) and the Notes (other than Swiss Notes) and any related Coupons and Talons and all non-contractual obligations arising out of or in connection with the Agency Agreement, the Notes (other than Swiss Notes) and any related Coupons and Talons are governed by

English law, except for, in the case of Subordinated Notes, Condition 5(b) (*Status of the Notes - In the case of Subordinated Notes*), which are governed by Swiss law.

- (b) The courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Notes (other than Swiss Notes) or any related Coupons or Talons (including a dispute relating to the existence, validity or termination of the Notes, the Coupons or the Talons or any non-contractual obligation arising out of or in connection with the Notes, the Coupons or the Talons) or the consequences of the nullity of the Notes (other than Swiss Notes) or any related Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with the Notes (other than Swiss Notes) or any related Coupons or Talons ("**Proceedings**") may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of such courts and waives any objection to Proceedings in any such courts whether on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This submission is made for the benefit of each of the Noteholders, the Couponholders and the Talonholders and shall not limit the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).
- (c) The Issuer agrees that, except in relation to Swiss Notes, the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to it at 5 Broadgate, London EC2M 2QS, UK or at any other address of the Issuer in England at which service of process may be served on it in accordance with the Companies Act 2006. Nothing herein shall affect the right to serve process in any other manner permitted by law.
- (d) The Swiss Notes, any related Coupons and the Terms and Conditions of the Notes with respect to such Notes are governed by and shall be construed in accordance with the laws of Switzerland. The courts of the Canton of Zurich (venue being the City of Zurich) have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Swiss Notes and any related Coupons.
- (e) The Uncertificated Swiss Note Agency Agreement will be governed by and construed in accordance with the laws of Switzerland. The courts of the Canton of Zurich (venue being the City of Zurich) will have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Uncertificated Swiss Note Agency Agreement.

USE OF PROCEEDS

Unless otherwise specified in the relevant Final Terms, the net proceeds of the issue of each Series or Tranche of Notes (i) when issued by the Issuer acting through any Branch, will be used by the Issuer for its general corporate purposes or towards meeting the general financing requirements of the UBS AG Group, in each case outside Switzerland unless use in Switzerland is permitted under the Swiss taxation laws in force from time to time without payments in respect of the Notes becoming subject to withholding or deduction for Swiss withholding tax as a consequence of such use of proceeds in Switzerland or (ii) when issued by UBS Head Office, will be used by the Issuer for its general corporate purposes or towards meeting the general financing requirements of the UBS AG Group. If, in respect of any Series or Tranche of Notes, there is a particular identified use of proceeds, this will be specified in the relevant Final Terms.

The Final Terms relating to a specific Tranche of Notes may provide that such Notes are issued as "Green Bonds" (each, a "**Green Bond**"). In such case, it is intended that the Issuer and/or its subsidiaries will use an amount equal to the net proceeds of the issuance of such Notes to finance, refinance or otherwise maintain new and existing Eligible Assets (which can be identified on a Group-wide basis), as further described in the UBS Green Funding Framework. "**UBS Green Funding Framework**" refers to the UBS green funding framework initially dated 16 November 2021, available at www.ubs.com/greenbonds, as the same may be updated, amended and/or replaced from time to time. The UBS Green Funding Framework is aligned with the four components of the International Capital Market Association's (ICMA) Green Bond Principles, namely: (i) Use of Proceeds, (ii) Process for Project Evaluation and Selection, (iii) Management of Proceeds, and (iv) Reporting.

If any Group-wide Eligible Assets allocated to Notes issued as Green Bonds for purposes of the UBS Green Funding Framework are held by one of the Issuer's subsidiaries, the Issuer intends to allocate new or existing funding by the Issuer to that subsidiary as funding for the maintenance of such Group-wide Eligible Assets.

As of the date of this Base Prospectus, the initial Eligible Asset categories currently set out in the UBS Green Funding Framework are "green buildings", being mortgages provided to new or existing commercial or residential buildings certified, or to be certified, by the following green building certification systems: Minergie, Minergie-P or Minergie-A¹; or any other equivalent certification system as determined by UBS. UBS may apply additional environmental, social, and governance (ESG) screening filters in order to qualify mortgages provided to commercial buildings as Eligible Assets under the UBS Green Funding Framework. Additionally, the Eligible Asset categories may be updated, amended and/or replaced from time to time, and prospective investors in Notes issued as Green Bonds should note that any changes to the UBS Green Funding Framework (including to the definition or categorisation of Eligible Assets) after the issue date of such Notes may also apply in respect of such Notes.

Eligible Assets will be evaluated, selected, and reported on as described in the UBS Green Funding Framework and it is intended that an amount equal to the net proceeds of each issue of Notes issued as Green Bonds will be used as described in the UBS Green Funding Framework, although there is no contractual or regulatory obligation to do so. UBS intends to provide a Green Funding Investor Report on an annual basis, as described in the UBS Green Funding Framework.

UBS has appointed Sustainalytics as an independent assurance provider to provide a second party opinion on the UBS Green Funding Framework, available at www.ubs.com/greenbonds, which assesses the alignment of the UBS Green Funding Framework with the International Capital Market Association (ICMA) Green Bond Principles.

UBS may seek a Climate Bonds Initiative certification (programmatic or standalone) for its Notes issued as Green Bonds. In this event, UBS will conduct periodic assurance of such certification to reaffirm conformance of the relevant Notes with the criteria of the Climate Bonds Standard at least on an annual basis. The post-issuance certification will also be made available at www.ubs.com/greenbonds. If a Climate Bonds Initiative certification has not been sought, an alternative independent assurance provider will

3. **Business Overview**

3.1 ***Organisational Structure of UBS AG***

UBS AG is a Swiss bank and the parent company of the UBS AG Group. It is 100 per cent. owned by UBS Group AG, which is the holding company of the UBS Group. UBS operates as a group with four business divisions and Group Functions.

In 2014, UBS began adapting its legal entity structure in response to too-big-to-fail requirements and other regulatory initiatives. *First*, UBS Group AG was established as the ultimate parent holding company for the Group. In 2015, UBS AG transferred its personal & corporate banking and Swiss-booked wealth management businesses to the newly established UBS Switzerland AG, a banking subsidiary of UBS AG in Switzerland. That same year, UBS Business Solutions AG, a wholly owned subsidiary of UBS Group AG, was established and acts as the Group service company. In 2016, UBS Americas Holding LLC became the intermediate holding company for UBS's US subsidiaries and UBS's wealth management subsidiaries across Europe were merged into UBS Europe SE, UBS's German-headquartered European subsidiary. In 2019, UBS Limited, UBS's UK headquartered subsidiary, was merged into UBS Europe SE.

UBS Group AG's interests in subsidiaries and other entities as of 31 December 2021, including interests in significant subsidiaries, are discussed in "Note 29 Interests in subsidiaries and other entities" to the UBS Group AG's consolidated financial statements included in the Annual Report 2021.

UBS AG's interests in subsidiaries and other entities as of 31 December 2021, including interests in significant subsidiaries, are discussed in "*Note 29 Interests in subsidiaries and other entities*" to the UBS AG's consolidated financial statements included in the Annual Report 2021.

UBS AG is the parent company of, and conducts a significant portion of its operations through, its subsidiaries. UBS AG has contributed a significant portion of its capital and provides substantial liquidity to subsidiaries. In addition, UBS Business Solutions AG provides substantial services to group companies including UBS AG and its subsidiaries. To this extent, UBS AG is dependent on certain of the entities of the UBS AG Group and of the UBS Group.

3.2 ***Principal activities***

UBS businesses are organised globally into four business divisions: Global Wealth Management, Personal & Corporate Banking, Asset Management, and the Investment Bank. All four business divisions are supported by Group Functions. Each of the business divisions and Group Functions are described below. A description of the businesses, organisational structures, products and services and targeted markets of the business divisions and Group Functions can be found under "Our businesses" in the "Our strategy, business model and environment" section of the Annual Report 2021.

- *Global Wealth Management* provides financial services, advice and solutions to private clients, in particular in the ultrahigh net worth and high net worth segments. Its offering ranges from investment management to estate planning and corporate finance advice, in addition to specific wealth management products and services. The business division is managed globally across the regions.
- *Personal & Corporate Banking* serves its private, corporate, and institutional clients' needs, from basic banking to retirement, financing, investments and strategic transactions, in Switzerland, through its branch network and digital channels.
- *Asset Management* is a large-scale and diversified global asset manager. It offers investment capabilities and styles across all major traditional and alternative asset classes, as well as advisory support to institutions, wholesale intermediaries and wealth management clients globally.

Its offerings include advisory services, facilitating clients raising debt and equity from the public and private markets and capital markets, cash and derivatives trading across equities and fixed income, and financing.
- *Group Functions* is made up of the following major areas: Group Services (which consists of Technology, Corporate Services, Human Resources, Finance, Legal, Risk Control, Compliance, Regulatory & Governance, Communications & Branding and Group Sustainability and Impact), Group Treasury and Non-core and Legacy Portfolio.

3.3 ***Competition***

The financial services industry is characterised by intense competition, continuous innovation, restrictive, detailed, and sometimes fragmented regulation and ongoing consolidation. UBS faces competition at the level of local markets and individual business lines, and from global financial institutions that are comparable to UBS in their size and breadth, as well as competition from new technology-based market entrants, which may not be subject to the same level of regulation. Barriers to entry in individual markets and pricing levels are being eroded by new technology. UBS expects these trends to continue and competition to increase.

Any statements regarding the competitive position of UBS AG, UBS AG Group or the Group contained in this document are made on the basis of the opinion of UBS AG or the Group.

3.6 *Administrative, Management and Supervisory Bodies of UBS AG*

UBS AG complies with all relevant Swiss legal and regulatory corporate governance requirements. As a foreign private issuer with debt securities listed on the New York Stock Exchange ("**NYSE**"), UBS AG also complies with the relevant NYSE corporate governance standards applicable to foreign private issuers.

UBS AG operates under a strict dual board structure, as mandated by Swiss banking law. The Board of Directors of UBS AG ("**BoD**") exercises the ultimate supervision over management, whereas the Executive Board of UBS AG ("**EB**"), headed by the President of the Executive Board ("**President of the EB**"), has executive management responsibility. The functions of Chairman of the BoD and President of the EB are assigned to two different people, ensuring a separation of power. This structure establishes checks and balances and preserves the institutional independence of the BoD from the executive management of UBS AG Group, for which responsibility is delegated to the EB under the leadership of the President of the EB. No member of one board may simultaneously be a member of the other.

Supervision and control of the EB remain with the BoD. The authorities and responsibilities of the two bodies are governed by the Articles of Association and the Organization Regulations of UBS AG.

3.7 *Board of Directors*

The BoD consists of between five and 12 members. All the members of the BoD are elected individually by the shareholders at the Annual General Meeting ("**AGM**") for a term of office of one year, which expires after the completion of the next AGM. Shareholders also elect the Chairman upon proposal of the BoD.

The BoD meets as often as business requires, and at least six times a year.

3.9 *Potential Conflicts of Interest*

Members of the BoD and the EB may act as directors or executive officers of other companies (for current principal positions outside UBS AG, if any, of BoD and EB members, please see sections 4.1.1 and 4.2.1 above, respectively) and may have economic or other private interests that differ from those of UBS AG. Conflicts of interest may potentially arise from these positions or interests. For example, it cannot be excluded that a member of the BoD or EB has or will have a function within a company, the shares of which are or will be traded by UBS AG or which has or will have

a business relationship with UBS AG. UBS AG is confident that its internal corporate governance practices and its compliance with relevant legal and regulatory provisions reasonably ensure that any conflicts of interest of the type described above are appropriately managed, including through disclosure when appropriate.

Other than as indicated above, UBS is not aware of potential conflicts of interests between any duties to the Issuer of the members of the BoD and the EB and their private interests or other duties.

4. **Auditors**

5. **Major Shareholders of UBS AG**

UBS Group AG owns 100 per cent. of the outstanding shares of UBS AG. UBS AG is a wholly owned subsidiary of UBS Group AG. While UBS has no specific corporate measures intended to prevent abuse of control to the detriment of minority shareholders, UBS has adopted a comprehensive and integrated governance framework which takes into account the specific requirements of each relevant jurisdiction. This governance framework includes separate articles of association and organisational regulations for UBS Group AG and UBS AG. In addition, as UBS AG is regulated as a bank in Switzerland, it is subject to capital regulation and close supervisory oversight. This includes the general requirement under Swiss law that contracts of UBS AG with affiliates are subject to an arm's length principle of negotiation.

6.5 *Litigation, Regulatory and Similar Matters*

UBS operates in a legal and regulatory environment that exposes it to significant litigation and similar risks arising from disputes and regulatory proceedings. As a result, UBS is involved in various disputes and legal proceedings, including litigation, arbitration, and regulatory and criminal investigations. Such matters are subject to many uncertainties, and the outcome and the timing of resolution are often difficult to predict, particularly in the earlier stages of a case. The uncertainties inherent in all such matters affect the amount and timing of any potential outflows for both matters with respect to which provisions have been established and other contingent liabilities. Litigation, regulatory and similar matters may also result in non-monetary penalties and consequences. A guilty plea to, or conviction of, a crime could have material consequences for UBS. Resolution of regulatory proceedings may require UBS to obtain waivers of regulatory disqualifications to maintain certain operations, may entitle regulatory authorities to limit, suspend or terminate licenses and regulatory authorisations and may permit financial market utilities to limit, suspend or terminate UBS's participation in such utilities. Failure to obtain such waivers, or any limitation, suspension or termination of licenses, authorisations or participations, could have material consequences for UBS.

Specific litigation, regulatory and other matters, including all such matters that management considers to be material and others that management believes to be of significance due to potential financial, reputational and other effects, are described in "*Note 15 Provisions and contingent liabilities*" to the UBS AG unaudited interim consolidated financial statements included in the UBS AG First Quarter 2022 Report. The amount of damages claimed, the size of a transaction or other information is provided where available and appropriate in order to assist users in considering the magnitude of potential exposures.

The specific litigation, regulatory and other matters described in "*Note 15 Provisions and contingent liabilities*" to the UBS AG unaudited interim consolidated financial statements included in the UBS AG First Quarter 2022 Report include all such matters that management considers to be material and others that management believes to be of significance due to potential financial, reputational and other effects as described therein. The proceedings indicated below are matters that have recently been considered material, but are not currently considered material, by UBS. Except as disclosed in this prospectus, there is no litigation of which the Issuer is aware that may have, or has had during the 12 months prior to the date of this prospectus, a major impact on the financial position of UBS AG and its subsidiaries taken as a whole.

Belgium cross-borders investigation: In 2016, UBS was notified by the Belgian investigating judge that it was under formal investigation ("*inculpé*") regarding the allegations of laundering of proceeds of tax fraud, banking and financial solicitation by unauthorised persons, and serious tax fraud. In November 2021, the Council Chamber approved a settlement with the Brussels Prosecution Office for EUR 49 million without recognition of guilt with regard to the allegations

of banking and financial solicitation by unauthorised persons and serious tax fraud. The allegation of laundering of proceeds of tax fraud was dismissed.

6.6 ***Material Contracts***

No material contracts have been entered into outside of the ordinary course of UBS AG's or UBS AG Group's business which could result in any member of the UBS AG Group being under an obligation or entitlement that is material to UBS AG's ability to meet its obligations to the investors in relation to the issued securities.

6.7 ***Significant Changes in the Financial Position and Performance; Material Adverse Change in Prospects***

There has been no significant change in the financial position or financial performance of UBS AG Group since 31 March 2022, which is the end of the last financial period for which financial information has been published.

There has been no material adverse change in the prospects of UBS AG or UBS AG Group since 31 December 2021.

NO PROSPECTUS IS REQUIRED IN ACCORDANCE WITH REGULATION (EU) 2017/1129 [(THE "PROSPECTUS REGULATION")] FOR THE ISSUE OF NOTES DESCRIBED BELOW

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the "EEA"). TAXATION

The tax laws of the investor's State and of the Issuer's State of incorporation might have an impact on the income received from the Notes. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries.

The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in those countries or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Base Prospectus/Base Listing Particulars and is subject to any change in law that may take effect after such date.

SWITZERLAND

(a) Withholding tax

Notes issued by the Issuer acting through a non-Swiss branch: according to the present law and practice of the Swiss Federal Tax Administration, **provided that** the Issuer is recognised as a bank by the banking laws in force in the jurisdiction of the branch, effectively conducts banking activities and the net proceeds from the issue of Notes are used at all times while they are outstanding outside Switzerland, payments in respect of the Notes by the Issuer are not subject to Swiss withholding tax.

Notes issued by UBS Head Office: according to the present Swiss law and practice of the Swiss Federal Tax Administration, payments of interest on the Notes and payments which qualify as interest for Swiss withholding tax purposes, are subject to Swiss withholding tax (currently at a rate of 35 per cent.). If the respective requirements are met, the holder of a Note residing in Switzerland is entitled to a full refund or tax credit for the Swiss withholding tax whereas a holder of a Note who is not resident in Switzerland may be entitled to claim a full or partial refund of the Swiss withholding tax by virtue of the provisions of an applicable double taxation treaty, if any, concluded between Switzerland and the country of residence of such holder.

Potential New Withholding Tax Legislation: On 3 April 2020, the Swiss Federal Council published draft legislation and opened a consultation procedure regarding the reform of the Swiss withholding tax regime. The draft legislation, if enacted in its current form, would replace the current debtor-based regime applicable to interest payments with a paying agent-based regime for Swiss withholding tax. In general terms, the proposed paying agent-based regime would (i) subject all interest payments made through paying agents in Switzerland to individuals resident in Switzerland to Swiss withholding tax and (ii) exempt from Swiss withholding tax interest payments to all other persons, including to Swiss-domiciled legal entities and foreign investors (other than for indirect interest payments via foreign and domestic collective investments vehicles). However, the results of the consultation, which ended on 10 July 2020, were controversial. Consequently, on 15 April 2021, the Swiss Federal Council submitted new draft legislation on the reform of the Swiss withholding tax system providing for the abolition of Swiss withholding tax on interest payments on bonds for submission to the Swiss Parliament, which legislation was accepted by the Swiss Parliament on 17 December 2021. The entry into force of such legislation is still subject to a referendum. Notwithstanding the foregoing, if a new paying agent-based regime were nevertheless to be enacted as contemplated by the draft legislation published on 3 April 2020 and were to result in the deduction or withholding of Swiss withholding tax on any payment in respect of a Note by any person in Switzerland other than the Issuer, the holder of such Note would not be entitled to any additional amounts with respect to such Note as a result of such deduction or withholding under the Terms and Conditions of the Notes.

(b) **Transfer Stamp Tax**

Notes issued by the Issuer acting through a non-Swiss branch: there is no transfer stamp tax liability in Switzerland in connection with the issue and redemption of the Notes.

The trading of the Notes (with a term of more than 12 months) in the secondary market is subject to Swiss securities turnover tax at a rate of 0.3 per cent. of the consideration paid for the Notes traded, if a Swiss domestic (or Principality of Liechtenstein) securities dealer (as defined in the Swiss Stamp Tax Act) is a party to, or acts as an intermediary for, the transaction and no exemption applies in respect of one of the parties to the transaction. In such case and subject to applicable statutory exemptions, typically half of the Swiss securities turnover tax is charged to one party to the transaction and the other half to the other party.

Notes issued by UBS Head Office: there is no transfer stamp tax liability in Switzerland in connection with the issue and redemption of the Notes.

The trading of the Notes (with a term of more than 12 months) in the secondary market is subject to Swiss securities turnover tax at a rate of 0.15 per cent. of the consideration paid for the Notes traded, if a Swiss domestic (or Principality of Liechtenstein) securities dealer (as defined in the Swiss Stamp Tax Act) is a party to, or acts as an intermediary for, the transaction and no exemption applies in respect of one of the parties to the transaction. In such case and subject to applicable statutory exemptions, typically half of the Swiss securities turnover tax is charged to one party to the transaction and the other half to the other party. On 17 December 2021, the Swiss Parliament accepted legislation providing for the abolition of Swiss securities turnover tax on bonds issued by a (Swiss) domestic entity. The legislation is still subject to a referendum.

Notes with a term of more than 12 months which are sold through a Swiss or a Liechtenstein domestic bank or a Swiss or a Liechtenstein domestic securities dealer (as defined in the Swiss Federal Stamp Duty Law), are subject to the Swiss securities transfer stamp tax (turnover tax) of presently 0.15 per cent. with some exceptions as detailed in the Swiss Federal Stamp Duty Law.

(c) **Income Tax**

Under current Swiss law, a Noteholder who is a non-resident of Switzerland and who, during the taxable year, has not engaged in trade or business through a permanent establishment or fixed place in Switzerland to which the Notes are attributable and who is not subject to taxation by Switzerland for any other reason will not be subject to Swiss Federal, Cantonal or Municipal income or other tax on gains on the sale of, or payment received under, any Notes.

Notes without a "predominant one-time interest payment": Noteholders without a predominant onetime interest payment (the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time-interest-payment) who are individuals receive payments of interest on Notes (either in the form of periodic interest payments or as a one-time-interest-payment such as an issue discount or a repayment premium) are required to include such payments in their personal income tax return and will be taxable on any net taxable income (including the payments of interest on the Notes) for the relevant tax period.

Notes with a "predominant one-time interest payment": In the case of Notes with a "predominant one-time interest payment" (the yield-to-maturity predominantly derives from a one-time-interest-payment such as an original issue discount or a repayment premium and not from periodic interest payments), the positive difference (including any capital and foreign exchange gain) between the amount received upon sale or redemption and the issue price (if the Notes were purchased thereafter) will be classified as a taxable interest payment, as opposed to a tax-free capital gain (differential taxation method). Losses realised on the sale of Notes with a "predominant onetime interest payment" may be offset against gains realised within the same tax period on the sale of any notes with a "predominant one-time interest payment".

Swiss-resident, individual taxpayers who hold Notes as part of Swiss business assets and Swiss resident corporate taxpayers and individual or corporate taxpayers resident abroad holding Notes as part of a Swiss permanent establishment or a fixed place of business in Switzerland are required to recognise payment of the interests on the Notes and capital gains on sale of a Note in their

income statement for the respective tax period and are taxable on any net taxable earnings for such period.

(d) Automatic Exchange of Information in Tax Matters

On November 19 2014, Switzerland signed the Multilateral Competent Authority Agreement (the "MCAA"). The MCAA is based on article 6 of the OECD/Council of Europe administrative assistance convention and is intended to ensure the uniform implementation of Automatic Exchange of Information (the "AEOI"). The Federal Act on the International Automatic Exchange of Information in Tax Matters (the "AEOI Act") entered into force on January 1, 2017. The AEOI Act is the legal basis for the implementation of the AEOI standard in Switzerland.

The AEOI is being introduced in Switzerland through bilateral agreements or multilateral agreements. The agreements have, and will be, concluded on the basis of guaranteed reciprocity, compliance with the principle of speciality (i.e., the information exchanged may only be used to assess and levy taxes (and for criminal tax proceedings)) and adequate data protection.

Based on such multilateral or bilateral agreements and the implementing laws of Switzerland, Switzerland collects and exchanges data in respect of financial assets, including, as the case may be, Notes, held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Switzerland for the benefit of individuals resident in an EU member state or in a treaty state.

(e) Swiss Facilitation of the Implementation of the U.S. Foreign Account Tax Compliance Act

Switzerland has concluded an intergovernmental agreement with the U.S. to facilitate the implementation of FATCA. The agreement ensures that the accounts held by U.S. persons with Swiss financial institutions are disclosed to the U.S. tax authorities either with the consent of the account holder or by means of group requests within the scope of administrative assistance. Information will not be transferred automatically in the absence of consent, and instead will be exchanged only within the scope of administrative assistance on the basis of the double taxation agreement between the U.S. and Switzerland. On 8 October 2014, the Swiss Federal Council approved a mandate for negotiations with the U.S. on changing the current direct notification-based regime to a regime where the relevant information is sent to the Swiss Federal Tax Administration, which in turn provides the information to the US tax authorities. For further information on FATCA, see "United States Federal Taxation – FATCA Withholding Tax" below.

AUSTRALIA

The following is a general summary of certain Australian withholding tax consequences under the Australian Tax Act, Schedule 1 to the Taxation Administration Act 1953 of Australia and any relevant regulations, rulings or judicial or administrative announcements at the date of this Base Prospectus/Base Listing Particulars, of payments of interest and certain other amounts on Notes to be issued by UBS AG Australia Branch under the Programme and certain other matters. This summary does not apply to the Notes issued by UBS Head Office or any other Branch of the Issuer.

The summary is not exhaustive and should be treated with appropriate caution. In particular, the summary does not deal with the position of certain classes of Noteholders (including, without limitation, dealers in securities, custodians or other third parties who hold the Notes on behalf of other persons). In addition, unless expressly stated, the summary does not consider the Australian tax consequences for persons who hold interests in the Notes through Austraclear, Euroclear, Clearstream Luxembourg, the CMU or another clearing system.

Prospective Noteholders should also be aware that particular terms of issue of any Series of Notes may affect the tax treatment of that and other Series of Notes. This summary is not intended to be, nor should it be construed as legal or tax advice to any particular investor. Prospective holders of the Notes who are in any doubt as to their tax position should consult their professional advisers on the tax implications of an investment in the Notes in their particular circumstances.

1. INTRODUCTION

The Australian Tax Act characterises securities as either "debt interests" (for all entities) or "equity interests" (for companies) including for the purposes of interest withholding tax ("IWT") and dividend withholding tax. IWT is payable at a rate of 10 per cent. of the gross amount of interest paid by UBS AG Australia Branch to a non-resident of Australia (other than a non-resident acting at or through a permanent establishment in Australia) or a resident acting at or through a permanent establishment outside Australia unless an exemption is available. For these purposes, interest is defined in section 128A(1AB) of the Australian Tax Act to include amounts in the nature of, or in substitution for, interest and certain other amounts.

UBS AG Australia Branch intends to issue Notes which will be characterised as both "debt interests" and "debentures" for these purposes. If Notes are issued which are not so characterised, further information on the material Australian tax consequences of payments of interest and certain other amounts on those Notes will be specified in the relevant Final Terms (or another relevant supplement to this Base Prospectus/Base Listing Particulars).

2. INTEREST WITHHOLDING TAX

An exemption from IWT is available in respect of interest paid on the Notes if the requirements of section 128F of the Australian Tax Act are satisfied.

The requirements under section 128F for an exemption from IWT in respect of the Notes are as follows:

- (a) UBS AG is a company and non-resident of Australia carrying on business at or through a permanent establishment in Australia when it issues the Notes and when interest (as defined in section 128A(1AB) of the Australian Tax Act) is paid.
- (b) the Notes are issued in a manner which satisfies the public offer test. There are five principal methods of satisfying the public offer test, the purpose of which is to ensure that lenders in capital markets are aware that UBS AG Australia Branch is offering those Notes for issue. In summary, the five methods are:
 - (i) offers to 10 or more unrelated financiers, securities dealers or entities that carry on the business of providing finance, or investing or dealing in securities, in the course of operating in the financial markets;
 - (ii) offers to 100 or more investors of a certain type;
 - (iii) offers of listed Notes;
 - (iv) offers via publicly available information sources; and
 - (v) offers to a dealer, manager or underwriter who offers to sell the Notes within 30 days by one of the preceding methods.

In addition, the issue of any of those Notes (whether global in form or otherwise) and the offering of interests in any of those Notes by one of these methods should satisfy the public offer test;

- (c) UBS AG does not know, or have reasonable grounds to suspect, at the time of issue, that the Notes or an interest in a Note was being, or would later be, acquired directly or indirectly by an "associate" of UBS AG, except as permitted by section 128F(5) of the Australian Tax Act; and
- (d) at the time of the payment of interest, UBS AG does not know, or have reasonable grounds to suspect, that the payee is an "associate" of UBS AG, except as permitted by section 128F(6) of the Australian Tax Act.

Exemptions under recent tax treaties

The Australian government has signed new or amended double tax conventions ("**New Treaties**") with a number of countries (each a "**Specified Country**") which contain exemptions from IWT. In broad terms, once implemented the New Treaties prevent IWT applying to interest derived by:

- the government of the relevant Specified Country and certain governmental authorities and agencies in the Specified Country; and
- a "financial institution" which is a resident of a "Specified Country" and which is unrelated to and dealing wholly independently with UBS AG. The term "**financial institution**" refers to either a bank or any other enterprise which substantially derives its profits by carrying on a business of raising and providing finance. However, interest paid under a back-to-back loan or an economically equivalent arrangement will not qualify for this exemption.

The Australian Federal Treasury maintains a listing of Australia's double tax conventions on its website.

Compliance with section 128F of the Australian Tax Act

Unless otherwise specified in a relevant Final Terms (or another relevant supplement to this Base Prospectus/Base Listing Particulars), UBS AG Australia Branch intends to issue Notes in a manner which will satisfy the requirements of section 128F of the Australian Tax Act.

Notes in bearer form - Section 126 of the Australian Tax Act

Section 126 of the Australian Tax Act imposes a type of withholding tax (see below in relation to the rate) on the payment of interest on Notes in bearer form if UBS AG fails to disclose the names and addresses of the holders to the Australian Taxation Office. Section 126 does not apply to the payment of interest on Notes in bearer form held by non-residents who do not carry on business at or through a permanent establishment in Australia where the issue of those Bearer Notes has satisfied the requirements of section 128F of the Australian Tax Act or IWT is payable.

In addition, the Australian Taxation Office has confirmed that for the purpose of section 126 of the Australian Tax Act, the holder of debentures (currently, at a rate of 45 per cent) is the person in possession of the debentures. Section 126 is therefore limited in its application to persons in possession of Notes in bearer form who are residents of Australia or non-residents who are engaged in carrying on business in Australia at or through a permanent establishment in Australia. Where interests in the relevant Notes are held through the Euroclear, Clearstream Luxembourg or Clearstream Frankfurt systems, UBS AG Australia Branch intends to treat the operators of those clearing systems as the holders of the relevant Bearer Notes for the purposes of Section 126 of the Australian Tax Act.

3. OTHER TAX MATTERS

Under Australian laws as presently in effect:

- (A) *death duties* - no Notes will be subject to death, estate or succession duties imposed by Australia, or by any political subdivision or authority therein having power to tax, if held at the time of death;
- (B) *stamp duty and other taxes* - no *ad valorem* stamp, issue, registration or similar taxes are payable in Australia on the issue, transfer or redemption of any Notes or transfer of any Notes;
- (C) *TFN withholding* - *withholding tax is imposed* (currently, at a rate of 47 per cent) on the payment of interest on certain registered securities unless the relevant payee has quoted an Australian Tax File Number ("TFN"), (in certain circumstances) an Australian Business Number ("ABN") or proof of some other exemption (as appropriate).

Assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Notes, the TFN withholding rules do not apply to payments to a holder of Notes in registered form who is not a resident of Australia and not holding such Notes in the course of carrying on business at or through a permanent establishment in Australia. Payments to other classes of Noteholders in registered form may be subject to a withholding where the holder of those Notes does not quote a TFN, ABN or proof of an appropriate exemption (as appropriate).

- (D) *supply withholding tax* - payments in respect of the Notes can be made free and clear of the "supply withholding tax" imposed pursuant to Section 12-190 of Schedule 1 to the TAA; and
- (E) *goods and services tax (GST)* - neither the issue nor receipt of the Notes will give rise to a liability for GST in Australia on the basis that the supply of Notes will comprise either an input taxed financial supply or (in the case of an offshore subscriber) a GST-free supply. Furthermore, neither the payment of principal or interest by UBS AG Australia Branch, nor the disposal of the Notes, would give rise to any GST liability in Australia.

UNITED KINGDOM

The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Notes. It is based on current law and the published practice of Her Majesty's Revenue and Customs ("HMRC"), which may be subject to change, sometimes with retrospective effect. The comments do not deal with other United Kingdom tax aspects of acquiring, holding or disposing of Notes. The comments relate only to the position of persons who are absolute beneficial owners of the Notes. Prospective Noteholders should be aware that the particular terms of issue of any series of Notes as specified in the relevant Final Terms may affect the tax treatment of that and other series of Notes.

The following is a general guide for information purposes and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser.

Noteholders who are in any doubt as to their tax position should consult their professional advisers.

Noteholders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Notes are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

The following assumes that UBS AG is not resident in the United Kingdom for United Kingdom tax purposes, that (except in the case of Notes issued by UBS AG London Branch) UBS AG is not issuing the Notes for the purposes of a trade or other business carried on by it in the United Kingdom and that only interest on Notes issued by UBS AG London Branch has a United Kingdom source.

1. UK WITHHOLDING TAX ON UK SOURCE INTEREST

1.1 UK Notes listed on a recognised stock exchange

The Notes issued by UBS AG London Branch which carry a right to interest ("**UK Notes**") will constitute "quoted Eurobonds" provided they are and continue to be listed on a recognised stock exchange (within the meaning of section 1005 of the Income Tax Act 2007 (the "**Act**") for the purposes of section 987 of the Act) or admitted to trading on a "multilateral trading facility" operated by a regulated recognised stock exchange (within the meaning of section 987 of the Act). Whilst the UK Notes are and continue to be quoted Eurobonds, payments of interest on such UK Notes may be made without withholding or deduction for or on account of United Kingdom income tax. The Luxembourg Stock Exchange, Euronext Dublin and SIX Swiss Exchange are recognised stock exchanges. The Issuer's understanding of current HMRC practice is that securities which are officially listed and admitted to trading on the Euro MTF Market of the Luxembourg Stock

Exchange or the Global Exchange Market of Euronext Dublin may be regarded as "listed on a recognised stock exchange" for these purposes. Additionally, the Issuer's understanding of current HMRC practice is that securities which are officially listed and admitted to trading on the SIX Swiss Exchange in accordance with the International Reporting Standard or the Swiss Reporting Standard may be regarded as "listed on a recognised stock exchange" for these purposes.

1.2 **All UK Notes**

In addition to the exemption set out in paragraph 1.1 above, interest on the UK Notes may be paid without withholding or deduction for or on account of United Kingdom income tax so long as UBS AG London Branch is a "bank" for the purposes of section 878 of the Income Tax Act 2007 and so long as such payments are made by the Issuer in the ordinary course of its business.

1.3 **All other cases**

In all cases falling outside the exemptions described in paragraphs 1.1 and 1.2 above, interest on the UK Notes may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20 per cent.) subject to such relief or exemption as may be available. However, this withholding will not apply if the relevant interest is paid on UK Notes with a maturity of less than one year from the date of issue and which are not issued under arrangements the effect of which is to render such UK Notes part of a borrowing with a total term of a year or more.

2. **PAYMENTS UNDER DEED OF COVENANT**

Any payments made by UBS AG London Branch under the Deed of Covenant may not qualify for the exemptions from UK withholding tax described in paragraph 1 above.

3. **OTHER RULES RELATING TO UNITED KINGDOM WITHHOLDING TAX**

UK Notes may be issued at an issue price of less than 100 per cent. of their nominal amount. Any discount element on any such UK Notes should not be subject to any United Kingdom withholding tax pursuant to the provisions mentioned in paragraph 1 above.

Where UK Notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest. Payments of interest are subject to United Kingdom withholding tax as outlined above.

Where interest has been paid under deduction of United Kingdom income tax, Noteholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

The references to "**interest**" in this summary of the United Kingdom withholding tax position mean "interest" as understood in United Kingdom tax law. The statements in this summary do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation. Where a payment on a Note does not constitute (or is not treated as) interest for United Kingdom tax purposes, and the payment has a United Kingdom source, it would potentially be subject to United Kingdom withholding tax if, for example, it constitutes (or is treated as) an annual payment or a manufactured payment for United Kingdom tax purposes (which will be determined by, amongst other things, the terms and conditions specified by the relevant Final Terms of the Note). In such a case, the payment may fall to be made under deduction of United Kingdom tax (the rate of withholding depending on the nature of the payment), subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty, or to any other exemption which may apply. Noteholders or Couponholders should seek their own professional advice as regards the withholding tax treatment of any payment on the Notes which does not constitute "interest" or "principal" as those terms are understood in United Kingdom tax law.

The above description of the United Kingdom withholding tax position assumes that there will be no substitution of the Issuer pursuant to Condition 14 (*Meetings of Noteholders and Modifications of Terms and Conditions; Substitution*) of the Notes and does not consider the tax consequences of any such substitution.

JERSEY

The following summary of the anticipated Jersey taxation treatment based on Jersey taxation law and practice as they are understood to apply at the date of this document and is subject to changes in such taxation law and practice. It does not constitute legal or tax advice and does not address all aspects of Jersey tax law and practice (including such tax law and practice as they apply to any land or building situate in Jersey). Prospective investors in the Notes should consult their professional advisers on the implications of acquiring, buying, selling or otherwise disposing of the Notes under the laws of any jurisdiction in which they may be liable to taxation.

Payments in respect of the Notes may be paid by the Issuer without withholding or deduction for or on account of Jersey income tax and Noteholders (other than residents of Jersey) will not be subject to any tax in Jersey in respect of the holding, sale or other disposition of such Notes.

REPUBLIC OF AUSTRIA

This section on taxation contains a brief summary of the Issuer's understanding with regard to certain important principles which are of significance in connection with the purchase, holding or sale of the Notes in Austria. This summary does not purport to exhaustively describe all possible tax aspects and does not deal with specific situations which may be of relevance for certain potential investors. The following comments are rather of a general nature and included herein solely for information purposes. They are not intended to be, nor should they be construed to be, legal or tax advice. This summary is based on the currently applicable tax legislation, case law and regulations of the tax authorities, as well as their respective interpretation, all of which may be amended from time to time. Such amendments may possibly also be effected with retroactive effect and may negatively impact on the tax consequences described. It is recommended that potential investors in the Notes consult with their legal and tax advisors as to the tax consequences of the purchase, holding or sale of the Notes. Tax risks resulting from the Notes (in particular from a potential qualification as a foreign investment fund within the meaning of sec. 188 of the Austrian Investment Funds Act 2011 (Investmentfondsgesetz 2011)) shall in any case be borne by the investor. For the purposes of the following it is assumed that the Notes are legally and factually offered to an indefinite number of persons in the sense of sec. 27a(2)(2) of the Austrian Income Tax Act (Einkommensteuergesetz).

General Remarks

Individuals having a domicile (*Wohnsitz*) and/or their habitual abode (*gewöhnlicher Aufenthalt*), both as defined in sec. 26 of the Austrian Federal Fiscal Procedures Act (*Bundesabgabenordnung*), in Austria are subject to income tax (*Einkommensteuer*) in Austria on their worldwide income (unlimited income tax liability; *unbeschränkte Einkommensteuerpflicht*). Individuals having neither a domicile nor their habitual abode in Austria are subject to income tax only on income from certain Austrian sources (limited income tax liability; *beschränkte Einkommensteuerpflicht*).

Corporations having their place of management (*Ort der Geschäftsleitung*) and/or their legal seat (*Sitz*), both as defined in sec. 27 of the Austrian Federal Fiscal Procedures Act, in Austria are subject to corporate income tax (*Körperschaftsteuer*) in Austria on their worldwide income (unlimited corporate income tax liability; *unbeschränkte Körperschaftsteuerpflicht*). Corporations having neither their place of management nor their legal seat in Austria are subject to corporate income tax only on income from certain Austrian sources (limited corporate income tax liability; *beschränkte Körperschaftsteuerpflicht*).

Both in case of unlimited and limited (corporate) income tax liability Austria's right to tax may be restricted by double taxation treaties.

Income Taxation

Pursuant to sec. 27(1) of the Austrian Income Tax Act, the term investment income (*Einkünfte aus Kapitalvermögen*) comprises:

- income from the letting of capital (*Einkünfte aus der Überlassung von Kapital*) pursuant to sec. 27(2) of the Austrian Income Tax Act, including dividends and interest; the tax basis is the amount of the earnings received (sec. 27a(3)(1) of the Austrian Income Tax Act);
- income from realised increases in value (*Einkünfte aus realisierten Wertsteigerungen*) pursuant to sec. 27(3) of the Austrian Income Tax Act, including gains from the alienation, redemption and

other realisation of assets that lead to income from the letting of capital (including zero coupon bonds); the tax basis amounts to the sales proceeds or the redemption amount minus the acquisition costs, in each case including accrued interest (sec. 27a(3)(2)(a) of the Austrian Income Tax Act);

- income from derivatives (*Einkünfte aus Derivaten*) pursuant to sec. 27(4) of the Austrian Income Tax Act, including cash settlements, option premiums received and income from the sale or other realisation of forward contracts like options, futures and swaps and other derivatives such as index certificates (the mere exercise of an option does not trigger tax liability); e.g., in the case of index certificates, the tax basis amounts to the sales proceeds or the redemption amount minus the acquisition costs (sec. 27a(3)(3)(c) of the Austrian Income Tax Act); and
- income from crypto currencies (*Einkünfte aus Kryptowährungen*) pursuant to sec. 27(4a) of the Austrian Income Tax Act.

Also the withdrawal of the Notes from a securities account (*Depotentnahme*) and circumstances leading to a restriction of Austria's taxation right regarding the Notes *vis-à-vis* other countries, e.g. a relocation from Austria (*Wegzug*), are in general deemed to constitute a sale (cf. sec. 27(6)(1) and (2) of the Austrian Income Tax Act). The tax basis amounts to the fair market value minus the acquisition costs (sec. 27a(3)(2)(b) of the Austrian Income Tax Act).

Individuals subject to unlimited income tax liability in Austria holding the Notes as non-business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. Investment income from the Notes with an Austrian nexus (*inländische Einkünfte aus Kapitalvermögen*), basically meaning income paid by an Austrian paying agent (*auszahlende Stelle*) or an Austrian custodian agent (*depotführende Stelle*) within the meaning of sec. 95(2) of the Austrian Income Tax Act, is subject to withholding tax (*Kapitalertragsteuer*) at a flat rate of 27.5 per cent.; no additional income tax is levied over and above the amount of tax withheld (final taxation pursuant to sec. 97(1) of the Austrian Income Tax Act). Investment income from the Notes without an Austrian nexus must be included in the investor's income tax return and is subject to income tax at the flat rate of 27.5 per cent.. In both cases upon application the option exists to tax all income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). The acquisition costs must not include ancillary acquisition costs (*Anschaffungsnebenkosten*; sec. 27a(4)(2) of the Austrian Income Tax Act). Expenses such as bank charges and custody fees must not be deducted (sec. 20(2) of the Austrian Income Tax Act); this also applies if the option to regular taxation is exercised. Sec. 27(8) of the Austrian Income Tax Act, *inter alia*, provides for the following restrictions on the offsetting of losses: negative income from realised increases in value and from derivatives may be neither offset against interest from bank accounts and other non-securitized monetary claims *vis-à-vis* credit institutions (except for cash settlements and lending fees) nor against income from private foundations, foreign private law foundations and other comparable legal estates (*Privatstiftungen, ausländische Stiftungen oder sonstige Vermögensmassen, die mit einer Privatstiftung vergleichbar sind*); income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act may not be offset against income subject to the progressive income tax rate (this equally applies in case of an exercise of the option to regular taxation); negative investment income not already offset against positive investment income may not be offset against other types of income. The Austrian custodian agent has to effect the offsetting of losses by taking into account all of a taxpayer's securities accounts with the custodian agent, in line with sec. 93(6) of the Austrian Income Tax Act, and to issue a written confirmation to the taxpayer to this effect.

Individuals subject to unlimited income tax liability in Austria holding the Notes as business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. Investment income from the Notes with an Austrian nexus is subject to withholding tax at a flat rate of 27.5 per cent. While withholding tax has the effect of final taxation for income from the letting of capital, income from realised increases in value and income from derivatives must be included in the investor's income tax return (nevertheless income tax at the flat rate of 27.5 per cent.). Investment income from the Notes without an Austrian nexus must always be included in the investor's income tax return and is subject to income tax at the flat rate of 27.5 per cent. In both cases upon application the option exists to tax all income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). The flat tax rate does not apply to income from realised increases in value, income from derivatives and income from crypto currencies if realizing these types of income constitutes a key area of the respective investor's business activity (sec. 27a(6) of the Austrian Income Tax Act). Expenses such as

bank charges and custody fees must not be deducted (sec. 20(2) of the Austrian Income Tax Act); this also applies if the option to regular taxation is exercised. Pursuant to sec. 6(2)(c) of the Austrian Income Tax Act, depreciations to the lower fair market value and losses from the alienation, redemption and other realisation of financial assets, derivatives and crypto currencies in the sense of sec. 27(3) to (4a) of the Austrian Income Tax Act, which are subject to income tax at the flat rate of 27.5 per cent., are primarily to be offset against income from realised increases in value of such financial assets, derivatives and crypto currencies and with appreciations in value of such assets within the same business unit (*Wirtschaftsgüter desselben Betriebes*); only 55 per cent. of the remaining negative difference may be offset against other types of income.

Pursuant to sec. 7(2) of the Austrian Corporate Income Tax Act (*Körperschaftsteuergesetz*), corporations subject to unlimited corporate income tax liability in Austria are subject to corporate income tax on income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Notes at a rate of currently 25 per cent. (2023: 24 per cent.; from 2024: 23 per cent.). Income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Notes with an Austrian nexus is generally subject to withholding tax at a flat rate of 27.5 per cent. However, pursuant to sec. 93(1a) of the Austrian Income Tax Act the withholding agent may apply a rate of currently 25 per cent. (2023: 24 per cent.; from 2024: 23 per cent.) if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the corporate income tax liability. Under the conditions set forth in sec. 94(5) of the Austrian Income Tax Act withholding tax is not levied in the first place. Losses from the alienation of the Notes can be offset against other income.

Pursuant to sec. 13(3)(1) in connection with sec. 22(2) of the Austrian Corporate Income Tax Act, private foundations (*Privatstiftungen*) pursuant to the Austrian Private Foundations Act (*Privatstiftungsgesetz*) fulfilling the prerequisites contained in sec. 13(3) and (6) of the Austrian Corporate Income Tax Act and holding the Notes as non-business assets are subject to interim taxation at a rate of currently 25 per cent. (2023: 24 per cent.; from 2024: 23 per cent.) on, *inter alia*, interest income, income from realised increases in value and income from derivatives (*inter alia*, if the latter are in the form of securities). Pursuant to the Austrian tax authorities' view, the acquisition costs must not include ancillary acquisition costs. Expenses such as bank charges and custody fees must not be deducted (sec. 12(2) of the Austrian Corporate Income Tax Act). Interim tax is generally not triggered insofar as distributions subject to withholding tax are made to beneficiaries in the same tax period. Investment income from the Notes with an Austrian nexus is generally subject to withholding tax at a flat rate of 27.5 per cent. However, pursuant to sec. 93(1a) of the Austrian Income Tax Act the withholding agent may apply a rate of currently 25 per cent. (2023: 24 per cent.; from 2024: 23 per cent.) if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the tax triggered. Under the conditions set forth in sec. 94(12) of the Austrian Income Tax Act withholding tax is not levied.

Individuals and corporations subject to limited (corporate) income tax liability in Austria are taxable on income from the Notes if they have a permanent establishment (*Betriebsstätte*) in Austria and the Notes are attributable to such permanent establishment (*cf.* sec. 98(1)(3) of the Austrian Income Tax Act, sec. 21(1)(1) of the Austrian Corporate Income Tax Act). In addition, individuals subject to limited income tax liability in Austria are also taxable on interest in the sense of sec. 27(2)(2) of the Austrian Income Tax Act and accrued interest (including from zero coupon bonds) in the sense of sec. 27(6)(5) of the Austrian Income Tax Act from the Notes if the (accrued) interest has an Austrian nexus and if withholding tax is levied on such (accrued) interest. This does not apply to an individual being resident in a state with which automatic exchange of information exists, if the individual provides a certificate of residence to the withholding agent. Interest with an Austrian nexus is interest the debtor of which has its place of management and/or its legal seat in Austria or is an Austrian branch of a non-Austrian credit institution; accrued interest with an Austrian nexus is accrued interest from securities issued by an Austrian issuer (sec. 98(1)(5)(b) of the Austrian Income Tax Act). Under applicable double taxation treaties, relief from Austrian income tax might be available. However, Austrian credit institutions must not provide for such relief at source; instead, the investor may file an application for repayment of tax with the competent Austrian tax office.

Pursuant to sec. 188 of the Austrian Investment Funds Act 2011, the term "foreign investment fund" comprises (i) undertakings for collective investment in transferable securities the member state of origin of which is not Austria; (ii) alternative investment funds pursuant to the Austrian Act on Alternative Investment Fund Managers (*Alternative Investmentfonds Manager-Gesetz*) the state of origin of which is not Austria; and (iii) secondarily, undertakings subject to a foreign jurisdiction, irrespective of the legal form they are organized in, the assets of which are invested according to the principle of risk-spreading on the basis either of a statute, of the undertaking's articles or of customary exercise, if one of the following conditions is fulfilled: (a) the undertaking is factually, directly or indirectly, not subject to a corporate

income tax in its state of residence that is comparable to Austrian corporate income tax; (b) the profits of the undertaking are in its state of residence subject to corporate income tax that is comparable to Austrian corporate income tax, at a rate of less than 15 per cent.; or (c) the undertaking is subject to a comprehensive personal or material tax exemption in its state of residence. Certain collective investment vehicles investing in real estate are exempted. In case of a qualification as a foreign investment fund, the tax consequences would substantially differ from those described above: A special type of transparency principle would be applied, pursuant to which generally both distributed income as well as deemed income would be subject to Austrian (corporate) income tax.

Inheritance and Gift Taxation

Austria does not levy inheritance or gift tax.

Certain gratuitous transfers of assets to private law foundations and comparable legal estates (*privatrechtliche Stiftungen und damit vergleichbare Vermögensmassen*) are subject to foundation transfer tax (*Stiftungseingangssteuer*) pursuant to the Austrian Foundation Transfer Tax Act (*Stiftungseingangssteuergesetz*) if the transferor and/or the transferee at the time of transfer have a domicile, their habitual abode, their legal seat and/or their place of management in Austria. Certain exemptions apply in cases of transfers *mortis causa* of financial assets within the meaning of sec. 27(3) and (4) of the Austrian Income Tax Act (except for participations in corporations) if income from such financial assets is subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act. The tax basis is the fair market value of the assets transferred minus any debts, calculated at the time of transfer. The tax rate generally is 2.5 per cent., with higher rates applying in special cases.

In addition, there is a special notification obligation for gifts of money, receivables, shares in corporations, participations in partnerships, businesses, movable tangible assets and intangibles if the donor and/or the donee have a domicile, their habitual abode, their legal seat and/or their place of management in Austria. Not all gifts are covered by the notification obligation: in case of gifts to certain related parties, a threshold of EUR 50,000 per year applies; in all other cases, a notification is obligatory if the value of gifts made exceeds an amount of EUR 15,000 during a period of five years. Furthermore, gratuitous transfers to foundations falling under the Austrian Foundation Transfer Tax Act described above are also exempt from the notification obligation. Intentional violation of the notification obligation may trigger fines of up to 10 per cent. of the fair market value of the assets transferred.

Further, gratuitous transfers of the Notes may trigger income tax at the level of the transferor pursuant to sec. 27(6)(1) and (2) of the Austrian Income Tax Act (see above).

Stamp Duty

The assignment of receivables and other rights (and, under certain circumstances, the transfer of a contractual position) triggers Austrian stamp duty (*Rechtsgeschäftsgebühr*) pursuant to the Austrian Stamp Duty Act (*Gebührengesetz*) if (i) a written deed (*Urkunde*) pursuant to sec. 15 of the Austrian Stamp Duty Act is set up and (ii) an Austrian nexus in the sense of sec. 16 of the Austrian Stamp Duty Act exists. Such stamp duty generally amounts to 0.8 per cent. of the consideration.

BELGIUM

The following is a general description of the main Belgian withholding tax consequences for investors receiving interest in respect of, or disposing of, the Notes to be issued by UBS Head Office, UBS AG Australia Branch, UBS AG Hong Kong Branch, UBS AG London Branch or UBS AG Jersey Branch. It does not purport to be a complete analysis of all tax considerations relating to the Notes. The general description is based upon the law as in effect on the date of this Base Prospectus/Base Listing Particulars and is subject to change potentially with retroactive effect. Investors should understand that, as a result of changing law or practice, the tax consequences may be different than as stated below. Investors should consult their professional advisers on the possible tax consequences of subscribing for, purchasing, holding or selling the Notes under any laws applicable to them. For the purpose of the following general description, a Belgian resident is: (a) an individual subject to Belgian personal income tax (i.e. an individual who has his domicile in Belgium or has his seat of wealth in Belgium, or a person assimilated to a Belgian resident); (b) a legal entity subject to Belgian corporate income tax (i.e. a company that has its main establishment, its administrative seat or its seat of management in Belgium); or (c) a legal entity

subject to Belgian legal entities tax (i.e. an entity other than a legal entity subject to corporate income tax having its main establishment, its administrative seat or its seat of management in Belgium).

A non-resident is a person who is not a Belgian resident.

Withholding Tax

For Belgian tax purposes, the following amounts are qualified and taxable as "interest": (i) the periodic interest income, (ii) any amount paid by the Issuer in excess of the issue price (whether or not on the maturity date and whether or not in cash and/or by physical delivery of a specified amount of one or more fund shares or units), and (iii) in case of a disposal of the Notes between two interest payment dates to any third party, excluding the Issuer, the *pro rata* of accrued interest corresponding to the detention period.

For the purposes of the following paragraphs, any such gains and accrued interest are therefore referred to as interest.

For Belgian tax purposes, if interest is in a foreign currency, it is converted into euro on the date of payment or attribution.

Certain exemptions from withholding tax are available, for example in respect of interest paid by non-resident issuers of bonds or notes to Belgian resident companies and to non-resident companies subject to Belgian non-resident income tax and investing these bonds or notes in a business activity in Belgium.

Individuals resident in Belgium

Payments of interest on the Notes made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals (*bevrijdende roerende voorheffing / précompte mobilier libératoire*). This means that they do not have to declare the interest obtained on the Notes in their personal income tax return, provided Belgian withholding tax was levied on these interest payments.

Even if Belgian withholding tax has been retained, Belgian resident individuals may nevertheless elect to declare the interest in their personal income tax returns. Where an individual opts to declare such interest payments, he/she will normally be taxed separately at a flat tax rate of 30 per cent. (in the present case not increased by communal surcharges) or at the progressive personal tax rates taking into account the taxpayer's other declared income, whichever is lower. If the interest payment is declared, any retained Belgian withholding tax may be credited, and any excess will normally be reimbursed.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return and will be taxed at a flat rate of 30 per cent., unless progressive personal income tax rates are more favourable.

Capital gains realised on the sale of the Notes on the secondary market before maturity are generally not taxable for individuals, except if the purchaser is the Issuer. In the latter case, capital gains are taxable as interest and subject to withholding tax if collected through a financial intermediary established in Belgium. The accrued interest part of a capital gain realized on a sale of the Notes which qualify as fixed income notes in the meaning of article 2, §1, 8° of the Belgian Income Tax Code 1992 (*Wetboek van inkomstenbelastingen 1992/Code des impôts sur les revenus 1992*) (the "**BITC 1992**") is also taxable as interest. Capital losses realized on a sale of the Notes are not tax deductible.

Other tax rules apply to Belgian resident individuals who do not hold the Notes as a private investment.

Belgian resident companies

Interest payments on the Notes made through a paying agent in Belgium to Belgian corporate investors will generally be subject to Belgian withholding tax, currently at a rate of 30 per cent. However, an exemption may apply **provided that** certain formalities are complied with. The exemption does not apply for income on zero coupon or capitalisation bonds.

Interest on the Notes derived by Belgian corporate investors who are Belgian residents for tax purposes, i.e. who are subject to Belgian corporate income tax (*Vennootschapsbelasting/Impôt des sociétés*) and capital gains realised on the Notes will be subject to Belgian corporate income tax, the ordinary rate of which is equal to 25 per cent. (with a reduced rate of 20 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies as defined by article 1: 24, §1 to §6 of the Belgian Companies and Associations Code). If the interest has been subject to a foreign withholding tax, a foreign tax credit could be available against the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations).

In addition, the Belgian withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

Capital gains realised on the sale of the Notes are taxable while capital losses are in principle tax deductible.

Other tax rules apply to investment companies within the meaning of Article 185 bis of the BITC 1992.

Other Belgian legal entities

Belgian legal entities subject to the Belgian tax on legal entities (*Rechtspersonenbelasting/Impôt des personnes morales*) will in principle be subject to a 30 per cent. withholding tax in Belgium on any payments of interest on the Notes made through a paying agent in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the legal entity itself is responsible for the declaration and payment of the 30 per cent. withholding tax.

Capital gains realised on the sale of the Notes on the secondary market before maturity are generally not taxable for non-profit entities, except if the purchaser is the Issuer. In the latter case, capital gains are taxable as interest and subject to withholding tax if collected through a financial intermediary established in Belgium. The accrued interest part of a capital gain realized on a sale of Notes which qualify as fixed income Notes in the meaning of article 2, §1, 8° Belgian Income Tax Code is also taxable as interest. Capital losses realized on a sale of the Notes are not tax deductible.

Taxation applicable to Organisations for Financing Pensions ("OFP")

Interest and capital gains derived by Organisations for Financing Pensions in the meaning of the Law of 27 October 2006 on the activities and supervision of institutions for occupational retirement provision, are in principle exempt from Belgian corporate income tax. Capital losses are in principle not tax deductible. Subject to certain conditions, any Belgian withholding tax that has been levied can be credited against any corporate income tax due and any excess amount is in principle refundable.

Belgian non-residents

Investors who are non-residents of Belgium for Belgian tax purposes and are not holding the Notes through a Belgian establishment and do not invest the Notes in the course of their Belgian professional activity will in principle not incur or become liable for any Belgian tax on income or capital gains (save as the case may be, in the form of withholding tax).

The interest income on the Notes paid through a professional intermediary in Belgium will, in principle, be subject to a 30 per cent. withholding tax, unless the Noteholder is resident in a country with which Belgium has concluded a double taxation agreement and delivers the requested affidavit. If the income is not collected through a financial institution or other intermediary established in Belgium, no Belgian withholding tax is due.

Non-resident investors that do not hold the Notes through a Belgian establishment can also obtain an exemption of Belgian withholding tax on interest from the Notes paid through a Belgian credit institution, a Belgian stock market company or a Belgian-recognized clearing or settlement institution, **provided that** their non-resident financial intermediary delivers an affidavit to such institution or company confirming

(i) that the investors are non-residents, (ii) that the Notes are held in full ownership or in usufruct and (iii) that the Notes are not held for professional purposes in Belgium.

The non-residents who use the Notes to exercise a professional activity in Belgium through a permanent establishment are subject to the same tax rules as the Belgian resident companies (see above).

Tax on stock exchange transactions

The acquisition of Notes upon their issuance (primary market) is not subject to the tax on stock exchange transactions (Taxe sur les opérations de bourse, Taks op de beursverrichtingen).

A stock exchange tax will be levied on the purchase and sale of the Notes on the secondary market carried out by a Belgian resident investor through a professional intermediary if (i) entered into or carried out in Belgium through a professional intermediary, or (ii) deemed to be entered into or carried out in Belgium, which is the case if the order is directly or indirectly made to a professional intermediary established outside of Belgium, either by private individuals having their usual residence in Belgium, or legal entities for the account of their seat or establishment in Belgium.

In such a scenario, the tax on stock exchange transactions is due by the Belgian Investor, unless the Belgian Investor can demonstrate that the tax on stock exchange transactions due has already been paid by the professional intermediary established outside of Belgium. In such a case, the foreign professional intermediary also has to provide each client (which gives such intermediary an order) with a qualifying order statement (bordereau/borderel), at the latest on the business day after the day the transaction concerned was realised. The qualifying order statements must be numbered in series and a duplicate must be retained by the financial intermediary. The duplicate can be replaced by a qualifying day-to-day listing, numbered in series. Alternatively, professional intermediaries established outside of Belgium could appoint a stock exchange tax representative in Belgium, subject to certain conditions and formalities ("**Stock Exchange Tax Representative**"). Such Stock Exchange Tax Representative will then be liable toward the Belgian Treasury for the tax on stock exchange transactions due and for complying with the reporting obligations and the obligations relating to the order statement (bordereau/borderel) in that respect. If such a Stock Exchange Tax Representative would have paid the tax on stock exchange transactions due, the Belgian Investor will, as per the above, no longer be the debtor of the tax on stock exchange transactions.

The rate applicable for secondary sales and purchases in Belgium through a professional intermediary is 0.12 per cent. with a maximum amount of Euro 1,300 per transaction and per party or, as the case may be, 0.35 per cent. with a maximum amount of Euro 1,600 per transaction and per party. The tax is due separately from each party to any such transaction, i.e. the seller (transferor) and the purchaser (transferee), both collected by the professional intermediary.

The tax on stock exchange transactions will not be payable by exempt persons acting for their own account including investors who are not Belgian residents provided they deliver an affidavit to the financial intermediary in Belgium confirming their non-resident status and certain Belgian institutional investors as defined in Article 126/1, 2° of the Code of miscellaneous taxes and duties (Code des droits et taxes divers/Wetboek diverse rechten en taken) for the tax on stock exchange transactions.

Tax on securities accounts

The tax on securities accounts applies as of tax assessment year 2022 (income year 2021).

An annual tax of 0.15 per cent. is levied on securities accounts of which the average value of the taxable financial instruments (covering, amongst others, financial instruments such as the Notes but also cash and money market instruments) held thereon during a reference period of twelve consecutive months (in principle) starting on 1 October and ending on 30 September of the subsequent year, would exceed EUR 1 million. The tax due is capped at 10 per cent. of the part of the said average value exceeding the EUR 1 million threshold.

The tax targets securities accounts held by resident individuals, companies and legal entities, irrespective as to whether these accounts are held with a financial intermediary which is established or located in Belgium or abroad. The tax also applies to securities accounts held by non-resident individuals, companies and legal entities with a financial intermediary established or located in Belgium.

There are exemptions, such as securities accounts held by specific types of regulated entities for their own account. These regulated entities include, amongst others, (i) financial undertakings as listed in Article 198/1, §6, 1° to 12° of the BITC 1992, (ii) central banks, (iii) stockbroking firms as defined by Article 1, §3 of the Law of 25 April 2014 on the status and supervision of credit institutions and investment companies, and (iv) institutions listed in Article 2, §1, 13°/1, first section, a) to c) of the BITC 1992, with the exception of institutions and compartment listed in Article 2, §1, 13°/1, second and third sections of the BITC 1992.

A new retroactive anti-abuse provision applies as from 30 October 2020, for certain transactions carried out in order to avoid the application of this tax.

In cases where a Belgian financial intermediary is responsible for the tax – i.e. either incorporated under Belgian law, established in Belgium or having appointed a Belgian representative – that intermediary has to submit a return on the twentieth day of the third month following the end of the reference period at the latest. The tax must be paid on this day. In any other case, the taxpayer itself has to submit a tax return within the same time limit as that provided for the filing of its personal income tax return. The tax will have to be paid on the 31st of August of the year following the end of the reference period at the latest.

FRANCE

The following is a general description of certain French withholding tax considerations relating to the Notes to the extent that (i) payments under the Notes would qualify as interest payments and (ii) the Notes would not be redeemed by delivery or transfer of share(s) issued by a company with registered offices in France and with a market capitalisation that exceeds one billion euros as of 1 December of year preceding the tax year during which such delivery or transfer occurs. It is not a description of general French tax considerations relating to the Notes. Prospective investors are advised to consult their own professional advisors to obtain information about the tax consequences of the acquisition, ownership, or disposition of the Notes. Only personal advisors are in a position to adequately take into account special tax aspects of the Notes as well as the Note holder's personal circumstances and any special tax treatment applicable to the Note holder. This summary is based on French law as in force when drawing up this Base Prospectus/Base Listing Particulars. The laws and their interpretation by the tax authorities may change and such changes may have retroactive effect.

Payments of interest and principal by the Issuer, acting out of its head offices or one of its non-French branch, under the Notes will not be viewed as French source income and therefore will not be subject to withholding tax in France, in accordance with the applicable French law.

By exception, pursuant to Articles 125A and 125D of the French *Code Général des Impôts*, and subject to certain limited exceptions, interest and other similar revenues received by French tax resident individuals are subject to a 12.8 per cent. mandatory (non-final) withholding tax. If applicable, this withholding tax is creditable against the applicable personal income tax liability in respect of the year in which the payment has been made. If the withholding tax paid exceeds the total amount of personal income tax due, the excess will be refunded. Interest and similar revenues are also subject to French social contributions at the aggregate rate of 17.2 per cent. (CSG of 9.2 per cent., the *prélèvement de solidarité sur les revenus du patrimoine et produits de placement* of 7.5 per cent. and the CRDS of 0.5 per cent.). Practical steps to be taken for purposes of levying, declaring and paying this withholding tax will depend on the place where the paying agent is located.

French tax resident individuals holding the Notes as part of their private assets should consult their own tax advisers to determine declarative and payment obligations applicable to them in France in relation to the 12.8 per cent. mandatory withholding tax and social security contributions referred to above. The Issuer does not assume responsibility for French withholding tax at source and is not obliged to make additional payments in case of French withholding tax deductions.

Prospective purchasers of Notes who are French resident for tax purposes or who would hold such Notes through a permanent establishment or a fixed base in France should be aware that transactions involving the Notes, including any purchase or disposal of, or other dealings in, the Notes, may have French tax consequences. The tax consequences regarding interest, premium on redemption and capital gains in particular may depend, amongst other things, upon the status of the prospective purchaser (i.e., legal entities or individuals). Prospective purchasers of the Notes should consult their own tax advisers about the French

tax implications of purchasing, holding, disposing the Notes and more generally of any transactions involving Notes.

GERMANY

In principle, only persons (individuals and incorporated entities) who are tax resident in Germany (in particular, persons having a residence, habitual abode, seat or place of management in Germany) are subject to German withholding tax with respect to payments under debt Notes. Non-resident persons generally do not suffer German withholding tax. If, however, the income from the Notes is subject to German tax, i.e., if (i) the Notes are held as business assets (*Betriebsvermögen*) of a German permanent establishment (including a permanent representative) which is maintained by the relevant Noteholder or (ii) the income from the Notes qualifies for other reasons as taxable German source income, German withholding tax is, as a rule, applied as in the case of a German tax resident Noteholder.

German withholding tax will be levied at a flat withholding tax rate of 26.375 per cent. (including solidarity surcharge (*Solidaritätszuschlag*), plus church tax if applicable) on interest and on proceeds from the sale of Notes if the Notes are kept or administrated in a custodial account which the relevant Noteholder maintains with a German branch of a German or non-German credit or financial services institution or with a German securities trading business or a German securities trading bank (a "**German Disbursing Agent**") and such German Disbursing Agent credits or pays out the earnings. If Notes are redeemed, repaid, assigned or contributed into a corporation by way of a hidden contribution (*verdeckte Einlage in eine Kapitalgesellschaft*) rather than sold, as a rule, such transaction is treated like a sale. If Notes are not kept or administrated in a custodial account maintained with a German Disbursing Agent, German withholding tax will nevertheless be levied if the Notes are issued as definitive Notes and the savings earnings (*Kapitalerträge*) are paid by a German Disbursing Agent against presentation of the Notes or interest coupons (so-called over-the-counter transaction - *Tafelgeschäft*).

If a Noteholder sells or redeems the Notes, the tax base is, in principle, the difference between the acquisition costs and the proceeds from the sale or redemption of the Notes reduced by expenses directly and factually related to the sale or redemption. If similar Notes kept or administrated in the same custodial account have been acquired at different points in time, the Notes first acquired will be deemed to have been sold first for the purposes of determining the capital gains. Where the Notes are acquired and/or sold in a currency other than euro, the sales/redemption price and the acquisition costs have to be converted into euro on the basis of the foreign exchange rates prevailing on the sale or redemption date and the acquisition date respectively. If the Notes have not been kept or administrated in the custodial account maintained with the German Disbursing Agent since their acquisition and the acquisition costs of the Notes are not proven to the German Disbursing Agent in the form required by law (e.g. in the case of over-the-counter transactions or if the Notes had been transferred from a non-EU custodial account prior to the sale), withholding tax is applied to 30 per cent. of the proceeds from the sale or redemption of the Notes.

When computing the tax base for withholding tax purposes, the German Disbursing Agent has to deduct any negative savings income (*negative Kapitalerträge*) or paid accrued interest (*Stückzinsen*) in the same calendar year or unused negative savings income of previous calendar years.

For individuals who are subject to church tax, church tax will be collected by the German Disbursing Agent by way of withholding unless the investor has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*). In the latter case, the investor has to include the savings income in the tax return and will then be assessed to church tax.

With regard to individuals holding the Notes as private assets, any withholding tax levied shall, in principle, become definitive and replace the income taxation of the relevant Noteholder. If no withholding tax has been levied other than by virtue of a withholding tax exemption certificate (*Freistellungsauftrag*) and in certain other cases, the relevant Noteholder is nevertheless obliged to file a tax return, and the savings income will then be taxed within the tax assessment procedure. However, the separate tax rate for savings income applies in most cases also within the assessment procedure. In certain cases, the Noteholder may apply to be assessed on the basis of its personal tax rate if such rate is lower than the above tax rate. Such application can only be filed consistently for all savings income within the assessment period. In case of jointly assessed spouses or registered life partners the application can only be filed for savings income of both spouses/life partners.

With regard to other investors, German withholding tax is a prepayment of (corporate) income tax and will be credited or refunded within the tax assessment procedure. In the case of investors holding the Notes as business assets, interest payments and capital gains will be subject to corporate income tax at a rate of 15 per cent. or income tax at a rate of up to 45 per cent., as the case may be, (in each case plus 5.5 per cent. solidarity surcharge thereon). In addition, trade tax may be levied, the rate of which depends on the municipality where the business is located. Further, in the case of individuals, church tax may be levied. Business expenses that are connected with the Notes are deductible.

No German withholding tax will be levied if an individual holding the Notes as private assets has filed a withholding tax exemption certificate (*Freistellungsauftrag*) with the German Disbursing Agent, but only to the extent the savings income does not exceed the exemption amount shown on the withholding tax exemption certificate. Currently, the maximum exemption amount is EUR 801 (EUR 1,602 in the case of jointly assessed spouses or registered life partners). The deduction of the actual income related expenses, if any, is excluded. That holds true even if the investor applies to be assessed on the basis of its personal tax rate. Pursuant to the coalition agreement between SPD, BÜNDNIS 90/DIE GRÜNEN and FDP it is envisaged to increase this lump sum amount as of 1 January 2023 to EUR 1,000 (EUR 2,000 in the case of jointly assessed spouses or registered life partners). However, there is no draft law available yet. Similarly, no withholding tax will be levied if the relevant investor has submitted a certificate of non-assessment (*Nichtveranlagungs-Bescheinigung*) issued by the relevant local tax office to the German Disbursing Agent. Further, with regard to investors holding the Notes as business assets, no withholding tax will be levied on capital gains from the redemption, sale or assignment of the Notes if (a) the Notes are held by a corporation or (b) the proceeds from the Notes qualify as income of a domestic business and the investor notifies this to the German Disbursing Agent by use of the officially required form.

The Issuer is, as a rule, not obliged to levy German withholding tax in respect of payments on the Notes. If, however, the Notes are issued as definitive securities and the savings earnings are paid by the Issuer acting through its German Branch against presentation of the Notes and/or coupons, German withholding tax has to be imposed by the Issuer irrespective of whether or not the Notes are kept or administered in a custodial account maintained with a German Disbursing Agent.

HONG KONG

(a) Withholding Tax

No withholding tax is payable in Hong Kong in respect of payments of principal or interest on the Notes or in respect of any capital gains arising from the sale of the Notes.

(b) Stamp Duty

Stamp duty will not be payable on the issue of Bearer Notes **provided that** either:

- (i) such Bearer Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or
- (ii) such Bearer Notes constitute loan capital (as defined in the Stamp Duty Ordinance (Cap. 117)(the "**SDO**")).

If stamp duty is payable it is payable by the Issuer on the issue of Bearer Notes at a rate of 3 per cent. of the market value of the Bearer Notes at the time of issue. No stamp duty will be payable on any subsequent transfer of Bearer Notes.

No stamp duty is payable on the issue of Registered Notes. Stamp duty may be payable on any transfer of Registered Notes if the relevant transfer is required to be registered in Hong Kong. Stamp duty will, however, not be payable on any transfer of Registered Notes **provided that** either:

- (i) such Registered Notes are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or
- (ii) such Registered Notes constitute loan capital (as defined in the SDO).

If stamp duty is payable in respect of the transfer of Registered Notes it will be payable at the rate of 0.26 per cent. (of which 0.13 per cent. is payable by the seller and 0.13 per cent. is payable by

the purchaser) normally by reference to the consideration or its value, whichever is higher. In addition, stamp duty is payable at the fixed rate of HK\$5 on each instrument of transfer executed in relation to any transfer of the Registered Notes if the relevant transfer is required to be registered in Hong Kong.

IRELAND

The following is a summary based on the laws and practices currently in force in Ireland of certain matters regarding the tax position of investors who are the absolute beneficial owners of the Notes. Particular rules not discussed below may apply to certain classes of taxpayers holding Notes, including dealers in securities and trusts. The summary does not constitute tax or legal advice and the comments below are of a general nature only and it does not discuss all aspects of Irish taxation that may be relevant to any particular holder of Notes. Prospective investors in the Notes should consult their professional advisers on the tax implications of the purchase, holding, redemption or sale of the Notes and the receipt of payments thereon under the laws of their country of residence, citizenship or domicile.

Taxation of Noteholders

(a) *Withholding Tax*

Tax at the standard rate of income tax (currently 20 per cent.) is required to be withheld from payments of Irish source interest. The Issuer will not be obliged to withhold Irish income tax from payments of interest on the Notes so long as such payments do not constitute Irish source income. Interest paid on the Notes should not be treated as having an Irish source unless:

- (i) the Issuer is resident in Ireland for tax purposes; or
- (ii) the Issuer has a branch or permanent establishment in Ireland, the assets or income of which are used to fund the payments on the Notes; or
- (iii) the Issuer is not resident in Ireland for tax purposes but the register for the Notes is maintained in Ireland or (if the Notes are in bearer form) the Notes are physically held in Ireland.

It is anticipated that, (i) the Issuer is not and will not be resident in Ireland for tax purposes; (ii) the Issuer will not have a branch or permanent establishment in Ireland; (iii) that bearer Notes will not be physically located in Ireland; and (iv) the Issuer will not maintain a register of any registered Notes in Ireland.

(b) *Encashment Tax*

Irish tax will be required to be withheld at the rate of 25 per cent. on any interest, dividends or annual payments payable on or in respect of Notes issued by a company not resident in Ireland, where such interest, dividend or annual payment is collected or realised by a bank or encashment agent in Ireland. Encashment tax does not apply where the beneficial owner of the payments (i) is not resident in Ireland and has made a declaration in the prescribed form to the encashment agent or bank or (ii) is a company which is within the charge to Irish corporation tax in respect of the payment.

(c) *Stamp Duty on Transfer of Notes*

As the Issuer is not registered in Ireland, stamp duty will not arise on a document effecting a transfer of the Notes so long as the Notes do not derive the greater part of their value directly or indirectly from non-residential land or buildings situated in Ireland and the instrument of transfer of the Notes does not relate to:

- (i) any immoveable property situated in Ireland or any right over or interest in such property; or
- (ii) any stocks or marketable notes of a company which is registered in Ireland (other than a company which is (i) an investment undertaking within the meaning of section 739B of

the Taxes Consolidation Act, 1997 ("TCA") or (ii) a qualifying company within the meaning of section 110 of the TCA).

LUXEMBOURG

The following is a general description of certain Luxembourg tax considerations relating to the Notes. It specifically contains information on taxes on the income from the Notes withheld at source and provides an indication as to whether the Issuer assumes responsibility for the withholding of taxes at the source. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in Luxembourg or elsewhere. Prospective purchasers of the Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of the Notes, payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of Luxembourg. This summary is based upon the law as in effect on the date of this Base Prospectus/Base Listing Particulars. The information contained within this section is limited to withholding taxation issues, and prospective investors should not apply any information set out below to other areas, including (but not limited to) the legality of transactions involving the Notes.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a withholding tax or a tax of a similar nature refers to Luxembourg tax law and/or concepts only.

A holder of the Notes may not become resident, or deemed to be resident, in Luxembourg by reason only of the holding of the Notes, or the execution, performance, delivery and/or enforcement of the Notes.

All payments of interest (including accrued but unpaid interest) and principal by the Issuer in the context of the holding, disposal, redemption or repurchase of the Notes, which are not profit sharing, can be made free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein, in accordance with the applicable Luxembourg law.

Payments of interest or similar income on the Notes made or deemed to be made by a paying agent within the meaning of the Luxembourg law of 23 December 2005 as amended (the "**Law**") established in the Grand Duchy of Luxembourg to or for the immediate benefit of an individual Luxembourg resident for tax purposes who is the beneficial owner of such payment may be subject to a tax at a rate of 20 per cent. Such tax will be in full discharge of income tax if the individual beneficial owner acts in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent.

Pursuant to the Law, Luxembourg resident individuals who are the beneficial owners of savings income paid by a paying agent established outside Luxembourg, in a Member State of either the European Union or the EEA, can opt to self-declare and pay a 20 per cent. tax (the "**Levy**") on their savings income.

The 20 per cent. withholding tax as described above or the Levy are final when Luxembourg resident individuals are acting in the context of the management of their private wealth.

THE NETHERLANDS

The following summary of certain Dutch taxation matters is based on the laws and practice in force as of the date of this Base Prospectus/Base Listing Particulars and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of a Note, and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules.

Where the Issuer is not and is not deemed to be resident (*gevestigd*) and does not have and is not deemed to have a permanent establishment (*vaste inrichting*) in The Netherlands for the relevant tax purposes, all payments by the Issuer under the Notes can be made without withholding or deduction of any taxes of whatsoever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein.

SPAIN

On the basis that the Issuer is not resident in Spain for tax purposes and does not operate in Spain through a permanent establishment, branch or agency, all payments of principal and interest in respect of the Notes can be made free of any withholding or deduction for or on account of any taxes in Spain.

Under certain conditions, withholding taxes may apply if the Notes are deposited with a Spanish resident entity acting as depositary.

UNITED STATES FEDERAL TAXATION

The following is a general summary of certain U.S. federal income tax considerations to U.S. Holders and U.S. withholding tax considerations to Non-U.S. Holders (each as defined below), of the purchase, ownership and disposition of Notes. This summary only discusses the consequences to U.S. Holders that purchase Notes at their original issuance and issue price and hold them as capital assets for U.S. federal income tax purposes. This summary does not address all of the U.S. federal income tax consequences that may be relevant to an investor in light of such investor's particular circumstances or to investors subject to special rules (including, without limitation, pension plans and other tax-exempt investors, banks, thrift institutions, insurance companies, real estate investment trusts, regulated investment companies, grantor trusts, partnerships, partners in partnerships that invest in Notes, dealers in securities or currencies, U.S. Holders whose functional currency is not the U.S. dollar, U.S. Holders who hold Notes as part of a straddle, hedging or conversion transaction, U.S. Holders liable for the alternative minimum tax, U.S. Holders who are expatriates, U.S. Holders required to accelerate the recognition of any item of gross income with respect to the Notes as a result of such income being recognised on an applicable financial statement, Non-U.S. Holders that hold Notes in a manner that is effectively connected with the conduct of a trade or business in the United States and Non-U.S. Holders that are individuals present in the United States for 183 days or more in the year that they dispose of Notes). In addition, this summary does not address the application of any U.S. state or local tax laws, or the tax laws of any non-U.S. jurisdiction.

*The discussion herein does not address Notes that are issued by a U.S. branch of the Issuer, Dual Currency Notes, Partly Paid Notes or exchangeable Notes. The tax treatment of such Notes will be discussed in supplemental tax disclosure for the particular offering of such Notes. This summary is based on the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), its legislative history, applicable U.S. Treasury Regulations, judicial authority and administrative rulings and practice in effect as of the date of this Base Prospectus/Base Listing Particulars any of which may be appealed, revoked or otherwise altered with retroactive effect, thereby changing the U.S. federal income tax consequences discussed below. There is no assurance that the U.S. Internal Revenue Service (the "**IRS**") will not take a contrary view, and no ruling from the IRS has been or will be sought.*

*As used herein, the term "**U.S. Holder**" means a beneficial owner of a Note in registered form that is, for U.S. federal income tax purposes, (i) an individual that is a citizen or resident of the United States, (ii) a corporation created or organised in or under the laws of the United States, any State thereof or the District of Columbia, (iii) an estate whose income is subject to U.S. federal income taxation regardless of its source or (iv) a trust, if both (a) a court within the United States is able to exercise primary jurisdiction over the administration of the trust, and (b) one or more United States persons (as defined in the Code) for U.S. federal income tax purposes have the authority to control all substantial decisions of the trust. Notes in bearer form are subject to selling restrictions and are not meant to be offered or sold to United States persons. United States persons that nonetheless acquire Notes in bearer form (i) should be aware that they will generally be subject to limitations under the U.S. tax rules, including limitations that impact the ability to deduct losses or recognise capital gain with respect to the Notes and (ii) should not rely on the disclosure below.*

*As used herein, the term "**Non-U.S. Holder**" means a beneficial owner of a Note that is, for U.S. federal income tax purposes, an individual, corporation, estate or trust that is not a U.S. Holder.*

The U.S. federal income and withholding tax treatment of Notes held by an entity or arrangement that is a partnership for U.S. federal income tax purposes will depend on the activities of such partnership and the status of its partners. Partnerships considering an investment in Notes, and partners in such partnerships, should consult their own tax advisors regarding the consequences of acquiring, owning and disposing of a Note.

Treatment of Notes as Indebtedness

The discussion below addresses the U.S. federal income tax treatment of Notes that will be issued in a manner consistent with, and with characteristics that are typical of, indebtedness for U.S. federal income tax purposes. Generally, the discussion below addresses Notes whose terms provide for payment in full of principal at their stated maturity. However, Notes whose terms do not provide for payment in full of principal at their stated maturity, and possibly certain other Notes, may not be characterised as indebtedness for U.S. federal income tax purposes.

The U.S. tax treatment of Notes that are not characterised as indebtedness for U.S. federal income tax purposes is complex, and generally there is no direct authority regarding the correct U.S. federal income tax treatment of such Notes. For example, in certain circumstances, such Notes may be viewed as representing beneficial ownership in underlying assets to which the return on the Notes is linked. In other circumstances, an investment in the Notes may be governed by the U.S. tax rules that govern the treatment of options, forward contracts, swaps or other types of derivative instruments. Prospective U.S. investors should be aware that the IRS has issued a notice seeking comments regarding the proper treatment of certain securities whose terms do not provide for payment in full of principal at their stated maturity, which may adversely impact the treatment of an investment in such Notes for U.S. federal income tax purposes. Prospective U.S. investors are strongly urged to consult their own advisors about the proper treatment of an investment in such Notes in light of their particular circumstances. A prospective U.S. investor should review any supplemental U.S. tax disclosure that may be provided in connection with a particular offering and should contact UBS for any additional information that it may require in making its determination.

Where Notes that are linked to one or more securities, or a basket containing one or more securities, issued by a U.S. issuer, it is possible that payments of principal, interest or disposition proceeds on the Note may be characterised, in whole or in part, as U.S. source income and may be subject to U.S. income or withholding tax. Where this is the case, such payments may be made subject to U.S. withholding tax, at a rate of up to 30 per cent. or at such other rate as may be available under the provisions of any applicable double tax treaty. Prospective non-U.S. investors should consult their own advisors about the possibility of U.S. income or withholding tax applying to payments on any such Notes. A prospective non-U.S. investor should review any supplemental U.S. tax disclosure that may be provided in connection with a particular offering and should contact UBS for any additional information that it may require in making its determination. The remainder of this discussion does not address Notes that may pay U.S. source income in the manner discussed above and assumes that the Notes will be characterised as indebtedness for U.S. federal income tax purposes.

Tax Consequences for U.S. Holders

Payments of Interest

Except as otherwise indicated below, interest paid on a Note will be taxable to a U.S. Holder as ordinary interest income at the time it accrues or is received in accordance with the U.S. Holder's method of accounting for U.S. federal income tax purposes. Interest income earned by a U.S. Holder with respect to a Note will constitute foreign source income for U.S. federal income tax purposes, which may be relevant in determining the U.S. Holder's treatment under the "foreign tax credit" rules. These rules are complex and a prospective U.S. Holder should consult its own advisors about the availability of a credit or deduction for non-U.S. taxes in light of the U.S. Holder's particular circumstances. Special rules governing the treatment of payments made with respect to Notes subject to special U.S. tax rules are discussed below.

Original Issue Discount

A Note that has an "issue price" that is less than its "stated redemption price at maturity" will be considered to have been issued at an original discount for U.S. federal income tax purposes (and will be referred to in this section as an "**original issue discount Note**") unless the Note satisfies a *de minimis* threshold (as described below) or is a short-term Note (as defined below). The "**issue price**" of a Note will be the first price at which a substantial amount of the Notes are sold to the public (not including sales to bond houses, brokers or similar persons or organisations acting in the capacity of underwriters, placement agents or wholesalers). The "stated redemption price at maturity" of a Note generally will equal the sum of all payments required under the Note other than payments of "qualified stated interest". "**Qualified stated interest**" is stated interest unconditionally payable (other than in debt instruments of the Issuer) at least annually during the entire term of the Note and equal to the outstanding principal balance of the Note

multiplied by a single fixed rate of interest. In addition, qualified stated interest includes, among other things, stated interest on a "variable rate debt instrument" (as defined in the applicable U.S. Treasury Regulations) that is unconditionally payable (other than in debt instruments of the Issuer) at least annually at a single qualified floating rate of interest or at a rate that is determined at a single fixed formula that is based on objective financial or economic information. A rate is a qualified floating rate if variations in the rate can reasonably be expected to measure contemporaneous fluctuations in the cost of newly borrowed funds in the currency in which the Note is denominated. For this purpose, if a floating rate Note provides for stated interest at a fixed rate for an initial period of one year or less followed by a variable rate and if the variable rate on the floating rate Note's issue date is intended to approximate the fixed rate (e.g., the value of the variable rate on the issue date does not differ from the value of the fixed rate by more than 0.25 per cent.), then the fixed rate and the variable rate together will constitute a single variable rate.

If the difference between a Note's stated redemption price at maturity and its issue price is less than a *de minimis* amount (generally, $\frac{1}{4}$ of 1 per cent. of the stated redemption price at maturity multiplied by the number of complete years to maturity or the weighted average maturity, as applicable) the Note will not be considered to have original issue discount. U.S. Noteholders with a *de minimis* amount of original issue discount will include this original issue discount in income, as capital gain, on a *pro rata* basis as principal payments are made on the Note.

A U.S. Holder of original issue discount Notes will be required to include any qualified stated interest payments in income in accordance with the U.S. Holder's method of accounting for U.S. federal income tax purposes. U.S. Holders of original issue discount Notes (other than short-term Notes, as defined below) will be required to include in income for U.S. federal income tax purposes the sum of the daily portions of the original issue discount for each day on which the U.S. Holder held the Note. The U.S. Holder will be required to include such original issue discount as it accrues in accordance with a constant yield method based on a compounding of interest, regardless of whether cash attributable to this income is received.

A U.S. Holder may make an election to include in gross income all interest that accrues on any Note (including stated interest, acquisition discount, original issue discount, *de minimis* original issue discount, market discount, *de minimis* market discount and unstated interest, as adjusted by any amortisable bond premium or acquisition premium) in accordance with a constant yield method based on the compounding of interest (a "**constant yield election**").

The Issuer may have an unconditional option to redeem, or investors may have an unconditional option to require the Issuer to redeem, a Note prior to its stated maturity date. Under applicable regulations, if the Issuer has an unconditional option to redeem a Note prior to its stated maturity date, this option will be presumed to be exercised if the exercise of the option will lower the yield on the Note. Conversely, if investors have an unconditional option to require the Issuer to redeem a Note prior to its stated maturity date, this option will be presumed to be exercised if the exercise of the option will increase the yield on the Note. If an option that is presumed to be exercised based on this rule is in fact not exercised, the Note will be treated solely for purposes of calculating original issue discount as if it were redeemed, and a new Note were issued, on the presumed exercise date for an amount equal to the Note's adjusted issue price on that date. The adjusted issue price of an original issue discount Note is defined as the sum of the issue price of the Note and the aggregate amount of previously accrued original issue discount, less any prior payments other than payments of qualified stated interest.

Short-Term Notes

A Note that matures (after taking into account the last possible date that the Note could be outstanding under the terms of the Note) one year or less from its date of issuance (a "**short-term Note**") will be treated as being issued at a discount and none of the interest paid on the Note will be treated as qualified stated interest (as defined above). In general, a cash-method U.S. Holder of a short-term Note is not required to accrue the discount for U.S. federal income tax purposes unless it elects to do so. If a cash method U.S. Holder does not make this election, the U.S. Holder should include interest payments as ordinary income upon receipt. Holders who elect to accrue the discount, and certain other U.S. Holders, including those who report income on the accrual method of accounting for U.S. federal income tax purposes, are required to include the discount in income as it accrues on a straight-line basis, unless another election is made to accrue the discount according to a constant-yield method based on daily compounding. In the case of a U.S. Holder who is not required and who does not elect to include the discount in income currently, any gain realised on the sale, exchange, or retirement of the short-term Note generally will be ordinary income to the extent of the discount accrued on a straight-line basis (or, if elected, according to a constant yield method

based on daily compounding) through the date of sale, exchange or retirement. In addition, those U.S. Holders will be required to defer deductions for any interest paid on indebtedness incurred to purchase or carry short-term Notes in an amount not exceeding the accrued discount until the accrued discount is included in income.

Sale, Exchange or Retirement of the Notes

Upon the sale, exchange or retirement of a Note, a U.S. Holder will recognise taxable gain or loss equal to the difference between the amount realised on the sale, exchange or retirement and the U.S. Holder's tax basis in the Note. Gain or loss, if any, generally will be U.S. source income for purposes of computing a U.S. Holder's foreign tax credit limitation. Amounts attributable to accrued but unpaid interest or discount are treated as interest as described under "*Payment of Interest*," "*Short-Term Notes*" and "*Original Issue Discount*" above.

Except as described below, gain or loss realised on the sale, exchange or retirement of a Note generally will be capital gain or loss and will be long-term capital gain or loss if at the time of sale, exchange or retirement the Note has been held for more than one year. Exception to this general rule applies to the extent of any accrued discount not previously included in the U.S. Holder's taxable income. See "*Short-Term Notes*" and "*Original Issue Discount*" above. In addition, other exceptions to this general rule apply in the case of contingent payment debt instruments, foreign currency Notes, optionally exchangeable Notes and mandatorily exchangeable Notes. See "*Contingent Payment Debt Instruments*" and "*Foreign Currency Notes*" below. The deductibility of capital losses is subject to limitations.

Contingent Payment Debt Instruments

If the timing and amount of payments on a Note is subject to contingencies and the Note is not a qualifying variable rate debt instrument (as defined above), the Note generally will be classified as a contingent payment debt instrument for U.S. federal income tax purposes. If a Note is treated as a contingent payment debt instrument, no payment on such instrument qualifies as qualified stated interest. Rather, a U.S. Holder must account for interest for U.S. federal income tax purposes based on a "comparable yield" and the differences between actual payments on the contingent payment debt instrument and the instrument's "projected payment schedule" as described below. The comparable yield is determined by the Issuer at the time of issuance of the contingent payment debt instrument and takes into account the yield at which the Issuer could issue a fixed rate debt instrument with no contingent payments, but with terms and conditions otherwise similar to those of the contingent payment debt instrument. The comparable yield may be greater than or less than the stated interest, if any, with respect to the instrument.

Solely for the purpose of determining the amount of interest income that a U.S. Holder will be required to accrue on a contingent payment debt instrument, the Issuer may be required to construct a "projected payment schedule" that represents a series of payments the amount and timing of which would produce a yield to maturity on the instrument equal to the comparable yield used.

Neither the comparable yield nor the projected payment schedule constitutes a representation by the Issuer regarding the actual amount, if any, that the contingent payment debt instrument will pay.

For U.S. federal income tax purposes, a U.S. Holder will be required to use the comparable yield and projected payment schedule established by the Issuer in determining interest accruals and adjustments in respect of a contingent payment debt instrument, unless the U.S. Holder timely discloses and justifies the use of a different comparable yield and projected payment schedule to the IRS.

A U.S. Holder, regardless of the U.S. Holder's method of accounting for U.S. federal income tax purposes, will be required to accrue interest income on a contingent payment debt instrument at the comparable yield, adjusted upward or downward to reflect the difference, if any, between the actual and the projected amount of any contingent payments on the instrument (as set forth below).

A U.S. Holder will be required to recognise interest income equal to the amount of any net positive adjustment, *i.e.*, the excess of actual payments over projected payments, in respect of a contingent payment debt instrument for a taxable year. A net negative adjustment, *i.e.*, the excess of projected payments over actual payments, in respect of a contingent payment debt instrument for a taxable year (i) will first reduce the amount of interest in respect of the contingent payment debt instrument that a U.S. Holder would otherwise be required to include in income in the taxable year and (ii) any excess will give rise to an ordinary

loss to the extent that the amount of all previous interest inclusions under the contingent payment debt instrument exceeds the total amount of the U.S. Holder's net negative adjustments treated as ordinary loss on the contingent payment debt instrument in prior taxable years.

A net negative adjustment is not subject to the limitation imposed on itemised deductions. Any net negative adjustment in excess of the amounts described above will be carried forward to offset future interest income in respect of the contingent payment debt instrument or to reduce the amount realised on a sale, exchange or retirement of the instrument.

Upon a sale, exchange or retirement of a contingent payment debt instrument (including a delivery of property pursuant to the terms of the instrument), a U.S. Holder generally will recognise taxable gain or loss equal to the difference between the amount realised on the sale, exchange or retirement and the U.S. Holder's tax basis in the contingent payment debt instrument. If a U.S. Holder is paid property, other than cash, in retirement of a contingent payment debt instrument, the amount realised will equal the fair market value of the property, determined at the time of retirement, plus the amount of cash, if any, received in lieu of property. A U.S. Holder generally will treat any gain as interest income, and any loss as ordinary loss to the extent of the excess of previous interest inclusions in excess of the total net negative adjustments previously taken into account as ordinary losses, and the balance as capital loss. The deductibility of capital losses is subject to limitations. In addition, if a U.S. Holder recognises loss above certain thresholds, the U.S. Holder may be required to file a disclosure statement with the IRS.

A U.S. Holder will have a tax basis in any property, other than cash, received upon the retirement of a contingent payment debt instrument, including in satisfaction of a conversion right or a call right, equal to the fair market value of the property determined at the time of retirement. The U.S. Holder's holding period for the property will commence on the day immediately following its receipt.

Special rules will apply if one or more contingent payments on a contingent payment debt instrument become fixed. For purposes of the preceding sentence, a payment (including an amount payable at maturity) will be treated as fixed if (and when) all remaining contingencies with respect to it are remote or incidental within the meaning of the applicable Treasury Regulations. If one or more contingent payments on a contingent payment debt instrument become fixed more than six months prior to the date the payment is due, a U.S. Holder would be required to make a positive or negative adjustment, as appropriate, equal to the difference between the present value of the amounts that are fixed, using the comparable yield as the discount rate, and the projected amounts of the contingent payments relevant as provided in the projected payment schedule. If all remaining scheduled contingent payments on a contingent payment debt instrument become fixed substantially contemporaneously, a U.S. Holder would be required to make adjustments to account for the difference between the amounts so treated as fixed and the projected payments in a reasonable manner over the remaining term of the contingent payment debt instrument. A U.S. Holder's tax basis in the contingent payment debt instrument and the character of any gain or loss on the sale of the instrument would also be affected. U.S. Holders are urged to consult their tax advisers concerning the application of these special rules.

Premium

If a U.S. Holder purchases a Note for an amount in excess of its stated redemption price at maturity (as defined above under "*Original Issue Discount*"), the U.S. Holder will be considered to have purchased such Note with "amortisable bond premium" equal in amount to such excess, and generally will not be required to include any original issue discount in income. Generally, a U.S. Holder may elect to amortise such premium as an offset to qualified stated interest income, using a constant yield method similar to that described above (see "*Original Issue Discount*" above), over the remaining term of the Note (where such Note is not redeemable prior to its maturity date). In the case of Notes that may be redeemed prior to maturity, the premium is calculated assuming that the U.S. Holder will exercise or not exercise its redemption rights in a manner that maximises the U.S. Holder's yield and the Issuer will exercise or not exercise its redemption rights in a manner that lowers the yield on the Note. A U.S. Holder that elects to amortise bond premium must reduce such U.S. Holder's tax basis in the Note by the amount of the premium used to offset qualified stated interest income as set forth above. An election to amortise bond premium applies to all taxable debt obligations held during or after the taxable year for which the election is made and may be revoked only with the consent of the IRS.

Foreign Currency Notes

Special U.S. federal income tax rules apply to Notes that are denominated in a specified currency other than the U.S. dollar or the payments of interest or principal on which are payable in one or more currencies or currency units other than the U.S. dollar ("**foreign currency Notes**").

The rules applicable to foreign currency Notes could require some or all gain or loss on the sale, exchange or other disposition of a foreign currency Note to be recharacterised as ordinary income or loss. The rules applicable to foreign currency Notes are complex and may depend on the U.S. Holder's particular U.S. federal income tax situation. For example, various elections are available under these rules, and whether a U.S. Holder should make any of these elections may depend on the U.S. Holder's particular U.S. federal income tax situation. U.S. Holders are urged to consult their own tax advisers regarding the U.S. federal income tax consequences of the ownership and disposition of foreign currency Notes.

A U.S. Holder who uses the cash method of accounting and who receives a payment of qualified stated interest in a currency other than the U.S. dollar with respect to a foreign currency Note will be required to include in income the U.S. dollar value of the foreign currency payment (determined on the date the payment is received) regardless of whether the payment is in fact converted to U.S. dollars at the time, and this U.S. dollar value will be the U.S. Holder's tax basis in the foreign currency.

An accrual method U.S. Holder will be required to include in income the U.S. dollar value of the amount of interest income (including original issue discount) that has accrued and is otherwise required to be taken into account with respect to a foreign currency Note during an accrual period. The U.S. dollar value of the accrued income will be determined by translating the income at the average rate of exchange for the accrual period or, with respect to an accrual period that spans two taxable years, at the average rate for the partial period within the taxable year. The U.S. Holder will recognise ordinary income or loss with respect to accrued interest income on the date the income is actually received. The amount of ordinary income or loss recognised will equal the difference between the U.S. dollar value of the non-U.S. dollar currency payment received (determined on the date the payment is received) in respect of the accrual period (or, where a U.S. Holder receives U.S. dollars, the amount of the payment in respect of the accrual period) and the U.S. dollar value of interest income that has accrued during the accrual period (as determined above).

An accrual method U.S. Holder may elect to translate interest income (including original issue discount) into U.S. dollars at the spot rate on the last day of the interest accrual period, in the case of a partial accrual period, the spot rate on the last day of the accrual period in the taxable year or, if the date of receipt is within five business days of the last day of the interest accrual period, the spot rate on the date of receipt. A U.S. Holder that makes this election must apply it consistently to all debt instruments from year to year and cannot change the election without the consent of the IRS.

Original issue discount on a foreign currency Note is to be determined in the relevant foreign currency. Cash method U.S. Holders will be required to account for such original issue discount under rules similar to those described above with respect to accrual method U.S. Holders.

If an election to amortise bond premium is made, amortisable bond premium, calculated in units of the relevant foreign currency, taken into account on a current basis shall reduce interest income in units of the relevant foreign currency. Exchange gain or loss is realised on amortised bond premium with respect to any period by treating the bond premium amortised in the period in the same manner as on the sale, exchange or retirement of the foreign currency Note. Any exchange gain or loss will be ordinary income or loss as described below. If an election to amortise bond premium is not made, any loss realised on the sale, exchange or retirement of a foreign currency Note with amortisable bond premium will be a capital loss to the extent of the bond premium.

A U.S. Holder's tax basis in a foreign currency Note, and the amount of any subsequent adjustment to the U.S. Holder's tax basis, will be the U.S. dollar value amount of the foreign currency amount paid for such foreign currency Note, or of the foreign currency amount of the adjustment, determined on the date of the purchase or adjustment. A U.S. Holder who purchases a foreign currency Note with previously owned non-U.S. currency will recognise ordinary income or loss in an amount equal to the difference, if any, between such U.S. Holder's tax basis in the non-U.S. currency and the U.S. dollar fair market value of the foreign currency Note on the date of purchase.

Gain or loss realised upon the sale, exchange or retirement of a foreign currency Note that is attributable to fluctuation in currency exchange rates will be ordinary income or loss which will not be treated as interest income or expense. Gain or loss attributable to fluctuations in exchange rates will equal the difference between (i) the U.S. dollar value of the non-U.S. currency nominal amount of the Note, determined on the date the payment is received or the Note is disposed of, and (ii) the U.S. dollar value of the non-U.S. dollar currency nominal amount of the Note, determined on the date the U.S. Holder acquired the Note. Payments received attributable to accrued but unpaid interest or discount will be treated in accordance with the rules applicable to payments of interest on foreign currency Notes described above. The foreign currency gain or loss will be recognised only to the extent of the total gain or loss realised by the U.S. Holder on the sale, exchange or retirement of the foreign currency Note. The source of the foreign currency gain or loss will be determined by reference to the residence of the U.S. Holder (or the "**qualified business unit**" of the U.S. Holder on whose books the Note is properly reflected). Any gain or loss realised by a U.S. Holder in excess of the foreign currency gain or loss will be capital gain or loss except, in the case of a short-term Note, to the extent of any discount not previously included in the U.S. Holder's income.

A U.S. Holder will have a tax basis in any foreign currency received on the sale, exchange or retirement of a foreign currency Note equal to the U.S. dollar value of the non-U.S. currency, determined at the time of sale, exchange or retirement. A cash method taxpayer who buys or sells a foreign currency Note that are traded on an established securities market is required to translate units of non-U.S. currency paid or received into U.S. dollars at the spot rate on the settlement date of the purchase or sale. Accordingly, no exchange gain or loss will result from currency fluctuations between the trade date and the settlement date of the purchase or sale. An accrual method taxpayer may elect the same treatment for all purchases and sales of foreign currency obligations **provided that** the Notes are traded on an established securities market. This election cannot be changed without the consent of the IRS. Any gain or loss realised by a U.S. Holder on a sale or other disposition of non-U.S. currency (including its exchange for U.S. dollars or its use to purchase foreign currency Notes) will be ordinary income or loss.

Substitution of the Issuer and Replacement of Reference Rates

The terms of the Notes provide that, in certain circumstances, the obligations of the Issuer under the Notes may be (i) assumed by an Affiliate or (ii) prior to any such assumption, fulfilled by the Issuer acting through a different Branch or the UBS Head Office (if the Issuer was not acting through the UBS Head Office prior thereto). The terms of the Notes also provide that, in certain circumstances in respect to Notes that are (i) Floating Rate Notes and Fixed Rate/Floating Rate Notes (other than SOFR Notes), the applicable Reference Rate may be replaced with a successor rate or an alternative reference rate and (ii) SOFR Notes, the then-current SOFR Benchmark may be replaced with an alternate rate of interest. Any such assumption, Issuing Branch Substitution or replacement of the applicable Reference Rate with respect to the Notes might be treated for U.S. federal income tax purposes as a deemed disposition of Notes by a U.S. Holder in exchange for new notes issued by the new obligor. As a result of this deemed disposition, a U.S. Holder could be required to recognise gain or loss for U.S. federal income tax purposes equal to the difference, if any, between the fair market value at that time of the U.S. Holder's Notes, and the U.S. Holder's tax basis in those Notes. It might also affect the timing and amount of income earned on the Notes for U.S. federal income tax purposes in any given tax period. U.S. Holders should consult their tax advisors concerning the U.S. federal income tax consequences to them of a substitution in obligor or a replacement of the applicable Reference Rate with respect to the Notes.

IRS Reporting Requirements

Treasury regulations require U.S. taxpayers to report certain transactions that give rise to a loss in excess of certain thresholds (a "**Reportable Transaction**"). Under these regulations, if Notes are denominated in a foreign currency, a U.S. Holder that recognises a loss with respect to the Notes that is characterised as an ordinary loss due to changes in currency exchange rates generally would be required to report the loss to the IRS if the loss exceeds the thresholds set forth in the regulations. For individuals and trusts, this loss threshold is \$50,000 in any single taxable year. For other types of taxpayers and other types of losses, the thresholds are higher.

U.S. Holders should consult their own advisors regarding any tax filing and reporting obligations that may apply in connection with acquiring, owning and disposing of Notes.

Backup Withholding and Information Reporting

Information returns may be filed with the IRS in connection with payments on the Notes and the proceeds from a sale or other disposition of the Notes. A U.S. Holder may be subject to U.S. backup withholding on these payments if it fails to provide its tax identification number to the paying agent and comply with certain certification procedures or otherwise establish that it qualifies for an exemption from backup withholding.

The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a credit against the U.S. Holder's U.S. federal income tax liability and may entitle the U.S. Holder to a refund, **provided that** the required information is timely furnished to the IRS.

Tax Consequences for Non-U.S. Holders

Unless a Non-U.S. Holder is receiving payments on or with respect to Notes linked to one or more securities, or a basket containing one or more securities, issued by a U.S. issuer, as to payments on any such securities, or as discussed below under "*FATCA Withholding Tax*" or otherwise noted in supplemental disclosure for the particular offering of Notes set forth in the relevant Final Terms, a Non-U.S. Holder will not be subject to U.S. withholding tax with respect to payments on Notes, but may be subject to generally applicable information reporting, and may also be subject to backup withholding requirements with respect to such payments unless the Non-U.S. Holder complies with certain certification and identification requirements as to the Non-U.S. Holder's non-U.S. status or an exception to the information reporting and backup withholding rules otherwise applies. Non-U.S. Holders that receive payments outside the United States from a broker or other intermediary that is not a U.S. person and does not have certain other connections with the United States generally will not be subject to these information reporting and backup withholding rules.

FATCA Withholding Tax

Pursuant to sections 1471 to 1474 of the U.S. Internal Revenue Code of 1986, as amended, commonly known as FATCA, a "**foreign financial institution**" (as defined by FATCA) may be required to withhold on (i) certain payments of U.S. source income and (ii) "foreign passthru payments" (a term which is not yet defined) paid to or in respect of persons that fail to meet certain certification, reporting or related requirements. A number of jurisdictions (including Switzerland and Australia) have entered into, or have agreed in substance to, intergovernmental agreements ("**IGAs**") with the United States to implement FATCA, which modify the way in which FATCA applies in their jurisdictions. Under the provisions of the IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply to foreign passthru payments prior to the date that is two years after the publication of the final regulations defining "foreign passthru payment" in the U.S. Federal Register and, **provided that** Notes are properly treated as debt for U.S. federal income tax purposes, Notes issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding on foreign passthru payments unless materially modified after such date or classified as equity for U.S. federal income tax purposes or do not have a fixed term (whenever issued). However, if additional Notes (as described under Condition 15 (*Further Issues*)) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. In addition, if with respect to Notes issued before the end of the grandfathering period there is a substitution of the Issuer (as described under Condition 14 (*Meetings of Noteholders and Modifications of Terms and Conditions: Substitution*)) that occurs after the grandfathering period, the Notes may cease to be grandfathered. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, neither UBS nor any other person will be required under the terms of the Notes to pay additional amounts as a result of the withholding.

The U.S. federal income tax discussion set forth above is included for general information only and may not be applicable depending upon an investor's particular situation. Prospective investors should

consult their own tax advisers with respect to the tax consequences to them of the ownership and disposition of the Notes and the underlying stock, including the tax consequences under state, local, non-U.S. and other tax laws and the possible effects of changes in U.S. federal or other tax laws.

ERISA AND RELATED CONSIDERATIONS

The U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), imposes certain requirements on "employee benefit plans" within the meaning of Section 3(3) of ERISA that are subject to Title I of ERISA, such as pension plans, profit-sharing plans, collective investment funds, separate accounts and entities whose underlying assets include the assets of such employee benefit plans (collectively, "**ERISA Plans**"), and on those persons who are fiduciaries with respect to ERISA Plans. ERISA also imposes limits on transactions between ERISA Plans and the ERISA Plan's service providers or other related parties.

Each ERISA Plan fiduciary should consider ERISA and the regulations and guidance thereunder when considering a purchase of the Notes. Fiduciaries of ERISA Plans, as well as other "plans" and arrangements within the meaning of Section 4975(e)(1) of the Code that are subject to Section 4975 of the Code, such as individual retirement accounts or "Keogh" plans (together with ERISA Plans, "**Plans**"), should also consider, among other items, the issues described below when deciding whether to purchase the Notes.

THIS BASE PROSPECTUS/Base Listing Particulars IS NOT WRITTEN FOR ANY PARTICULAR PROSPECTIVE INVESTOR, AND IT DOES NOT ADDRESS THE NEEDS OF ANY PARTICULAR PROSPECTIVE INVESTOR. NONE OF THE ISSUER, THE ARRANGER, THE DEALERS, THE AGENTS, THE REGISTRARS OR THEIR RESPECTIVE AFFILIATES HAS UNDERTAKEN TO PROVIDE IMPARTIAL INVESTMENT ADVICE OR TO GIVE ADVICE IN A FIDUCIARY CAPACITY, AND NONE OF THESE PARTIES HAS OR SHALL PROVIDE ANY ADVICE OR RECOMMENDATION WITH RESPECT TO THE MANAGEMENT OF ANY INVESTMENT OR THE ADVISABILITY OF ACQUIRING, HOLDING, DISPOSING OR EXCHANGING OF ANY NOTE. THE FOLLOWING DISCUSSION IS GENERAL IN NATURE, IS NOT INTENDED TO BE ALL INCLUSIVE AND SHOULD NOT BE CONSTRUED AS LEGAL ADVICE. EACH FIDUCIARY OF A PLAN SHOULD TALK TO ITS LEGAL ADVISER ABOUT THE CONSIDERATIONS DISCUSSED IN THIS SECTION BEFORE PURCHASING THE NOTES. APPLICABLE LAWS GOVERNING THE INVESTMENT AND MANAGEMENT OF THE ASSETS OF GOVERNMENTAL, CERTAIN CHURCH, NON-U.S. AND OTHER BENEFIT PLANS MAY ALSO CONTAIN FIDUCIARY AND PROHIBITED TRANSACTION REQUIREMENTS. ACCORDINGLY, FIDUCIARIES OF SUCH PLANS, IN CONSULTATION WITH THEIR ADVISERS, SHOULD CONSIDER THE IMPACT OF SUCH LAWS ON A PURCHASE OF THE NOTES.

Fiduciary Duty of Investing ERISA Plans

Under ERISA, a person who exercises discretionary authority or control regarding the management or disposition of an ERISA Plan's assets is generally considered a fiduciary of such ERISA Plan. Investments by ERISA Plans are subject to ERISA's general fiduciary requirements, which should be taken into account with regards to each ERISA Plan's particular facts and circumstances. In considering a purchase of the Notes using assets of an ERISA Plan, the ERISA Plan's fiduciary should determine, particularly in light of the risks and limited liquidity inherent in a purchase of the Notes, whether the purchase would (i) satisfy the diversification requirements of Section 404(a)(1)(C) of ERISA, (ii) be in accordance with the documents and instruments governing the ERISA Plan pursuant to Section 404(a)(1)(D) of ERISA and (iii) be prudent with respect to the Note's structure, potential risks and lack of liquidity. When evaluating the prudence of purchasing the Notes, an ERISA Plan fiduciary should consider the U.S. Department of Labor (the "**DOL**") regulation on investment duties, which can be found at 29 C.F.R. § 2550.404a-1.

ERISA requires an ERISA Plan's fiduciary to maintain indicia of ownership for the ERISA Plan's assets within the jurisdiction of the U.S. Federal District Courts. Fiduciaries of ERISA Plans should also consider ERISA's rules relating to delegation of control, and whether a purchase of the Notes might constitute or give rise to a non-exempt "prohibited transaction" under Section 406 of ERISA or Section 4975 of the Code (as discussed below).

Administrators of ERISA Plans that purchase the Notes may be required to report compensation, including indirect compensation, paid in connection with the ERISA Plan's purchase on Schedule C of Form 5500 (Annual Return/Report of Employee Benefit Plan). The descriptions in this Base Prospectus/Base Listing

Particulars of fees and compensation, including the fees paid to the Dealers, are intended to satisfy the disclosure requirement for "eligible indirect compensation", for which an alternative reporting procedure on Schedule C of Form 5500 may be available.

Prohibited Transactions

Section 406 of ERISA and Section 4975 of the Code prohibit certain transactions involving the assets of a Plan and certain persons and their affiliates having certain relationships to such Plans (referred to as "parties in interest" under Section 3(14) of ERISA and "disqualified persons" under Section 4975(e)(2) of the Code, and collectively, "**Parties in Interest**"). Regardless of whether the underlying assets of the Issuer are deemed to include assets of a Plan (as discussed below), a purchase of the Notes by a Plan, to the extent it is permitted, may constitute or result in a direct or indirect "**prohibited transaction**" under Section 406 of ERISA and/or Section 4975 of the Code (collectively, "prohibited transaction") if any of the Issuer, the Arranger, the Dealers, the Agents, the Registrars or their respective Affiliates (each, a "**Transaction Party**") is considered a Party in Interest to the Plan.

The Transaction Parties may be Parties in Interest with respect to many Plans. Depending on the satisfaction of certain conditions which may include the identity of the fiduciary making the decision to acquire or hold the Notes on behalf of a Plan, an administrative or statutory exemption may be applicable to a prohibited transaction in respect of a purchase of the Notes. These exemptions include the administrative exemptions of prohibited transaction class exemptions ("**PTCE**") 84-14 (relating to transactions determined by independent "qualified professional asset managers"), PTCE 90-1 (relating to insurance company pooled separate accounts), PTCE 91-38 (relating to bank collective investment funds), PTCE 95-60 (relating to life insurance company general accounts) and PTCE 96-23 (relating to transactions determined by "in-house asset managers") and the statutory exemption of Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code (relating to the purchase and sale of securities and related lending transactions, **provided that** neither the security's issuer nor any of its affiliates have or exercise any discretionary authority or control or render any investment advice with respect to the assets of the Plan involved in the transaction and **provided further that** the Plan pays no more than, and receives no less than, "adequate consideration" in connection with the transaction). The fiduciary of a Plan that proposes to acquire and hold the Notes should consider, among other things, whether such acquisition and holding may involve (i) the direct or indirect extension of credit to a Party in Interest, (ii) the sale or exchange of any property between a Plan and a Party in Interest or (iii) the transfer to, or use by or for the benefit of, a Party in Interest of any assets of a Plan. In this regard, there can be no assurance that any of these exemptions or other exemptions will be available with respect to any particular transaction involving the Notes or that, if an exemption is available, it will cover all aspects of any particular transaction. Most of the exemptions do not provide relief from some or all of the self-dealing prohibitions under Section 406 of ERISA or Section 4975 of the Code.

Each fiduciary of a Plan that has engaged in a prohibited transaction may be required to, among other potential actions, (i) restore to the Plan any profit realized on the transaction, (ii) reimburse the Plan for any losses suffered by the Plan as a result of the transaction or (iii) unwind the transaction. Under Section 4975 of the Code, a Party in Interest may be required to pay excise taxes based on the amount involved in the transaction (including a one hundred per cent. (100%) excise tax if the transaction is not corrected within a certain time period).

The Plan Assets Regulation

Under the DOL regulations at 29 C.F.R. § 2510.3-101 (as modified by Section 3(42) of ERISA, the "**Plan Assets Regulation**"), if a Plan invests in an "equity interest" of an entity (which is defined as an interest in an entity other than an instrument that is treated as indebtedness under applicable local law and which has no substantial equity features) that is neither a publicly offered security nor a security issued by an investment company registered under the U.S. Investment Company Act of 1940, as amended, the Plan's assets include both the equity interest and an undivided interest in each of the entity's underlying assets, unless it is established that the entity is an "operating company" or that equity participation by "Benefit Plan Investors" is not "significant".

Under the Plan Assets Regulation, an "operating company" is defined as an entity that is primarily engaged, directly or through a majority owned subsidiary or subsidiaries, in the production or sale of a product or service other than the investment of capital. Equity participation by "Benefit Plan Investors" in an entity is "significant" under the Plan Assets Regulation if, immediately after the most recent acquisition of any equity interest in the entity, twenty-five per cent. (25%) or more of the value of any class of equity interests

in the entity is held by "Benefit Plan Investors". **"Benefit Plan Investor"** means (i) a Plan or (ii) a person or entity whose underlying assets include, or are deemed to include, "plan assets" by reason of a Plan's investment in the person or entity under the Plan Assets Regulation or otherwise for purposes of Title I of ERISA or Section 4975 of the Code. This test must be satisfied at each acquisition, transfer or disposition of the Notes in order for the assets of the Issuer to not be treated as "plan assets". For these purposes, the value of a Note held by certain persons (other than Benefit Plan Investors) that have discretionary authority or "control" over the assets of the entity or that provide investment advice with respect to such assets for a fee, directly or indirectly, or "affiliates" of such persons (other than Benefit Plan Investors) are excluded. For these purposes, an "affiliate" of a person, as defined in paragraph (f)(3) of the Plan Assets Regulation, includes any person, directly or indirectly, through one or more intermediaries, controlling, controlled by, or under common control with the person, and "control", with respect to a person other than an individual, means the power to exercise a controlling influence over the management or policies of such person.

Although there cannot be any assurance in this regard, the Issuer believes it is an "operating company" under the Plan Assets Regulation and that the Notes should be characterised as indebtedness without substantial equity features and not as equity interests, unless otherwise indicated in the Final Terms relating to such Notes. There is little guidance that can be used to predict when or if the DOL or a court would view a security as an equity interest rather than as indebtedness, and it is possible that the DOL could contend, and that a court could hold, that any of the Notes are equity interests. If the underlying assets of the Issuer are deemed to be "plan assets", the obligations and other responsibilities of Plan sponsors, Plan fiduciaries and Plan administrators, and of Parties in Interest, under Title I of ERISA and Section 4975 of the Code, as applicable, may be expanded, and there may be an increase in their liability under these and other provisions of ERISA and the Code (except to the extent (if any) that a favourable statutory or administrative exemption or exception applies). In addition, various providers of fiduciary or other services to the issuer, and any other parties with authority or control with respect to the issuer, could be deemed to be Plan fiduciaries or otherwise Parties in Interest by virtue of their provision of such services.

Similar Plans

"Governmental plans" within the meaning of Section 3(32) of ERISA, "church plans" within the meaning of Section 3(33) of ERISA that have made no election under Section 410(d) of the Code, non-U.S. plans described in Section 4(b)(4) of ERISA and benefit plans that are not Benefit Plan Investors (any such plan, a **"Similar Plan"**), while not subject to the fiduciary responsibility and prohibited transaction provisions of Title I of ERISA and Section 4975 of the Code, may nevertheless be subject to a U.S. federal, state, local, non-U.S. or other law or regulation that contains one or more provisions that are substantially similar to the foregoing provisions of ERISA and the Code (any such law or regulation, a **"Similar Law"**).

Representations and Warranties

Unless otherwise provided in the Final Terms, each purchaser and subsequent transferee of a Note (or an interest therein) will be deemed to have represented, warranted and agreed, by its acquisition and holding of such a Note (or an interest therein), that either (i) it is not (and for so long as it holds such a Note (or an interest therein) will not be) acting on behalf of a Benefit Plan Investor or a Similar Plan that is subject to any Similar Law or (ii) its acquisition, holding and disposition of such a Note (or an interest therein) will not result in or constitute a non-exempt prohibited transaction or a violation of any Similar Law.

Moreover, unless otherwise provided in the Final Terms, each purchaser and subsequent transferee of a Note (or an interest therein) that is a Benefit Plan Investor will be deemed to have represented, warranted and agreed, by its acquisition and holding of such a Note (or an interest therein), that (X) none of the Transaction Parties has provided any investment recommendation or investment advice to the Benefit Plan Investor, or any fiduciary or other person investing on behalf of the Benefit Plan Investor or who otherwise has discretion or authority over the investment and management of "plan assets" (a **"Plan Fiduciary"**), on which either the Benefit Plan Investor or Plan Fiduciary has relied in connection with the decision to acquire such a Note (or an interest therein), (Y) the Transaction Parties are not otherwise undertaking to act as a "fiduciary" as that term is defined in Section 3(21) of ERISA or Section 4975(e)(3) of the Code, to the Benefit Plan Investor or Plan Fiduciary in connection with the Benefit Plan Investor's acquisition of such a Note (or an interest therein) and (Z) the Plan Fiduciary is exercising its own independent judgment in evaluating the transaction.

Any purported transfer of such a Note (or an interest therein) that does not comply with these requirements above shall be null and void *ab initio*. There can be no assurance that these representations and warranties

will be effective to prevent prohibited transactions from occurring or property of the Issuer from being treated as "plan assets" for purposes of Title I of ERISA or Section 4975 of the Code as a result of Benefit Plan Investors holding the Notes (or an interest therein).

The foregoing discussion is general in nature and not intended to be all-inclusive. Any Benefit Plan Investor or Similar Plan fiduciary who proposes to cause a Plan or Similar Plan to purchase a Note (or an interest therein) to the extent permitted in the relevant Final Terms should consult with its counsel regarding the applicability of the fiduciary responsibility and prohibited transaction provisions of Title I of ERISA and Section 4975 of the Code to such an investment, and to confirm that such investment will not constitute or result in a prohibited transaction or any other violation of an applicable requirement of ERISA, the Code or Similar Law. This Base Prospectus/Base Listing Particulars is not directed to any particular prospective purchaser, nor does it address the needs of any particular prospective purchaser.

COMMON REPORTING STANDARD

The OECD Common Reporting Standard for Automatic Exchange of Financial Account Information ("CRS") requires certain financial institutions to report information regarding certain accounts (which may include the Notes) to their local tax authority and follow related due diligence procedures. Holders may be requested to provide certain information and certifications to ensure compliance with the CRS. A jurisdiction that has signed a CRS Competent Authority Agreement may provide this information to other jurisdictions that have signed the CRS Competent Authority Agreement.

SELLING RESTRICTIONS

Subject to all legal and regulatory requirements, Notes may be issued from time to time by the Issuer to any one or more of UBS AG London Branch, UBS Europe SE, UBS Securities LLC and UBS AG (the "**Dealers**") or to any other person. The arrangements under which Notes may from time to time be agreed to be issued by the Issuer to, and subscribed by, Dealers are set out in an amended and restated dealer agreement dated 26 May 2022 (the "**Dealer Agreement**") and made between the Issuer and the Dealers, as such agreement may be amended or supplemented or superseded from time to time. If in the case of any Tranche of Notes the method of distribution is an agreement between the Issuer and a single Dealer for that Tranche to be issued by the Issuer and subscribed by that Dealer, the method of distribution will be described in the relevant Final Terms as "Non-Syndicated" and the name of that Dealer and any other interest of that Dealer which is material to the issue of that Tranche beyond the fact of the appointment of that Dealer will be set out in the relevant Final Terms. If in the case of any Tranche of Notes the method of distribution is an agreement between the Issuer and more than one Dealer for that Tranche to be issued by the Issuer and subscribed by those Dealers, the method of distribution will be described in the relevant Final Terms as "Syndicated", the obligations of those Dealers to subscribe the relevant Notes will be joint and several and the names and addresses of those Dealers and any other interests of any of those Dealers which is material to the issue of that Tranche beyond the fact of the appointment of those Dealers will be set out in the relevant Final Terms. Any such agreement for the issue and subscription of Notes will, amongst other things, cover the price of the Notes, any commissions or other deductibles in respect of the Notes, the Form of the Notes, any other commercial terms of the issue and subscription of the Notes themselves, and any syndication or underwriting of the issue. The Dealer Agreement makes provision for the resignation or renewal of existing Dealers and the appointment of additional or other Dealers, either generally in respect of the Programme or in relation to a particular Series or Tranche of Notes.

UNITED STATES

(Regulation S Category 2; TEFRA D, unless TEFRA C is specified as applicable in the relevant Final Terms; Rule 144A eligible if so specified in the relevant Final Terms)

The Notes have not been, and will not be, registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and may not be offered, or sold within the United States or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, except as provided in the Dealer Agreement, it has not offered and sold Notes and will not offer and sell Notes of any Tranche (i) as part of its distribution at any time and (ii) otherwise until 40 days after the later of the date of issue of the relevant Tranche of Notes and the completion of the distribution of such Tranche within the United States or to, or for the account or benefit of, U.S. persons and it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration to which it sells Notes of such Tranche from it during the distribution compliance period (other than resales pursuant to Rule 144A) a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S.

The Dealer Agreement provides that the Dealers may directly or through their respective U.S. broker dealer affiliates arrange for the offer and resale of the Notes in the United States only to qualified institutional buyers in reliance on Rule 144A.

In addition, until 40 days after the commencement of the offering of any Tranche of Notes, an offer or sale of Notes of such Tranche within the United States by a dealer that is not participating in the offering of such Notes may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code of 1986, as amended, and the regulations thereunder.

- (A) Where TEFRA D is specified in the relevant Final Terms as being applicable in relation to any Tranche of Notes, each Dealer will be required to represent, undertake and agree (and each additional Dealer appointed under the Programme will be required to represent, undertake and agree) that:
- (i) except to the extent permitted under TEFRA D, (a) it has not offered or sold, and during the restricted period will not offer or sell, any Notes in bearer form to a person who is within the United States or its possessions or to a U.S. person, and (b) it has not delivered and will not deliver within the United States or its possessions Notes in bearer form and in definitive form that are sold during the restricted period;
 - (ii) it has, and throughout the restricted period will have, in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Notes in bearer form are aware that such Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a U.S. person, except as permitted by TEFRA D;
 - (iii) if it is a U.S. person, it is acquiring the Notes in bearer form for purposes of resale in connection with their original issuance and, if it retains Notes in bearer form for its own account, it will only do so in accordance with the requirements of United States Treasury Regulations §1.163-5(c)(2)(i)(D)(6) (or successor provisions);
 - (iv) with respect to each affiliate (if any) that acquires from such Dealer Notes in bearer form for the purposes of offering or selling such Notes during the restricted period, such Dealer either repeats and confirms the representations, undertakings and agreements contained in sub-clauses (i), (ii) and (iii) above on such affiliate's behalf or agrees that it will obtain from such affiliate for the benefit of the Issuer the representations, undertakings and agreements contained in such sub-clauses (i), (ii) and (iii); and
 - (v) shall obtain for the benefit of the Issuer and each Manager specified in the Final Terms the representations, undertakings and agreements contained in sub-clauses (i), (ii), (iii), (iv) and this sub-clause (v) of this paragraph from any person other than its affiliate or such other Manager with whom it enters into a written contract, (a "**distributor**" as defined in United States Treasury Regulations §1.163-5(c)(2)(i)(D)(4) (or successor provisions)), for the offer or sale during the restricted period of the Notes in bearer form.
- (B) Where TEFRA D in accordance with usual Swiss market practice is specified in the relevant Final Terms as being applicable in relation to any Tranche of Notes, each Dealer will be required to represent, undertake and agree (and each additional Dealer appointed under the Programme will be required to represent, undertake and agree) as provided in paragraph (A) above and additionally that, to the extent that such Dealer has been allocated Notes on the Issue Date and sells such Notes during the restricted period:
- (i) it will use reasonable efforts to sell the Notes within Switzerland;
 - (ii) it represents that it maintains an office in Switzerland; and
 - (iii) the representations, agreements and undertakings provided in paragraphs (iv) and (v) in paragraph (A) above are amended to include the representations, agreements and undertakings in paragraphs (i) and (ii) of this paragraph (B).
- (C) In addition, where TEFRA C is specified in the relevant Final Terms as being applicable in relation to any Tranche of Notes, such Notes must in their original issuance, be issued and delivered outside the United States and its possessions and, accordingly, each Dealer will be required to represent, undertake and agree (and each additional Dealer will be required to represent, undertake and agree) that, in connection with the original issuance of the Notes:
- (i) it has not offered, sold or delivered, and will not offer, sell or deliver, directly or indirectly, any Notes in bearer form within the United States or its possessions; and
 - (ii) it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if either such purchaser or such Dealer is within the United States

or its possessions and will not otherwise involve the United States office of such Dealer in the offer and sale of Notes in bearer form.

Terms used in sub-clauses (A), (B) and (C) have the meanings given to them by the Code and the regulations thereunder.

Unless otherwise provided in the relevant Final Terms, each purchaser and subsequent transferee of a Note (or an interest therein) will be deemed to have represented, warranted and agreed, by its acquisition and holding of such a Note (or an interest therein), that either (i) it is not (and for so long as it holds such a Note (or an interest therein) will not be) acting on behalf of a Benefit Plan Investor or a Similar Plan that is subject to any Similar Law or (ii) its acquisition, holding and disposition of such a Note (or an interest therein) will not result in or constitute a non-exempt prohibited transaction or a violation of any Similar Law.

Moreover, unless otherwise provided in the Final Terms, each purchaser and subsequent transferee of a Note (or an interest therein), that is a Benefit Plan Investor will be deemed to have represented, warranted and agreed, by its acquisition and holding of such a Note (or an interest therein), that (X) none of the Transaction Parties has provided any investment recommendation or investment advice to the Benefit Plan Investor, or Plan Fiduciary, on which either the Benefit Plan Investor or Plan Fiduciary has relied in connection with the decision to acquire such a Note (or an interest therein), (Y) the Transaction Parties are not otherwise undertaking to act as a "fiduciary" as that term is defined in Section 3(21) of ERISA or Section 4975(e)(3) of the Code, to the Benefit Plan Investor or Plan Fiduciary in connection with the Benefit Plan Investor's acquisition of such a Note (or an interest therein) and (Z) the Plan Fiduciary is exercising its own independent judgment in evaluating the transaction.

Any purported transfer of such a Note (or an interest therein) that does not comply with these requirements above shall be null and void *ab initio*. There can be no assurance that these representations and warranties will be effective to prevent prohibited transactions from occurring or property of the Issuer from being treated as "plan assets" for purposes of Title I of ERISA or Section 4975 of the Code as a result of Benefit Plan Investors holding the Notes (or an interest therein).

Each Series of Notes will also be subject to such further United States selling restrictions as the Issuer and the relevant Dealer(s) may agree and as indicated in the relevant Final Terms.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS

If the relevant Final Terms in respect of any Notes specifies "Prohibition of Sales to EEA Retail Investors" as "Applicable" and includes a legend entitled "Prohibition of Sales to EEA Retail Investors", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus/Base Listing Particulars as completed by the relevant Final Terms in relation thereto to any retail investor in the EEA. For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (ii) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (b) the expression an "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

PUBLIC OFFER SELLING RESTRICTION UNDER THE PROSPECTUS REGULATION

If the relevant Final Terms in respect of any Notes specifies "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", in relation to each member state of the EEA, each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus/Base Listing Particulars as completed by the Final Terms in relation thereto to the public in that member state except that it may make an offer of such Notes to the public in that member state:

- (a) if the Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 1(4) of the Prospectus Regulation in that member state (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Member State or, where appropriate, approved in another member state and notified to the competent authority in that member state, **provided that** any such prospectus which is not a Drawdown Prospectus has subsequently been completed by the Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Regulation, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any member state means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

PROHIBITION OF SALES TO UK RETAIL INVESTORS

If the relevant Final Terms in respect of any Notes specifies "Prohibition of Sales to UK Retail Investors" as "Applicable" and includes a legend entitled "Prohibition of Sales to UK Retail Investors", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available such Notes to any retail investor in the UK. For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:

- (b) the expression an "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

If the relevant Final Terms in respect of any Notes specifies "Prohibition of Sales to UK Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of such Notes to the public in the UK except that it may make an offer of such Notes to the public in the UK:

- (c) if the Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to section 86 of the FSMA (a "**Public Offer**"), following the date of publication of a prospectus in relation to such Notes which either (i) has been approved by the FCA, or (ii) is to be treated as if it had been approved by the FCA in accordance with the transitional provision in Regulation 74 of the Prospectus (Amendment etc.) (EU Exit) Regulations 2019, **provided that** any such prospectus has subsequently been completed by final terms contemplating such Public Offer, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable, and the Issuer has consented in writing to its use for the purpose of that Public Offer;
- (d) at any time to any legal entity which is a qualified investor as defined in Article 2 of the UK Prospectus Regulation;
- (e) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in Article 2 of the UK Prospectus Regulation) in the UK subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (f) at any time in any other circumstances falling within section 86 of the FSMA,

provided that no such offer of Notes referred to in (b) to (f) above shall require the Issuer or any Dealer to publish a prospectus pursuant to section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision, the expression "**an offer of Notes to the public**" in relation to any Notes means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes and the expression "**UK Prospectus Regulation**" means Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA.

- (b) *General Compliance*: it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

SELLING RESTRICTIONS ADDRESSING ADDITIONAL NETHERLANDS SECURITIES LAWS

Zero Coupon Notes (as defined below) in definitive form may only be transferred and accepted, directly or indirectly, within, from or into The Netherlands through the mediation of either the Issuer or a member firm of Euronext Amsterdam N.V. admitted on one or more of the markets or systems held or operated by Euronext Amsterdam N.V., in full compliance with the Dutch Savings Certificates Act (*Wet inzake spaarbewijzen*) of 21 May 1985 (as amended) and its implementing regulations.

AUSTRALIA

No prospectus or other disclosure document (as defined in the Corporations Act 2001 of Australia (the "**Corporations Act**")) in relation to the Programme or the Notes has been (or will be) lodged with, or registered by, the Australian Securities and Investments Commission ("**ASIC**"). Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, unless the relevant Final Terms (or another relevant supplement to this Base Prospectus/Base Listing Particulars) otherwise provides, it:

- (a) has not offered or invited applications, and will not offer or invite applications, for the issue, sale or purchase of the Notes (or an interest in them) in, or into Australia (including an offer or invitation which is received by a person in Australia); and
- (b) has not distributed or published, and will not distribute or publish, this Base Prospectus/Base Listing Particulars or any other offering material or advertisement relating to the Notes (or an interest in them) in Australia,

unless (i) the aggregate consideration payable by each offeree is at least A\$500,000 (or the equivalent in another currency, in either case, disregarding monies lent by the offeror or its associates) or the offer or invitation otherwise does not require disclosure to investors in accordance with Part 6D.2 or 7.9 of the Corporations Act, (ii) such action complies with all applicable laws, regulations and directives and does not require any document to be lodged with ASIC or any other regulatory authority in Australia, and (iii) the offer or invitation is not made to a person who is a "retail client" within the meaning of section 761G of the Corporations Act.

In addition, and unless the relevant Final Terms otherwise provide, each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that, in connection with the primary distribution of Notes issued by UBS AG Australia Branch, it will not offer or sell such Notes to any person if, at the time of such sale, the officers and employees of the Dealer aware of, or involved in, the sale know or have reasonable grounds to suspect that, as a result of such sale, any such Notes, or an interest in any such Notes, were being, or would later be, acquired (directly or indirectly) by an "associate" of UBS AG within the meaning of section 128F(9) of the Australian Tax Act and associated regulations and, where applicable, any replacement legislation including, but not limited to, the Income Tax Assessment Act 1997 of Australia, except as permitted by section 128F(5) of the Australian Tax Act.

Section 708(19) of the Corporations Act provides that an offer of debentures for issue or sale does not need disclosure to investors in accordance with Part 6D.2 of the Corporations Act if the Issuer is an ADI. As at the date of this Base Prospectus/Base Listing Particulars, UBS AG Australia Branch is licensed by the Australian Prudential Regulation Authority as a foreign ADI.

2. **EXCHANGE OF INTERESTS IN REGISTERED GLOBAL NOTES FOR REGISTERED DEFINITIVE NOTES**

Beneficial interests in a Restricted Global Note will be exchangeable for Restricted Definitive Notes: (i) if DTC notifies the Issuer that it is no longer willing or able to discharge properly its responsibilities as depositary with respect to the relevant Restricted Global Note or ceases to be a "clearing agency" registered under the Exchange Act, or is at any time no longer eligible to act as such, and the Issuer is unable to locate a qualified successor within 90 days of receiving notice of such ineligibility on the part of such depositary; or (ii) if the Issuer, at its option, elects to terminate the book-entry system through DTC; or (iii) if Euroclear or Clearstream Luxembourg or Clearstream Frankfurt is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or (iv) if an event of default occurs as set out in Condition 11 (*Events of Default*); or (v) if so specified in the relevant Final Terms, if the holder of the relevant Restricted Global Note requests that such interest be exchanged for Restricted Definitive Notes in the relevant form.

In such circumstances, the Issuer shall procure the delivery of Unrestricted Definitive Notes in exchange for the Unrestricted Global Notes and/or Restricted Definitive Notes in exchange for the Restricted Global Notes, as the case may be. A person having an interest in a Registered Global Note must provide the relevant Registrar with (i) a written order containing instructions and such other information as the Issuer and the relevant Registrar may require to complete, execute and deliver such Registered Definitive Notes and (ii) in the case of the Restricted Global Note only, a fully completed, signed certification substantially to the effect that the exchanging holder is not transferring its interest at the time of such exchange or, in the case of simultaneous sale pursuant to Rule 144A, a certification that the transfer is being made in compliance with the provisions of Rule 144A. Restricted Definitive Notes issued in exchange for a beneficial interest in the Restricted Global Note shall bear the legends applicable to transfers pursuant to Rule 144A, as set out under "*Transfer Restrictions*".

GENERAL INFORMATION

1. The establishment of the Programme was authorised by resolutions of the Board of Directors of the Issuer passed on 24 June 1998. The 2015 annual update of the Programme and subsequent annual updates of the Programme were authorised by the Group Treasurer of the Issuer on 19 June 2015. The Issuer has obtained or will obtain from time to time all necessary consents, approvals and authorisations in connection with the issue and performance of the Notes.
2. Application has been made to Euronext Dublin for Notes issued under the Programme during the 12 months from the date of this Base Prospectus or the Base Listing Particulars (as applicable) to be admitted to the official list of Euronext Dublin and trading on its regulated market and its Global Exchange Market. The regulated market of Euronext Dublin is a regulated market for the purposes of MiFID II. It is expected that each Series of Notes which is to be admitted to Euronext Dublin will be admitted separately as and when it is issued, subject only to the issue of the relevant Notes (in Bearer or Registered form and in global or definitive form).

It is further expected that the admission of Notes issued under the Programme to trading on the Luxembourg Stock Exchange's regulated market will be granted after the Central Bank has provided the CSSF with a certificate of approval attesting that this Base Prospectus has been drawn up in accordance with the Prospectus Regulation. Prior to the listing of any Notes, the constitutional documents of the Issuer and the legal notice relating to the issue were registered with the *Registre de Commerce et des Sociétés à Luxembourg* where copies of these documents may be obtained upon request. It is further expected that the admission of Notes, issued under the Programme to trading on the Luxembourg Stock Exchange's Euro MTF Market, will be granted.

It is further expected that this Base Prospectus (together with any supplements hereto), together with evidence of the Central Bank Approval, will be filed with a Swiss Review Body for automatic recognition as an approved base prospectus (within the meaning of article 45 of the FinSA) in accordance with article 54(2) of the FinSA. In connection with any such filing, such Swiss Review Body will not review or approve this Base Prospectus (as so supplemented) or any subsequently published supplements hereto. Once this Base Prospectus (together with any supplements hereto) has been so filed and published in accordance with the FinSA, this Base Prospectus (together with any supplements hereto published from time to time, which supplements, once approved by the Central Bank, will be filed with the Swiss Review Body and published in accordance with the FinSA) may be used, subject to any other applicable requirements under the FinSA or the FinSO for any public offering of Notes in Switzerland and/or application for the admission to trading of Notes on the SIX Swiss Exchange or any other trading venue (exchange or multilateral trading facility) in Switzerland. In such case, the relevant Final Terms will be filed with the Swiss Review Body and published in accordance with the FinSA. The Central Bank is not the competent authority and will neither approve nor review the Final Terms in respect of such Notes. The Issuer will, at its specified offices in Switzerland, provide, free of charge, upon the oral or written request, a copy of any such Final Terms. The Final Terms for any such Notes will not be reviewed or approved by such Swiss Review Body. In the case of any Notes to be admitted to trading and listed on the SIX Swiss Exchange, UBS AG will act as listing agent on its own behalf.

3. The Issuer has undertaken, in connection with the admission to trading of the Notes, that if while the Notes are outstanding and admitted to listing on the official list and to trading on the regulated market of the Luxembourg Stock Exchange and/or the Euro MTF Market of the Luxembourg Stock Exchange and/or listed on the official list and admitted to trading on the Regulated Market and/or the Global Exchange Market of Euronext Dublin there shall occur any significant new factor which is not reflected in this Base Prospectus/Base Listing Particulars (or any supplements thereto or any of the documents incorporated by reference in this Base Prospectus/Base Listing Particulars) and/or there shall be any material mistake or inaccuracy relating to the information included in this Base Prospectus/Base Listing Particulars (or any supplements thereto or any of the documents incorporated by reference in this Base Prospectus/Base Listing Particulars), in each case which is capable of affecting the assessment of the Notes, the Issuer will prepare or procure the preparation of any amendment or supplement to this Base Prospectus/Base Listing Particulars or, as the case may be, publish a new Base Prospectus/Base Listing Particulars for use in connection with any subsequent offering by the Issuer of Notes to be admitted to trading on the regulated market of the Luxembourg Stock Exchange and/or the Euro MTF Market of the Luxembourg Stock Exchange and/or to trading on the Regulated Market and/or the Global Exchange Market of Euronext Dublin.

For the avoidance of doubt, unless specifically incorporated by reference into this Base Prospectus/Base Listing Particulars, information contained on the website does not form part of this Base Prospectus/Base Listing Particulars.

Copies of this Base Prospectus/Base Listing Particulars (including the documents incorporated by reference herein and any supplements hereto) and the Final Terms for any Tranche of Notes that are publicly offered in Switzerland and/or with respect to which application will be or has been made to admit such Notes to trading on the SIX Swiss Exchange can be obtained in electronic or printed form, free of charge, during usual business hours on any weekday (Saturdays, Sundays and public holidays excepted), from the registered office of the Issuer.

10. Notes will be issued in such denominations as may be specified in the relevant Final Terms, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.
11. Notes which may be listed on the Regulated Market and/or admitted to trading on the regulated market of the Luxembourg Stock Exchange and/or admitted to trading on a "regulated market" (for the purposes of MiFID II) situated or operating in a member state of the European Union may not (a) have a minimum denomination of less than €1,000 (or nearly equivalent in another currency), or (b) carry the right to acquire shares (or transferable securities equivalent to shares) issued by the Issuer or by any entity to whose group the Issuer belongs. Subject thereto, Notes will be issued in such denominations as may be specified in the relevant Final Terms, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements. Notes in registered form sold pursuant to Rule 144A shall be issued in denominations of at least US\$100,000 (or its equivalent in any other currency rounded upwards as specified in the relevant Final Terms) and higher integral multiples of at least US\$1,000 (or its equivalent as aforesaid).
12. In addition to the applications already described in this Base Prospectus, the Issuer may, on or after the date of this Base Prospectus, make applications for one or more further certificates of approval under the Prospectus Regulation as implemented in Ireland to be issued by the Central Bank of Ireland to the competent authority in any Member State.
13. The Notes have been accepted for clearance through Euroclear and Clearstream Luxembourg. The address of Euroclear is 3 Boulevard de Roi Albert II, B.1210 Brussels, Belgium, and the address of Clearstream, Luxembourg is 42, Avenue J.F. Kennedy, L-1855 Luxembourg. The appropriate Common Code, International Securities Identification Number (ISIN), CUSIP, Financial International Short Name (FISN), Classification of Financial Instruments (CFI) code or VPS identification number (as applicable) in relation to the Instruments of each Series will be contained in the Final Terms relating thereto.
14. In the case of Bearer Notes (other than Bearer SIS Notes) in global form, held in a clearing system, investors will have certain direct rights of enforcement against the Issuer in the event of such global note becoming void ("**Direct Rights**"). The Direct Rights are contained in a Deed of Covenant executed by the Issuer, copies of which are available for inspection during normal business hours at the office of the relevant Agent.
15. Regulations in Australia restrict or prohibit payments, transactions and dealings with assets having a prescribed connection with certain countries or named individuals or entities subject to international sanctions or associated with terrorism.
16. There are no material contracts having been entered into outside the ordinary course of the Issuer's business, and which could result in any member of the UBS AG Group being under an obligation or entitlement that is material to the Issuer's ability to meet its obligations to Noteholders.
17. Except as provided in the relevant Final Terms, no expenses will be chargeable by the relevant Issuer to a Noteholder in connection with any offer of Notes. Any expenses chargeable by an Authorised Offeror to an Investor shall be charged in accordance with any contractual arrangements agreed between the Investor and such Authorised Offeror at the time of the relevant offer.
18. Notes may be issued at any price and on a fully paid basis, as specified in the relevant Final Terms. The price and amount of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions. In the case of different Tranches of a Series of Notes, the issue price may include accrued interest in respect of the period from the interest commencement date of the relevant Tranche (which may be the issue date of the first Tranche of the Series or, if interest payment dates have already passed, the most recent interest payment date in respect of the Series) to the issue date of the relevant Tranche.

19. The yield of each Tranche of Notes set out in the relevant Final Terms will be calculated as of the relevant issue date on an annual or semi-annual basis using the relevant issue price. It is not an indication of future yield.
20. Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer and its affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer and its affiliates consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments

21. Arthur Cox Listing Services Limited is acting solely in its capacity as Irish listing agent for the Issuer in connection with the Notes and is not itself seeking admission of the Notes to the official list or to trading on the Regulated Market for the purposes of the Prospectus Regulation or the Global Exchange Market of Euronext Dublin.
22. To the extent that any underwriter that is not U.S. registered broker-dealer intends to effect any offers or sales of any notes in the United States, it will do so through one or more U.S. registered broker-dealers in accordance with the applicable U.S. securities laws and regulations.
23. The language of this Base Prospectus/Base Listing Particulars is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.
24. The Legal Entity Identifier (LEI) code of UBS AG is BFM8T61CT2L1QCEMIK50.
25. This Base Prospectus/Base Listing Particulars is valid until 26 May 2023. For the avoidance of doubt, the Issuer shall have no obligation to supplement this Base Prospectus/Base Listing Particulars after the end of its 12-month validity period.
